## Chapter 7 - Resolutions

By TheWriteFiction

So that's everything  
that happened  
during the  
Tournament.

The very next day, somewhere in  
deep space...

Well done, Sandra. Keep  
up the great work and  
let me know of any  
changes.

Hmm... I see. So Bojack and his gang - the *Galactic Soldiers*- have been neutralized? Their invasion of Earth has been stopped...

And with no indigenous casualties?

Yes, sir. The sole survivor of the group, Zangya, has also been acquitted and cleared of all charges.

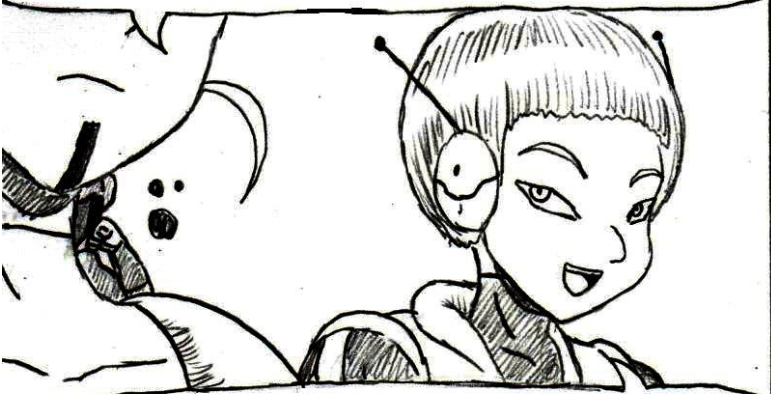

Her heroic actions during the battle and the information I was able to acquire has allowed me to determine she will no longer be a threat to the system. I make this decision based on my authority as a representative and agent of the Galactic Kingdom.

Understood.  
Special Agent  
Sandra, out.

Very well. Make sure to fill in document C26 recounting the events and send it off to headquarters for processing.

BEEP!

But thanks to the efforts of the local warriors and the protectors of Earth, Sandra was able to help bring down a black-listed planet buster and genocidal maniac.

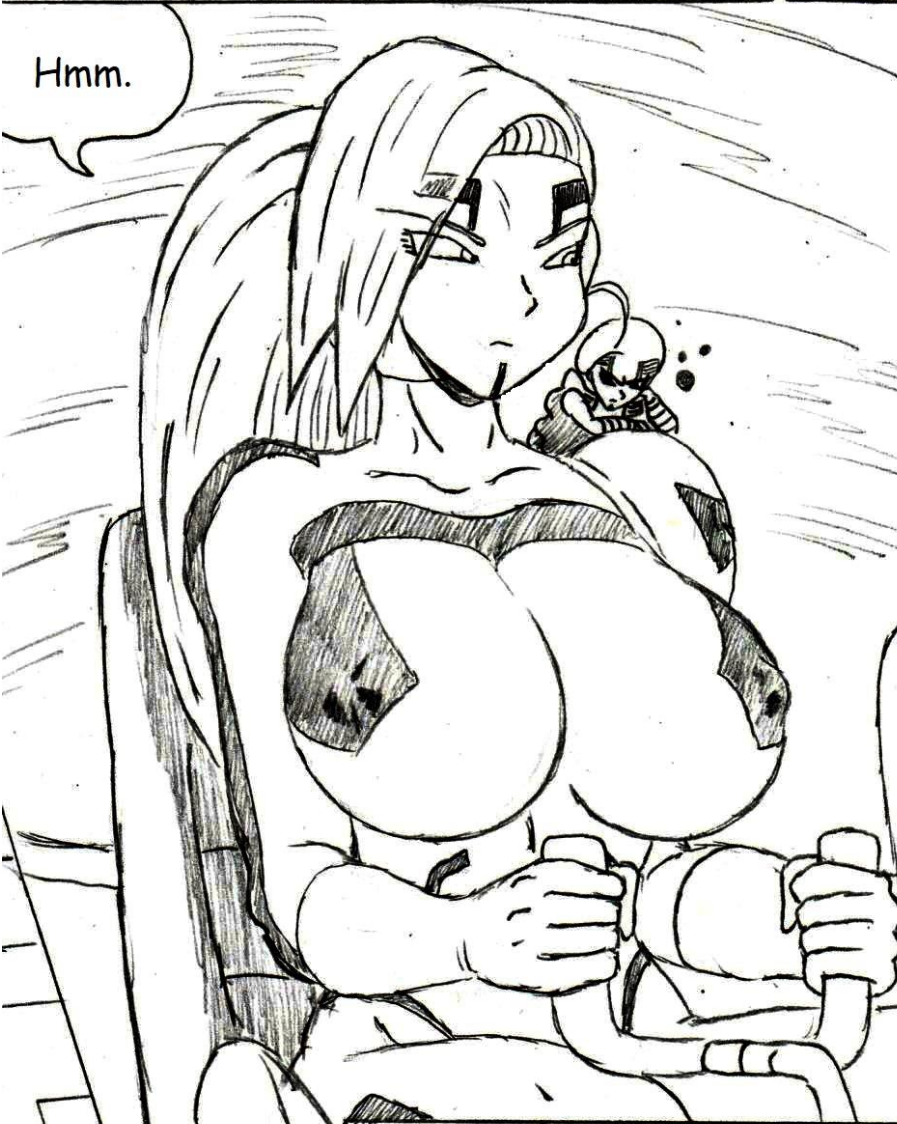

Even with my advanced skills, I wasn't able to beat him... and we had the universe's finest with us and the support of the Kais at the time.

Indeed. Honestly, I never thought I'd see the day.

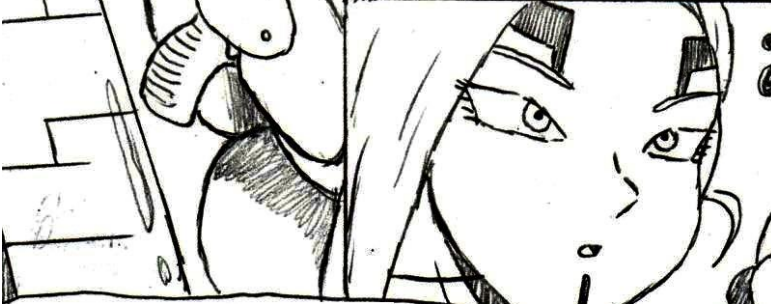

Did I hear that right? Bojack has finally been destroyed?

Hmm.

I believe one of your race's best members were there with us- General of the Tuffle Army Samantha Raichi. She was a superb warrior and tactician.

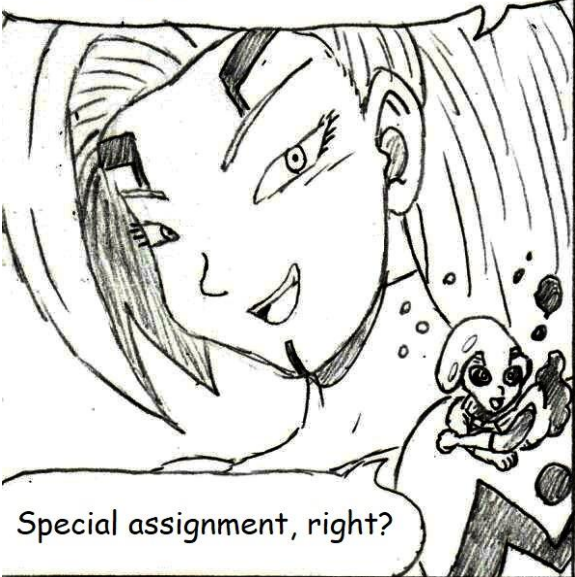

Father always had great judgement.

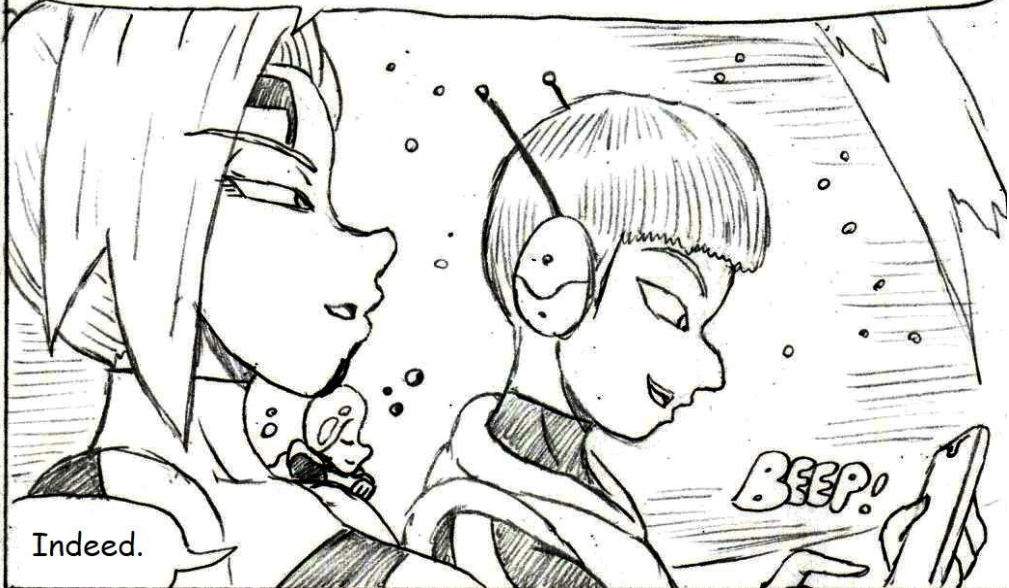

Well... that's to be expected of the Tuffle King's top commander. Right, former-Princess Baby?

So, remind me again why we're heading up to Galactic Prison.

Special assignment, right?

Well... now that Bojack's gone, I bet you can rest easy knowing that he will no longer be a threat to the universe.

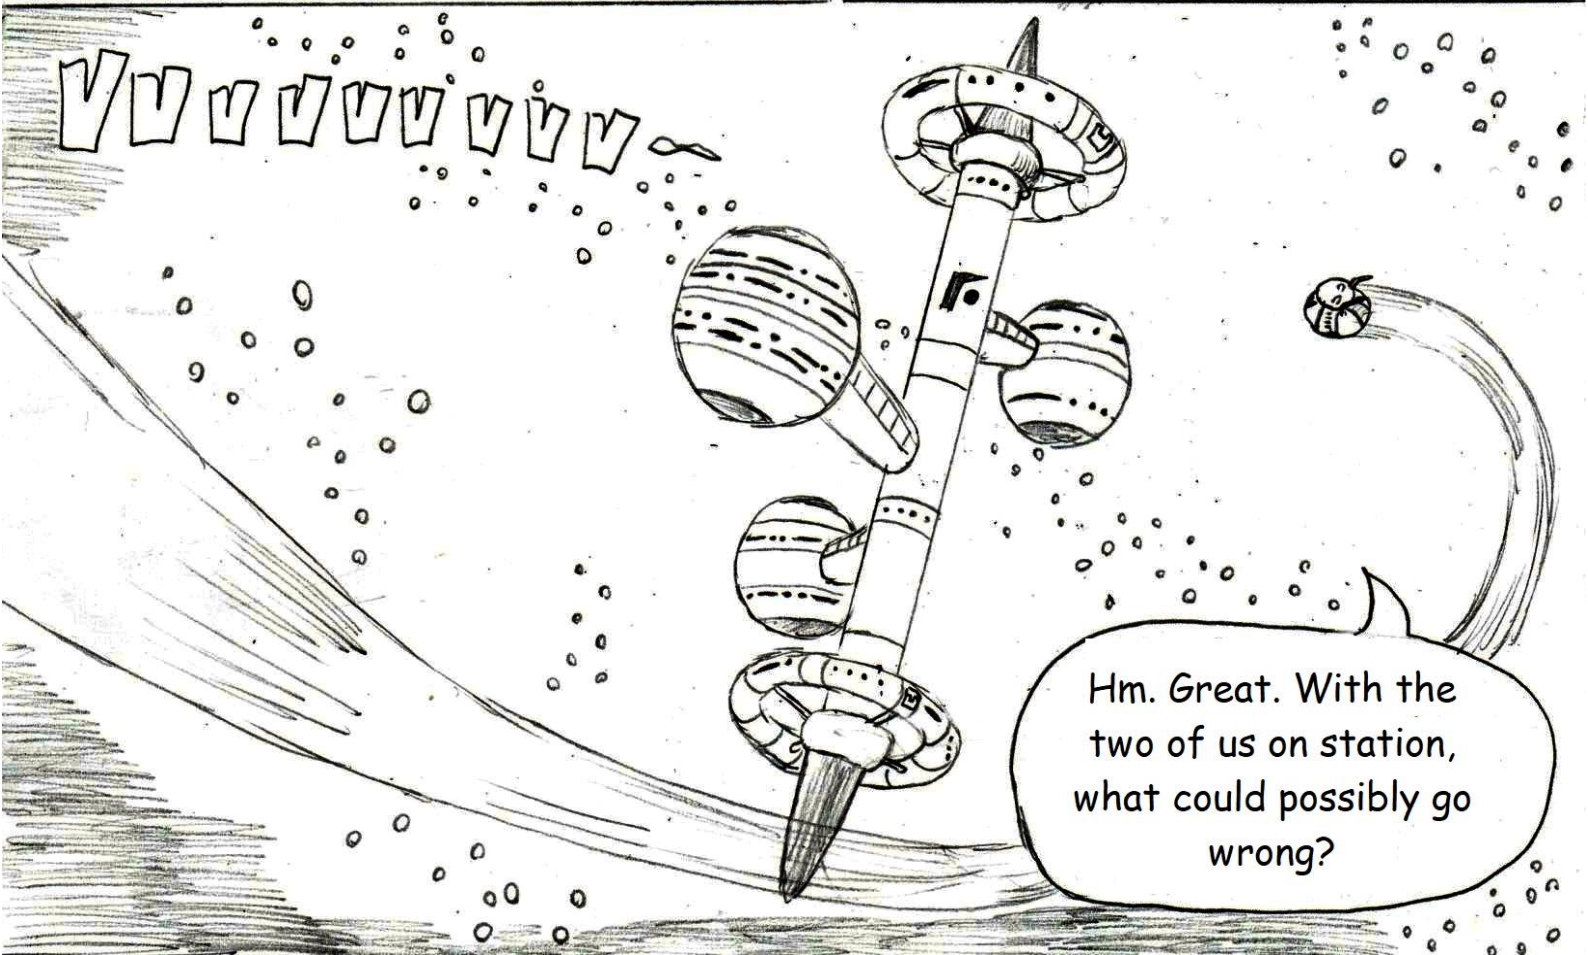

Indeed.

When they went over the names in the line up, they decided that the two of us were the most qualified to handle this mission. That's what the message said.

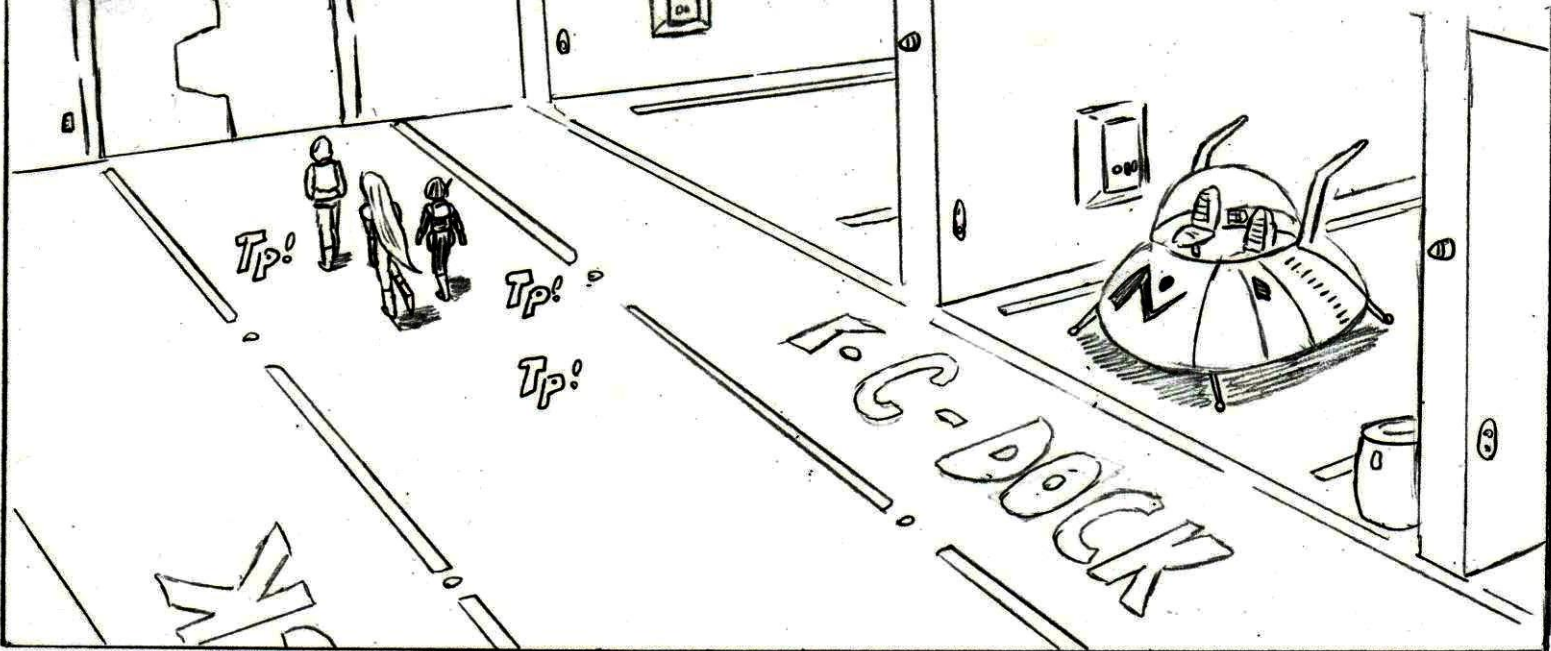

A load up and lock down assignment with extra dangerous perps as the packages for transport?

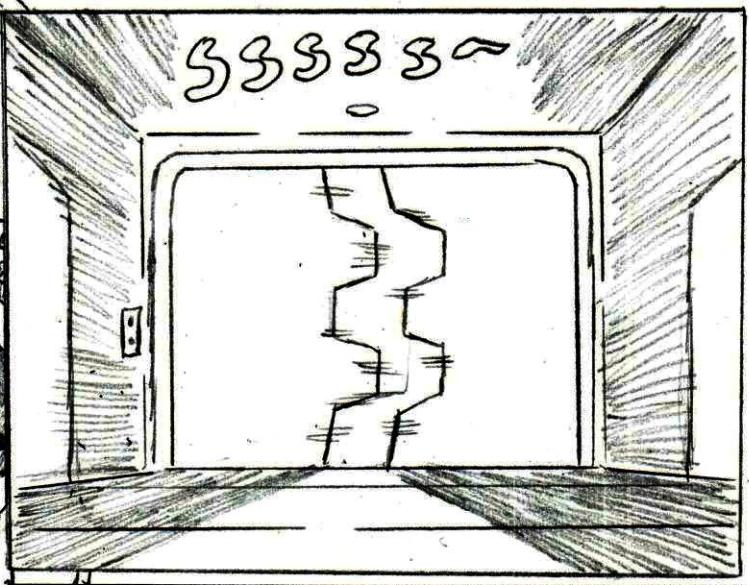

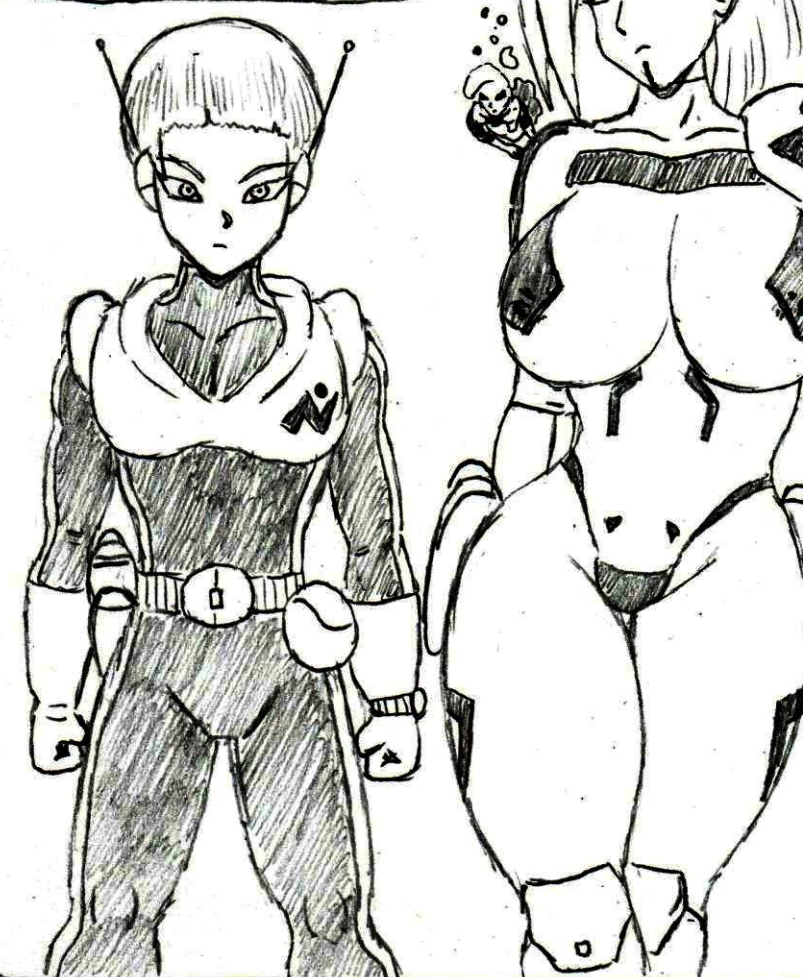

Yes. Headquarters has ordered us to oversee the preparation of prisoners for transport to a more secure facility. Top priority.

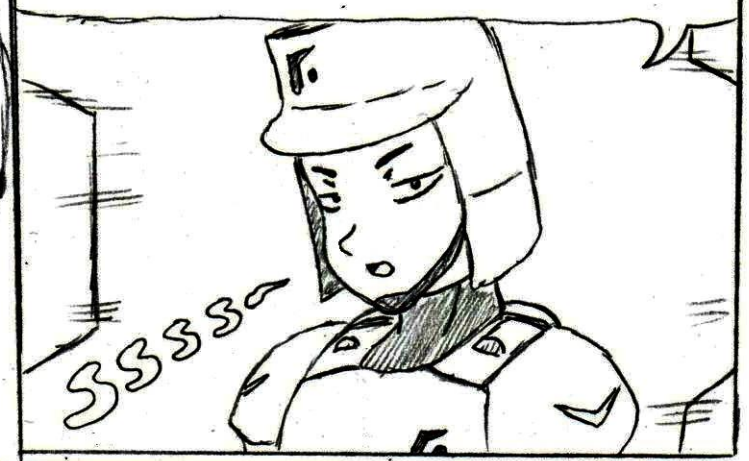

Hm. Great. With the two of us on station, what could possibly go wrong?

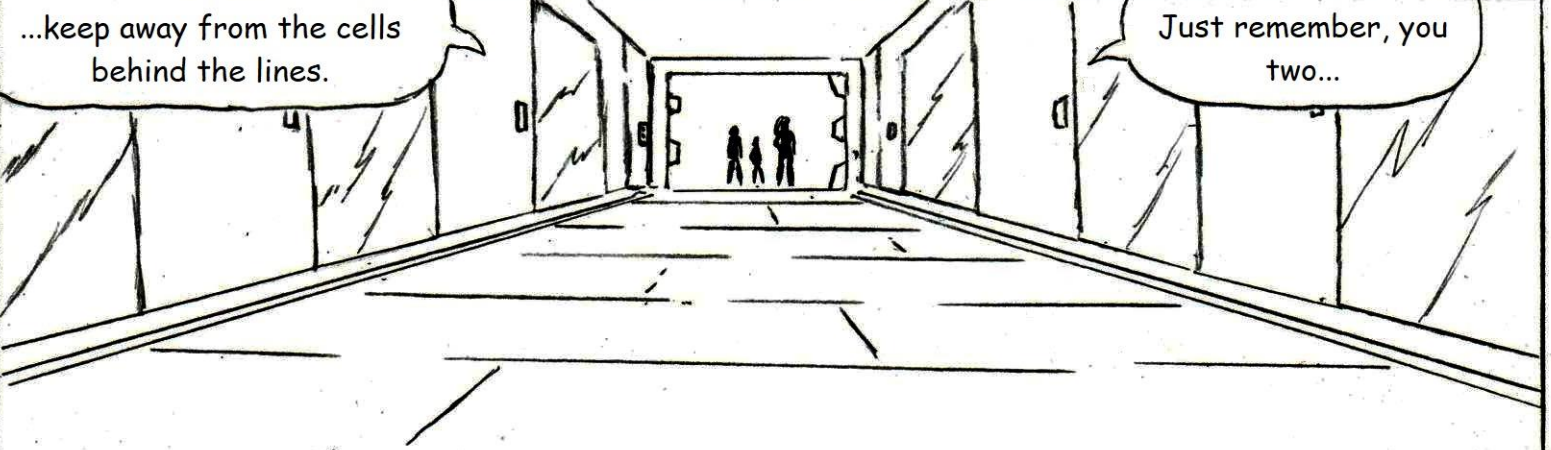

It's been a while since your last visit to this area, right Merus?

Welcome to Block-C's Isolation Ward, sirs.

...keep away from the cells behind the lines.

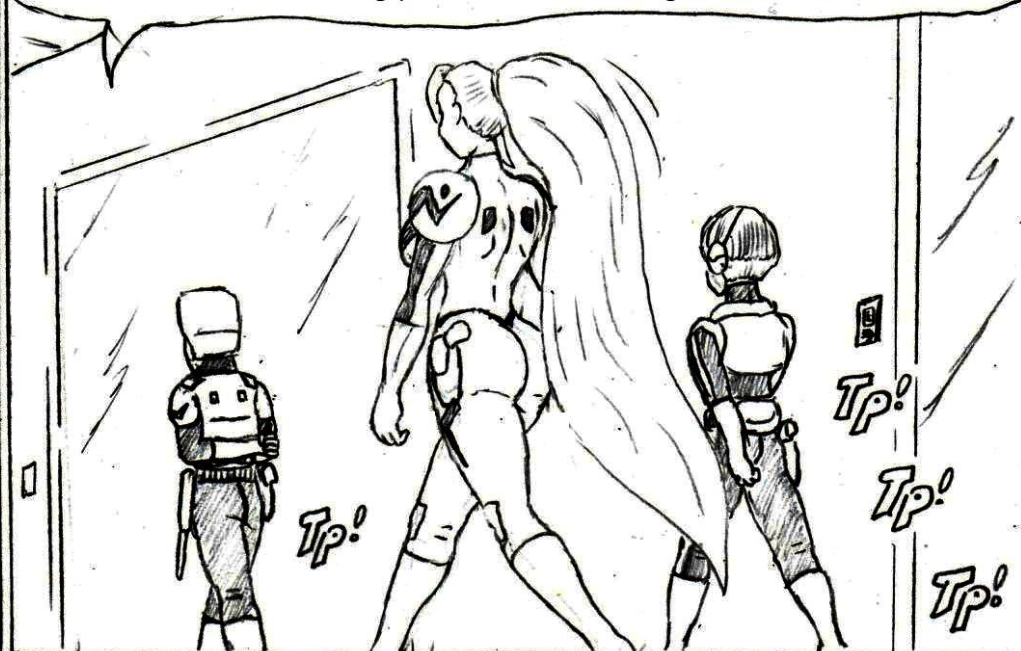

Just remember, you two...

Wow. Security is really tight on this level.

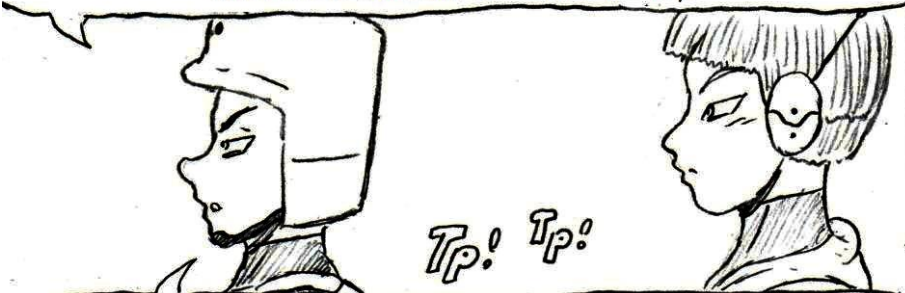

The air is so sterile.

The prisoners that are booked for transport are further in, towards the back. It was a long process, but we managed it, somehow.

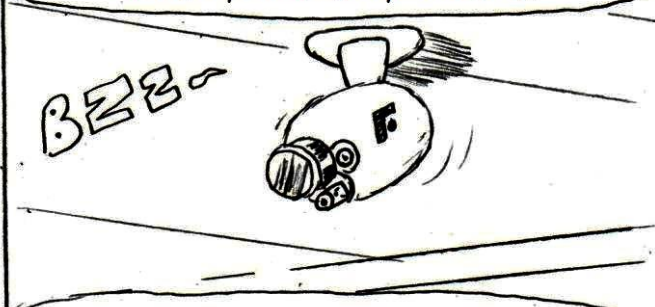

Considering the danger these prisoners present and the power at their disposal, we have spared no effort in making sure this ward was the most secure area in the entire facility.

But even with all these measures in place, I doubt they'd be enough to hold these individuals for an extended period- hence the transfer.

Armed cameras, lasers, atmosphere and gravity sensors and controls, chain alarm systems, ray shields...

On top of that, specially reinforced cells.

Whoa. That bad, huh?

I know it's a bit overwhelming. But don't worry, Baby. There is nothing for you to be scared of in here.

You see, the men and women interned in this block aren't the ordinary cretins you and your colleagues are used to dealing with.

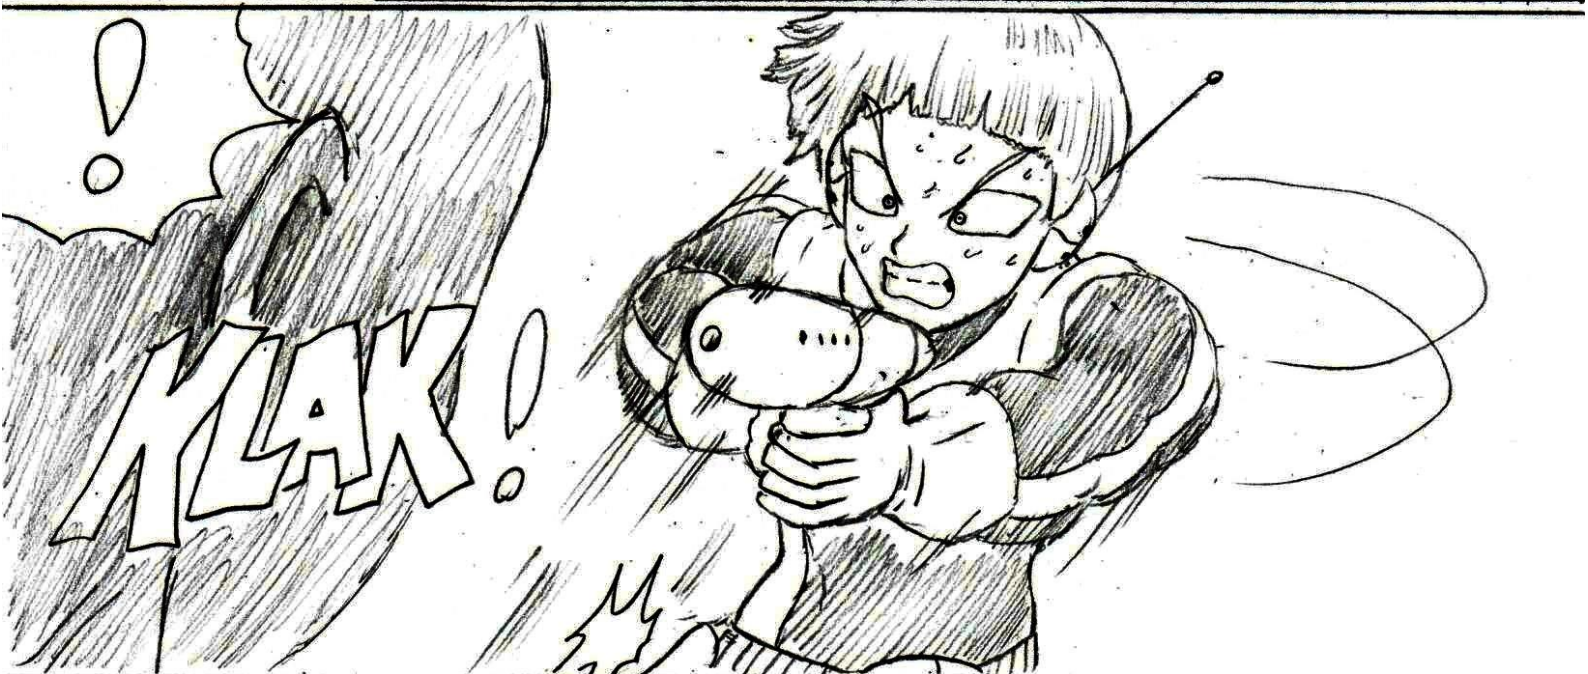

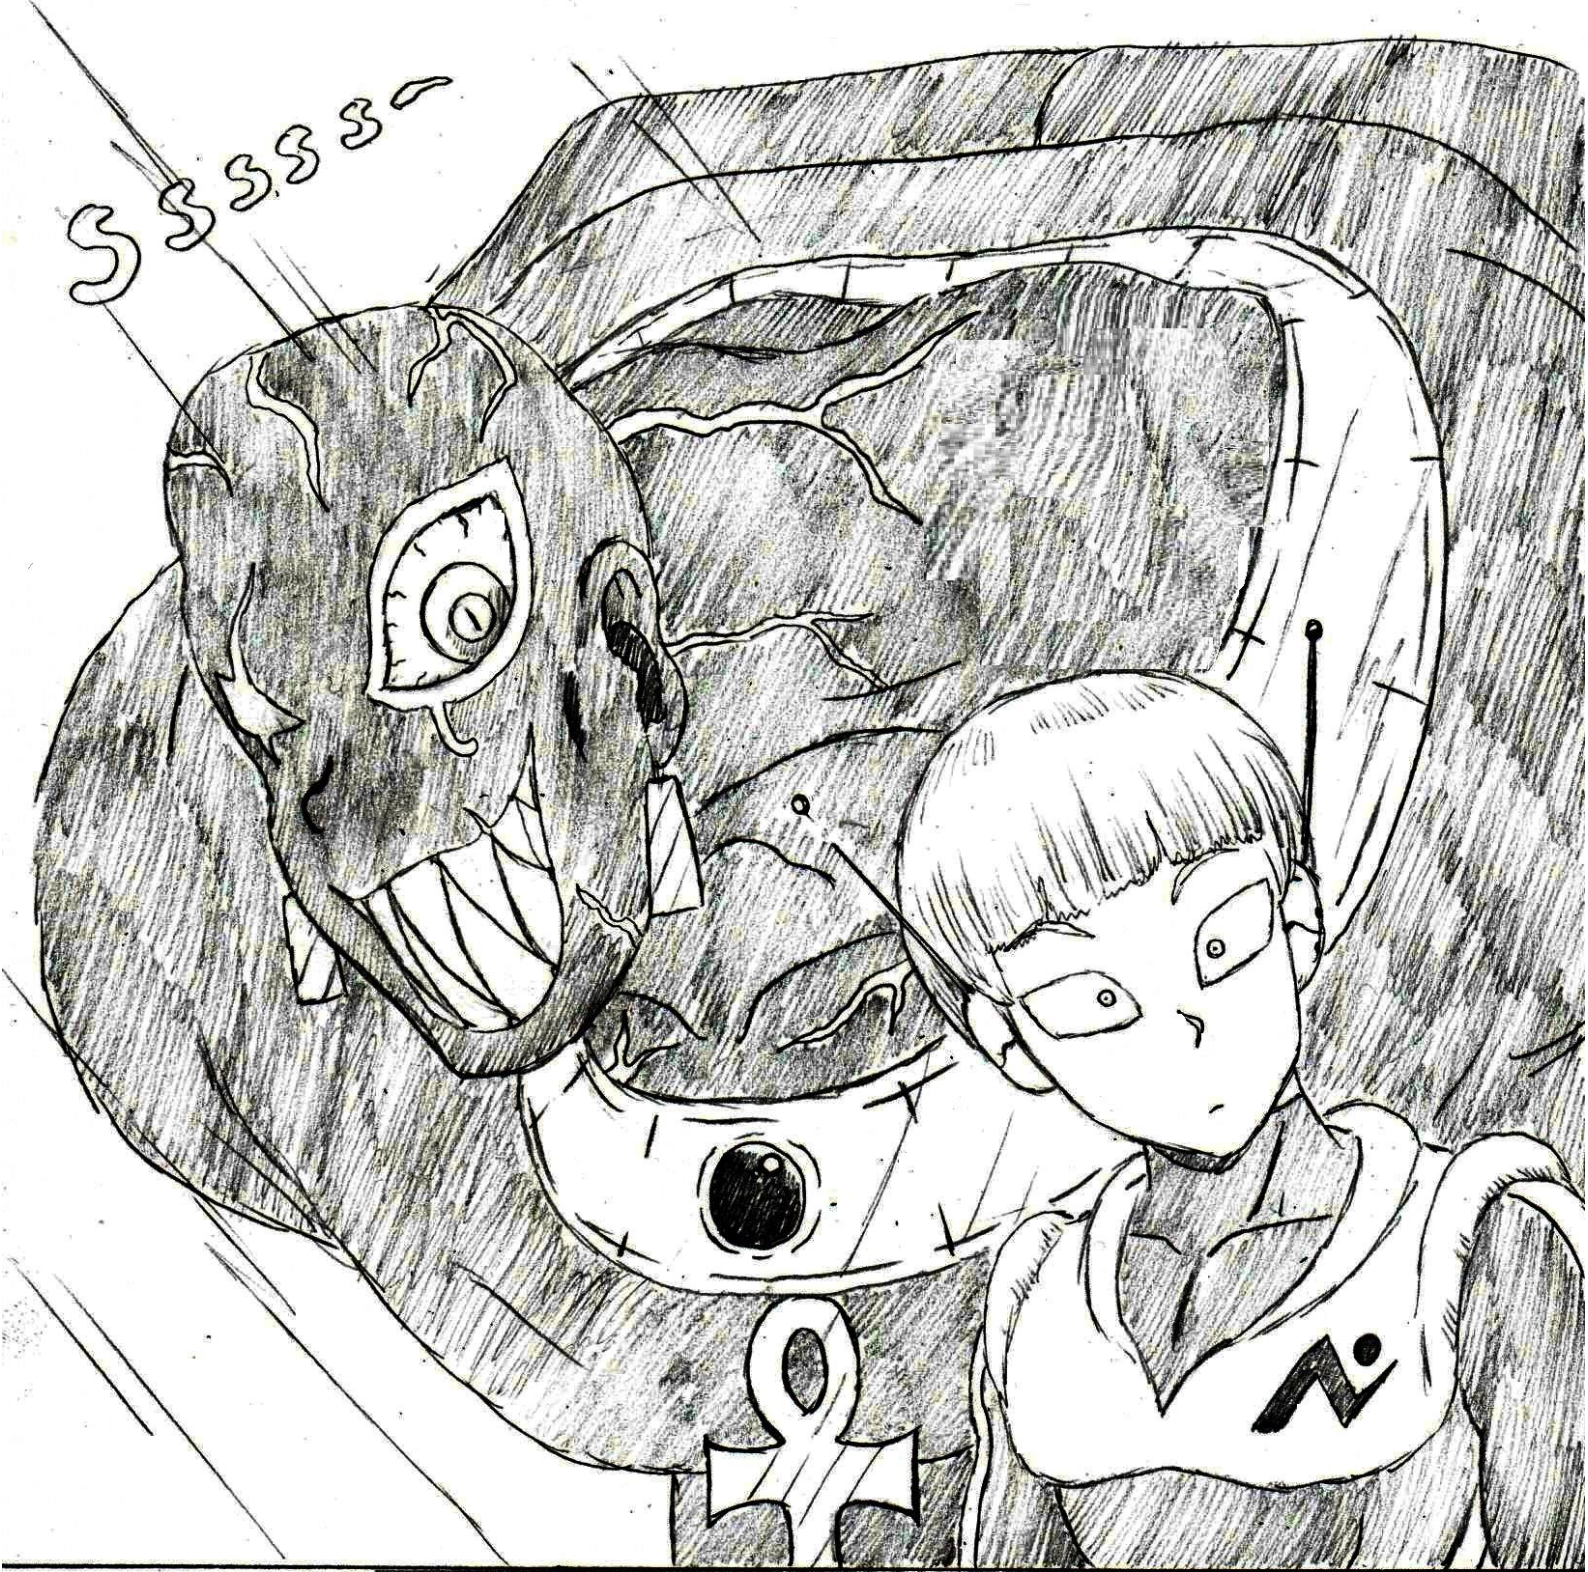

Not only are they incredibly powerful, to the point they can threaten to disrupt the balance of life in this universe, but they are beings that can and **have** brought trouble to the Gods. Even Lord Beerus himself.

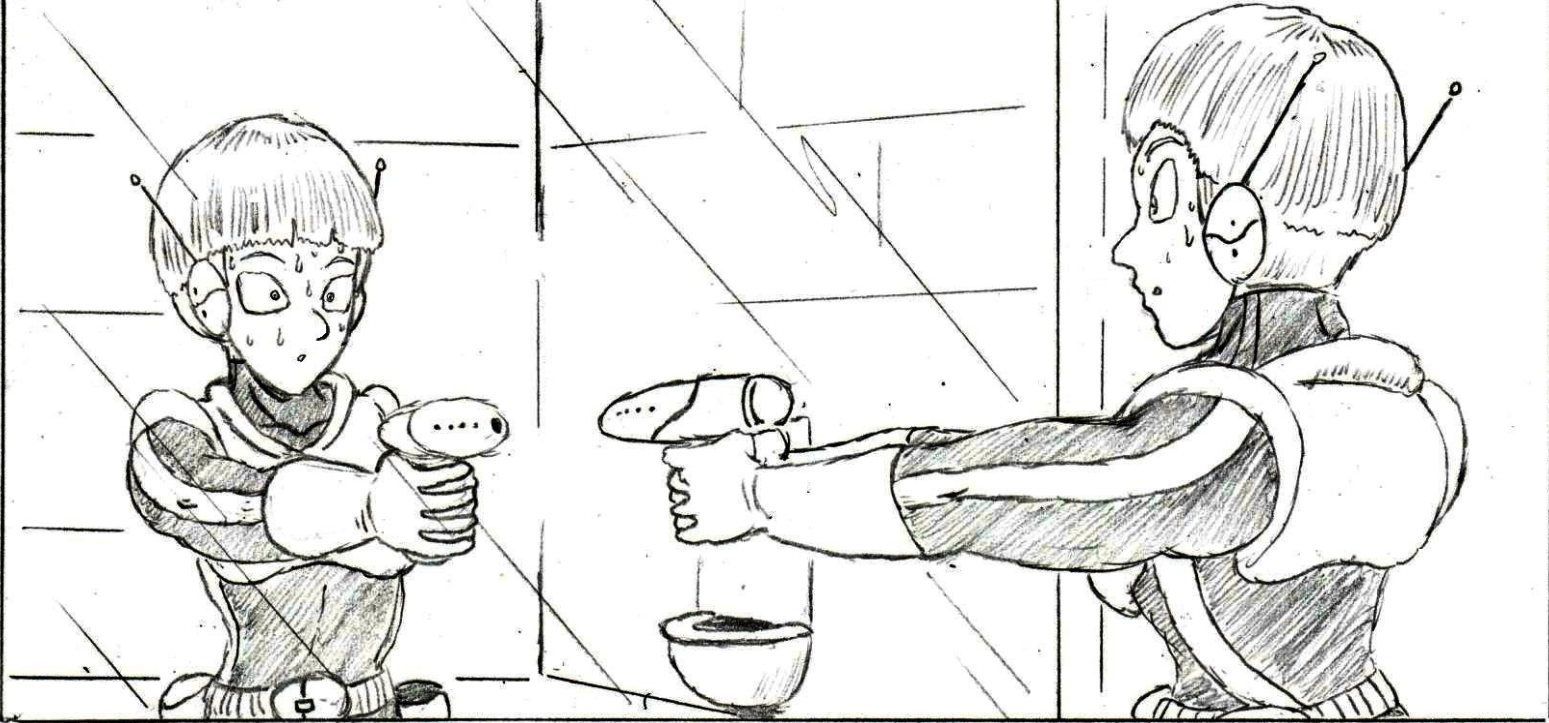

I'm familiar with the rest of this prison and its inmates. But I've never visited this level before. What kind of monsters require this level of security and holding to keep from getting out?

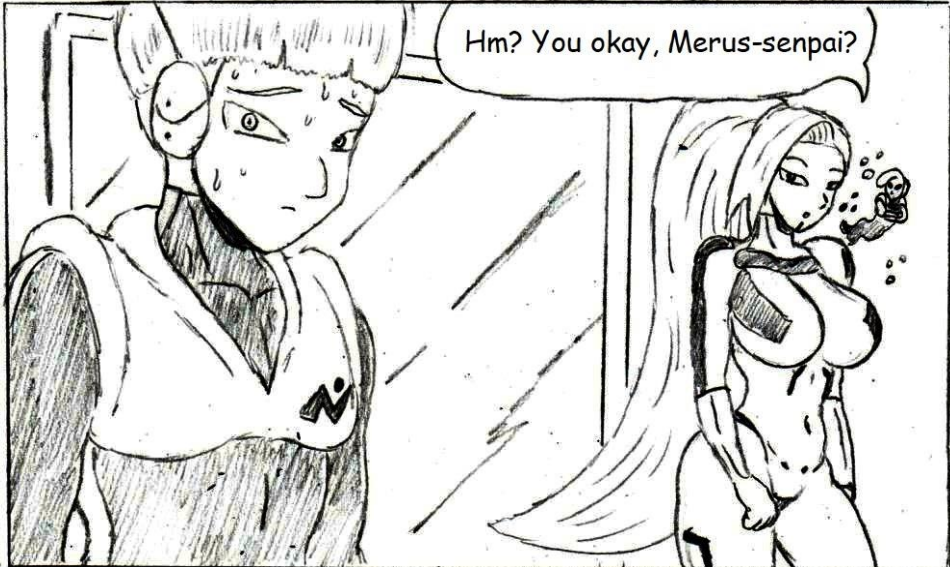

The worst kind.

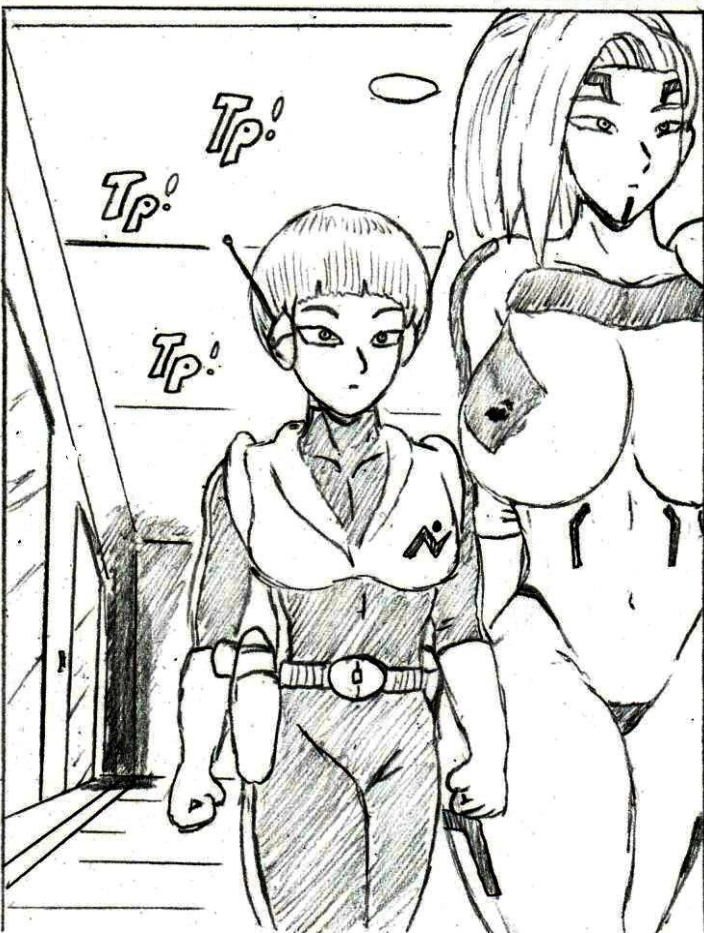

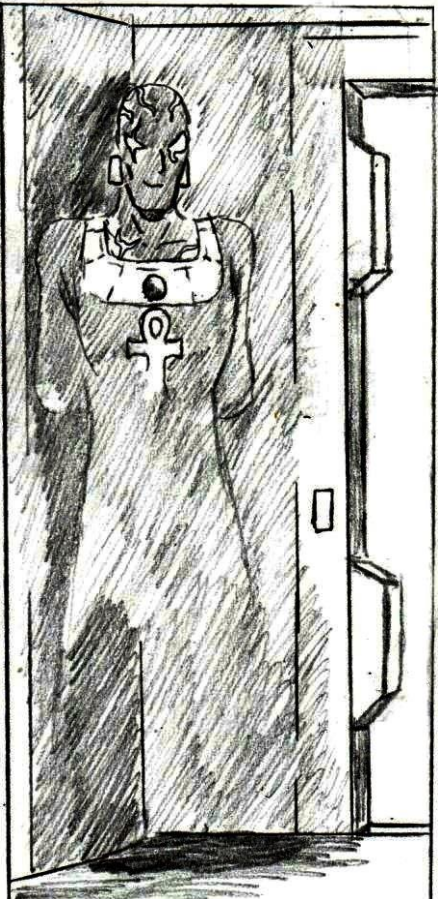

Y-Yeah. Guess I was just jumping at shadows.

Hm? You okay, Merus-senpai?

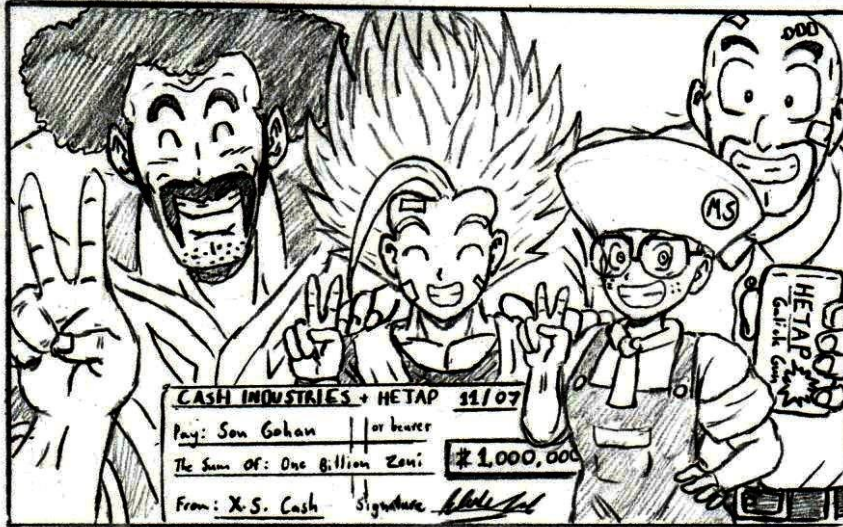

Fufu. This looks like it could be fun.

Mister Satan and Hetap Vice-President Nappa Rodriguez, along with X.S. Cash's son Monty, congratulate Son Gohan for winning the first place prize for the *Intergalactic Martial Arts Tournament*.

Meanwhile, back down on Earth...

The world's first *Intergalactic Martial Arts Tournament* came to an explosive and climactic end, when the young talent and newcomer to the martial arts scene, **Son Gohan**, defeated the reigning World Martial Arts Champion, **Mr. Satan**, in a brief but epic final round in this privately sponsored competition.

After fighting multiple rounds against the very best fighters the world had to offer, as well as facing off against a group of fierce alien challengers from deep space alongside a band of other unknown warriors and fellow contestants, the young fighter with the million zeni smile showed the world that

Well... it's great to finally see our boy get the recognition he deserves.

East City, Hospital.

You said it, man.

Speaking of... I wonder what happened to that girl who helped us out at the end and turned against her boss. Didn't she follow after Gohan?

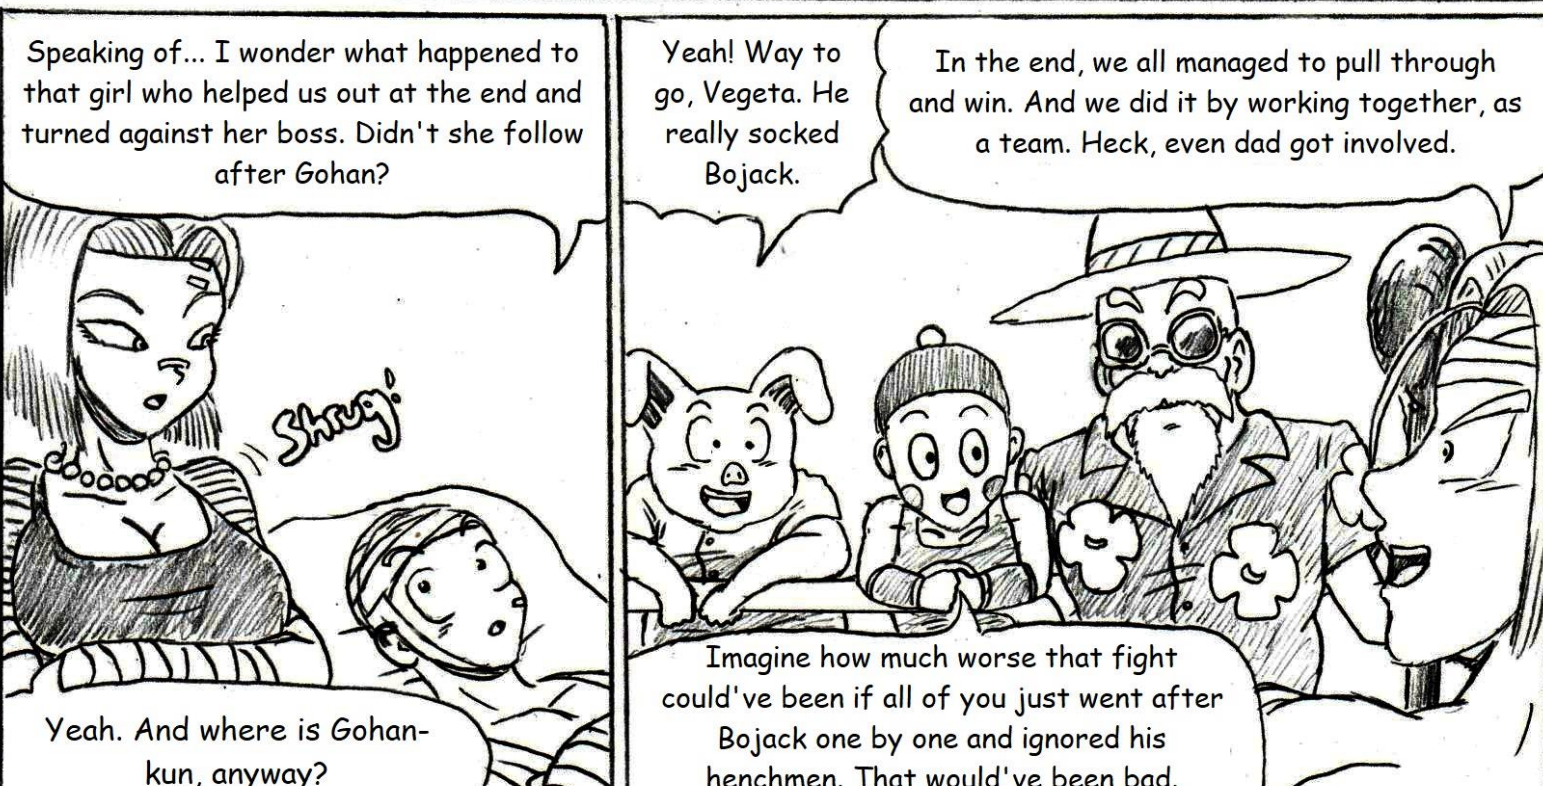

Yeah! Way to go, Vegeta. He really socked Bojack.

In the end, we all managed to pull through and win. And we did it by working together, as a team. Heck, even dad got involved.

Shuey!

Yeah. And where is Gohan-kun, anyway?

Imagine how much worse that fight could've been if all of you just went after Bojack one by one and ignored his henchmen. That would've been bad.

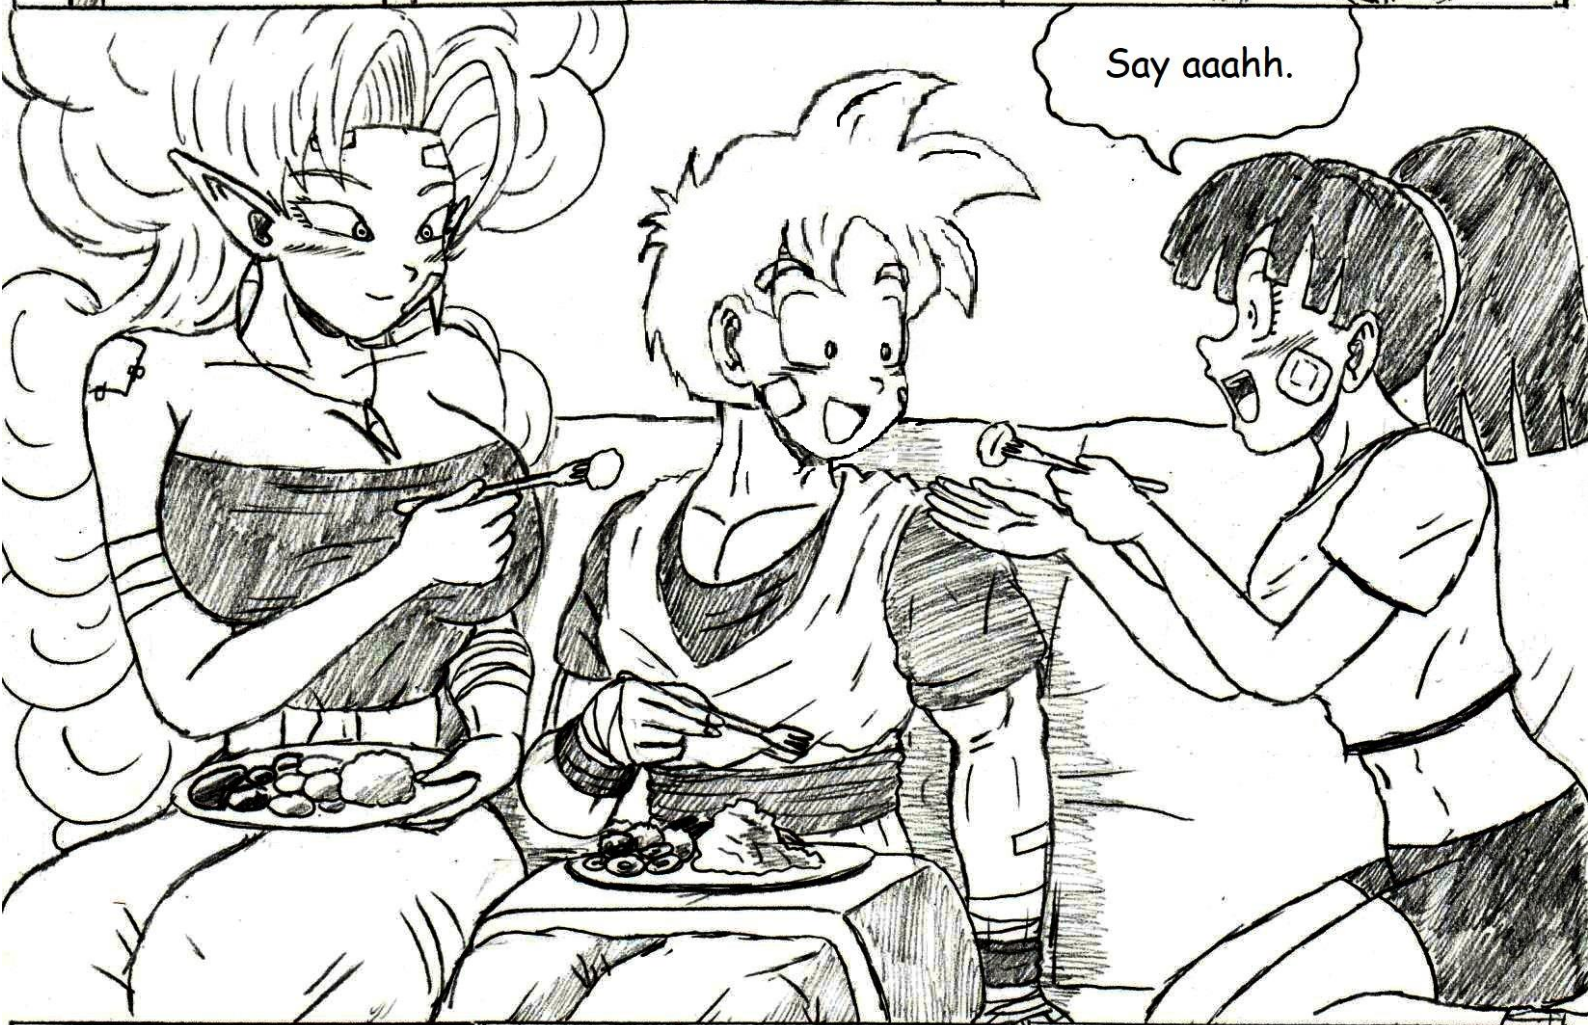

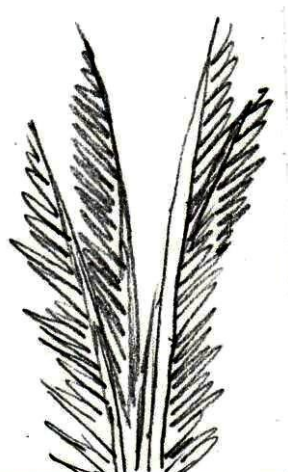

ROOM 6

Haha. Come on, Zangya-san. Videl. I can feed myself.

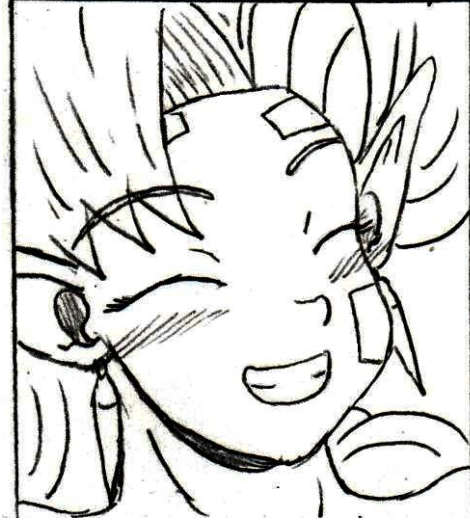

No. Over here, Gohan-kun. Open wide...

Your hands are all bandaged up. Here, Gohan-kun.

Say aaahh.

NO!!

Oh? These are Videl and Zangya. I met them during the tournament.

Hi, mum! My new friends and I were just having some lunch together.

H-Hello, ma'am.

It's a pleasure to meet you.

Chi-Chi's thought process...

Son protects Earth, becomes popular with girls, and graduates and gets a good job. = Great future.

Son who studies, goes out, and trains =

Successful in all fields, popular, and protects the Earth.

Strong, smart, popular, successful son marries girls =

Son Family Clan =

Lots of grandchildren to spoil

Oh, it's so nice to meet you girls. Thank you so much for being here with my son.

It's perfect!

The harem route now has the mother's approval.

SIT!

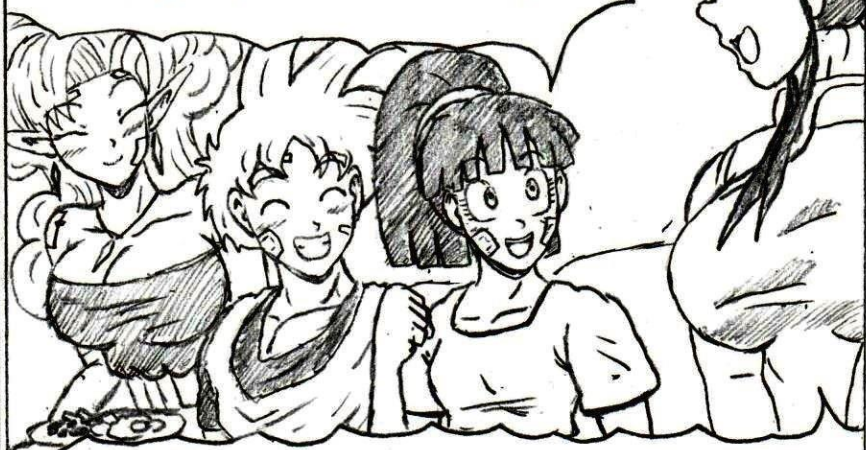

Yeah! Gohan-kun even said he would show me how to use some of his awesome moves! The same stuff he and his friends can do!

Oh, absolutely! I'll cook your new friend something special!

Is it okay for Videl to come over to our place this weekend, mom?

Gohan-kun is an amazing martial artist. It's been so long since I had so much fun fighting someone in the ring!

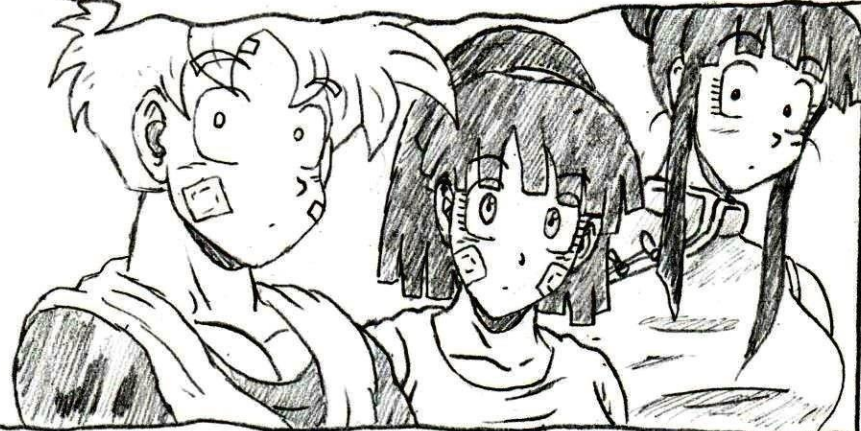

I know. I saw your battle in the first round. You were both great. I'm sure that the three of you will find a lot in common with each other.

And... well....

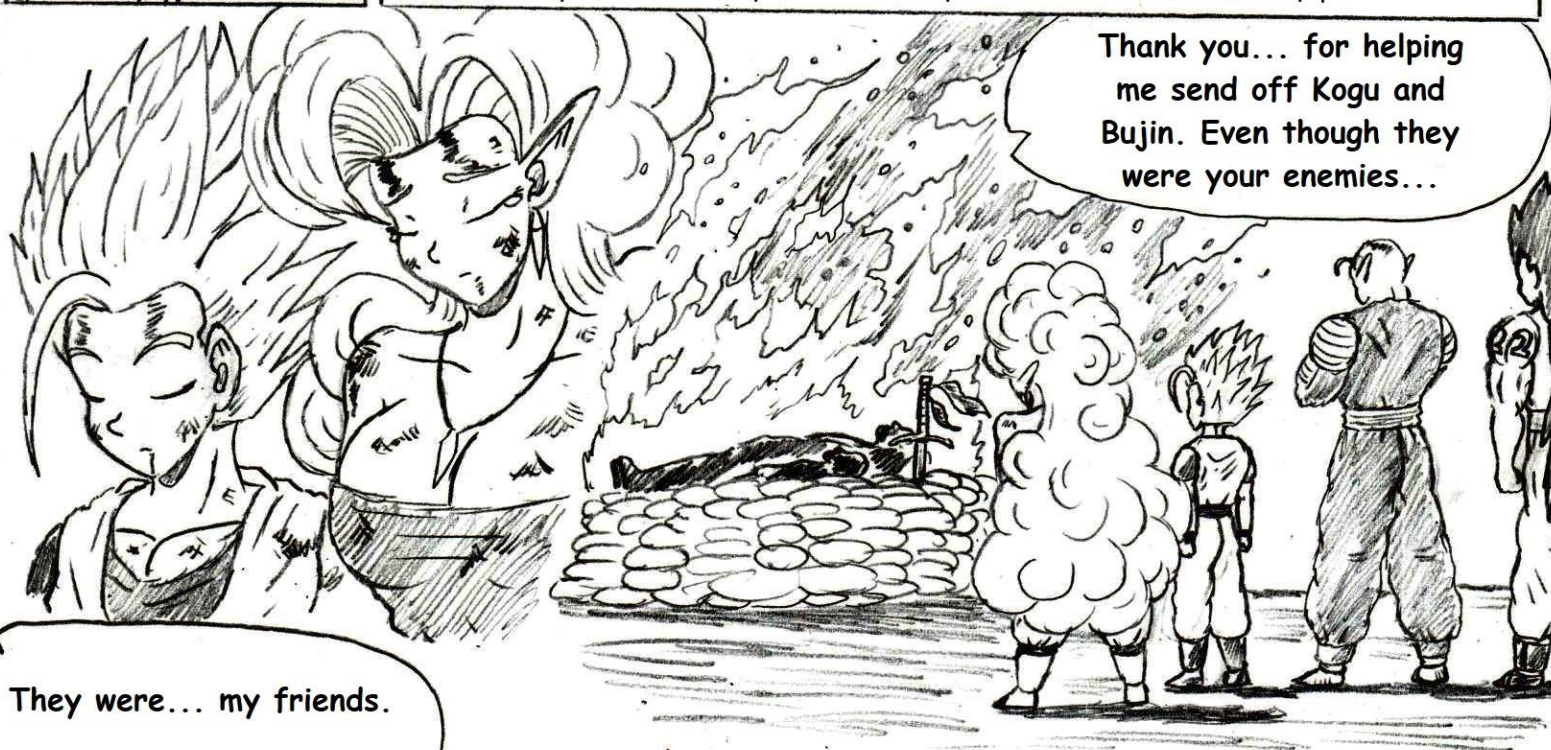

Gohan.... I... I can't begin to tell you how grateful I am for what you did for me. Not only did you save my life... but you helped me to find the strength and courage I thought I'd lost long ago. Th-Thank you.

I don't know how I'll ever begin to repay you.... but I swear, on the memory of my brother, Kenta, and my family, I will spend the rest of my life making it up to you. If you need an ally and friend... you can count on me and my power.

Thank you... for helping me send off Kogu and Bujin. Even though they were your enemies...

They were... my friends.

Hey. Isn't that...

That voice? B-Bujin?!

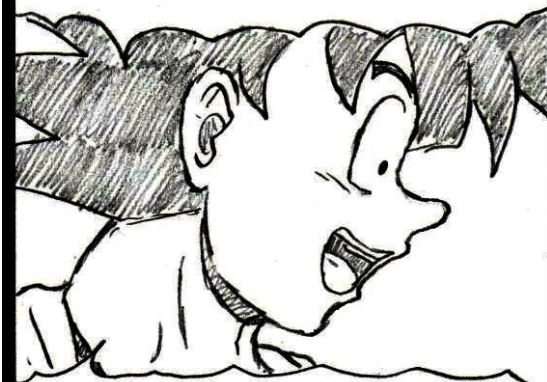

Zangya...

You did great.

Yeah! King Kai, King Yemma, grandpa, mum and dad were all watching!

You were all brilliant. Oh... and as for your new friend's teammates...

Awesome work, son! I'm so proud of you!

You were amazing, girl! Kogu told me what happened.

Huh? Kakarot?

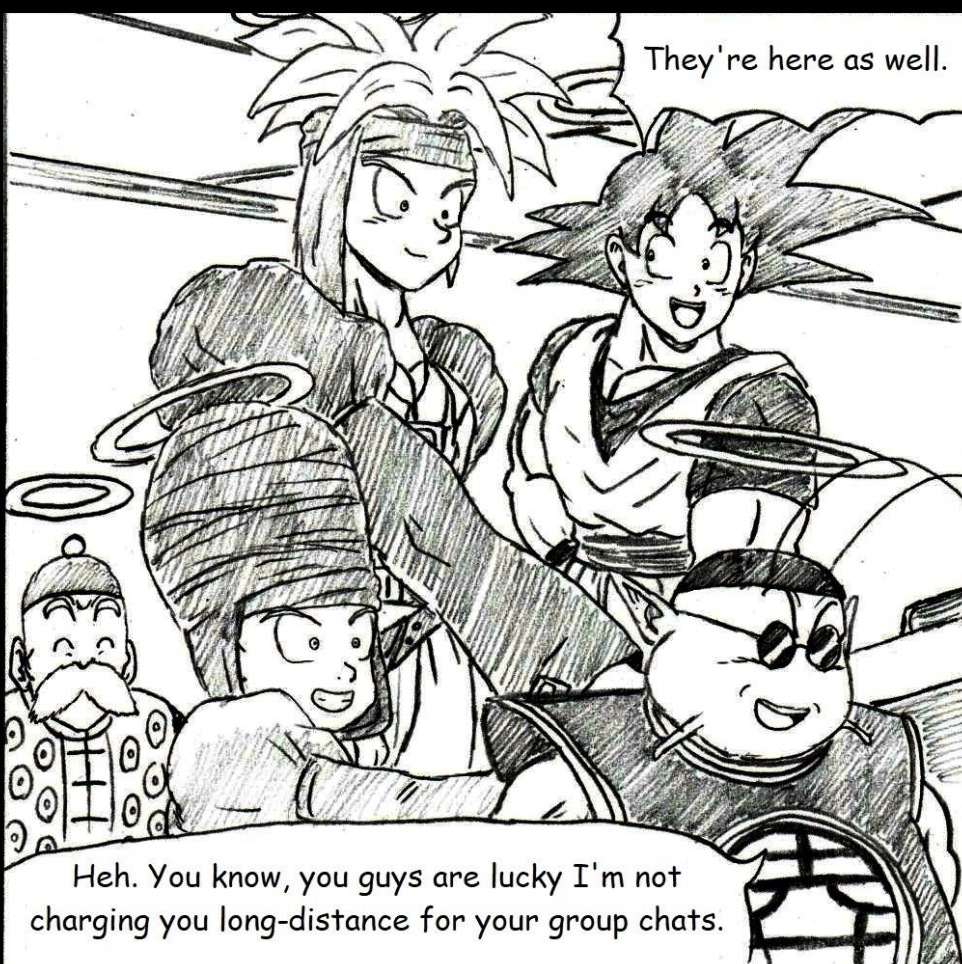

DAD! It's you!

Hey, Zangya! We're both so glad you made it! Way to go!

You really gave Bojack a run for his money! And you almost had him too! But thanks to Gohan, the universe is finally safe from his wrath.

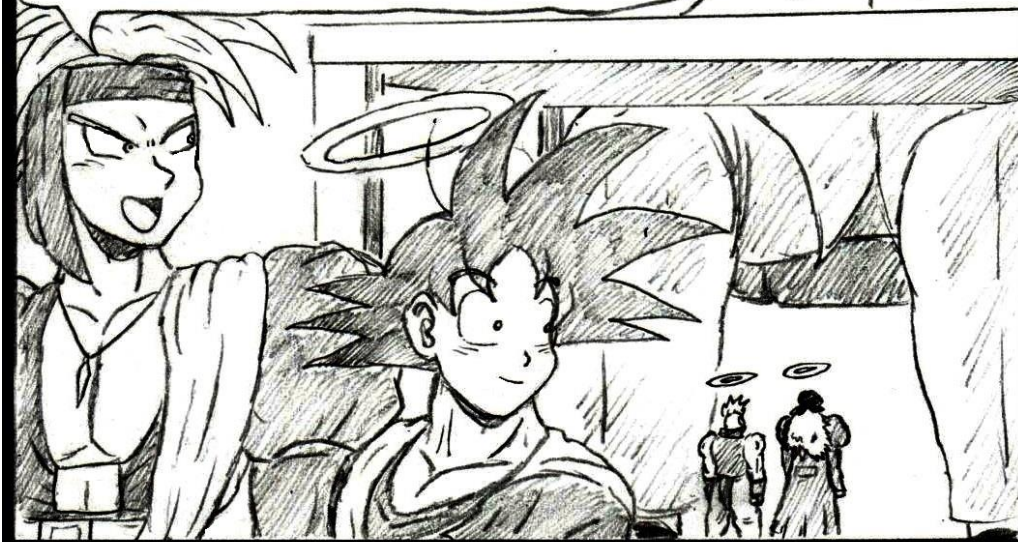

They're here as well.

Heh. You know, you guys are lucky I'm not charging you long-distance for your group chats.

Heh. Since you mention it... that scumbag is currently being processed at the desk with his yes-man, Bido, as we speak.

Yeah. He hit him so hard, he turned to ash and dust right before my eyes. It was incredible.

Does that mean Bojack has gone through the check-in station already?

Well... I think I've read enough!

CLAP!

GALAXY SOLDIERS RECORD

...I sentence both of you to hell!  
Now... DOWN YOU GO!

Bojack and Bido! For your countless crimes across the universe...

閻魔大王

Keh!

WAAAAAAAA  
AAAAAAA!

JUMP!

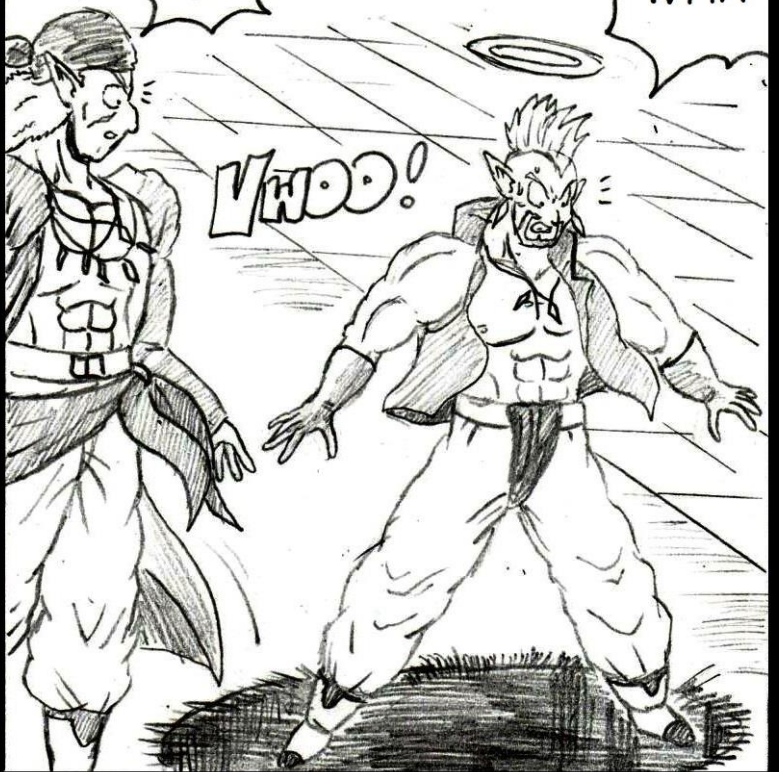

VSH!

!

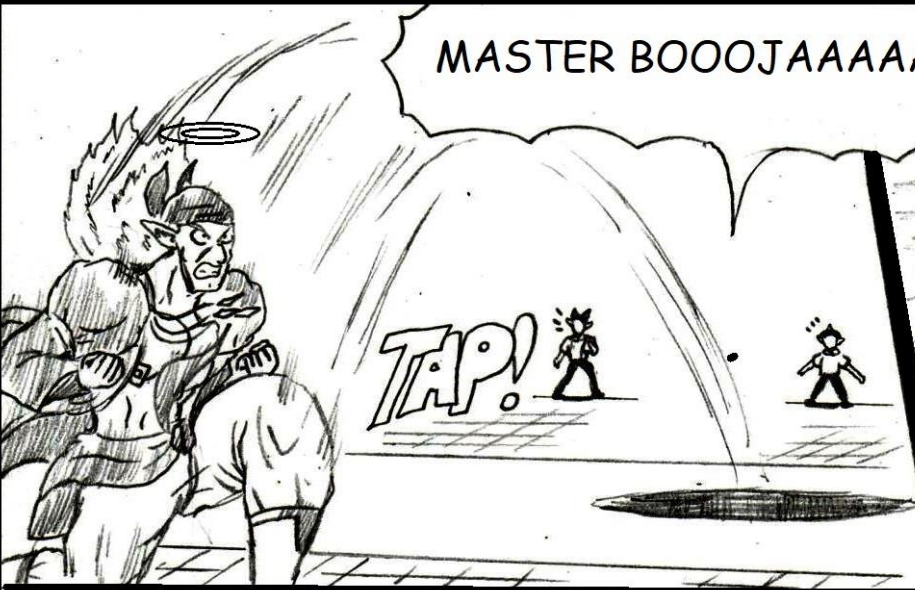

WHA-

VHOO!

MASTER BOOOJAAAAACK!!!

TAP!

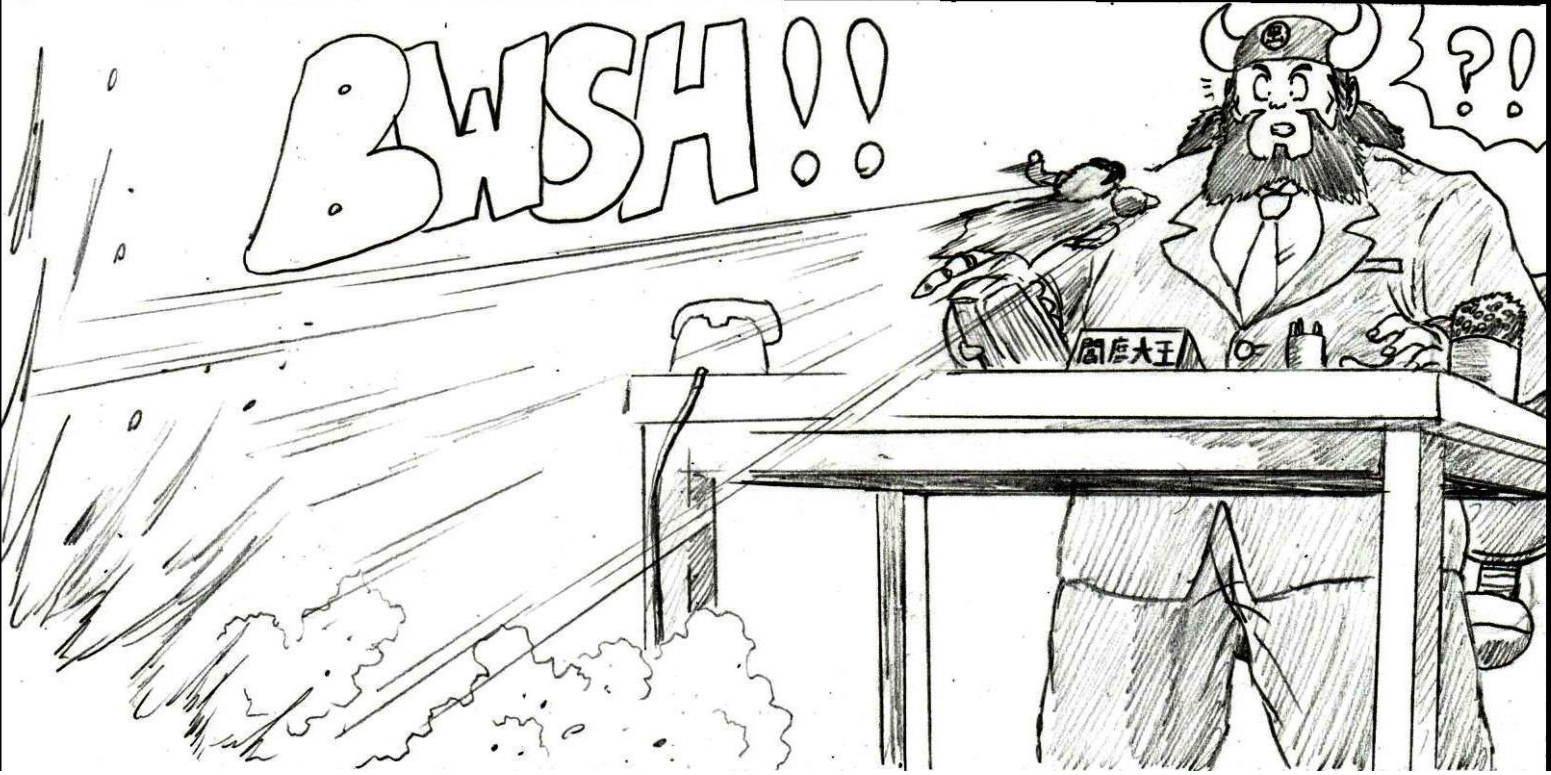

WOOO-

BWSH!!

?!

園座大王

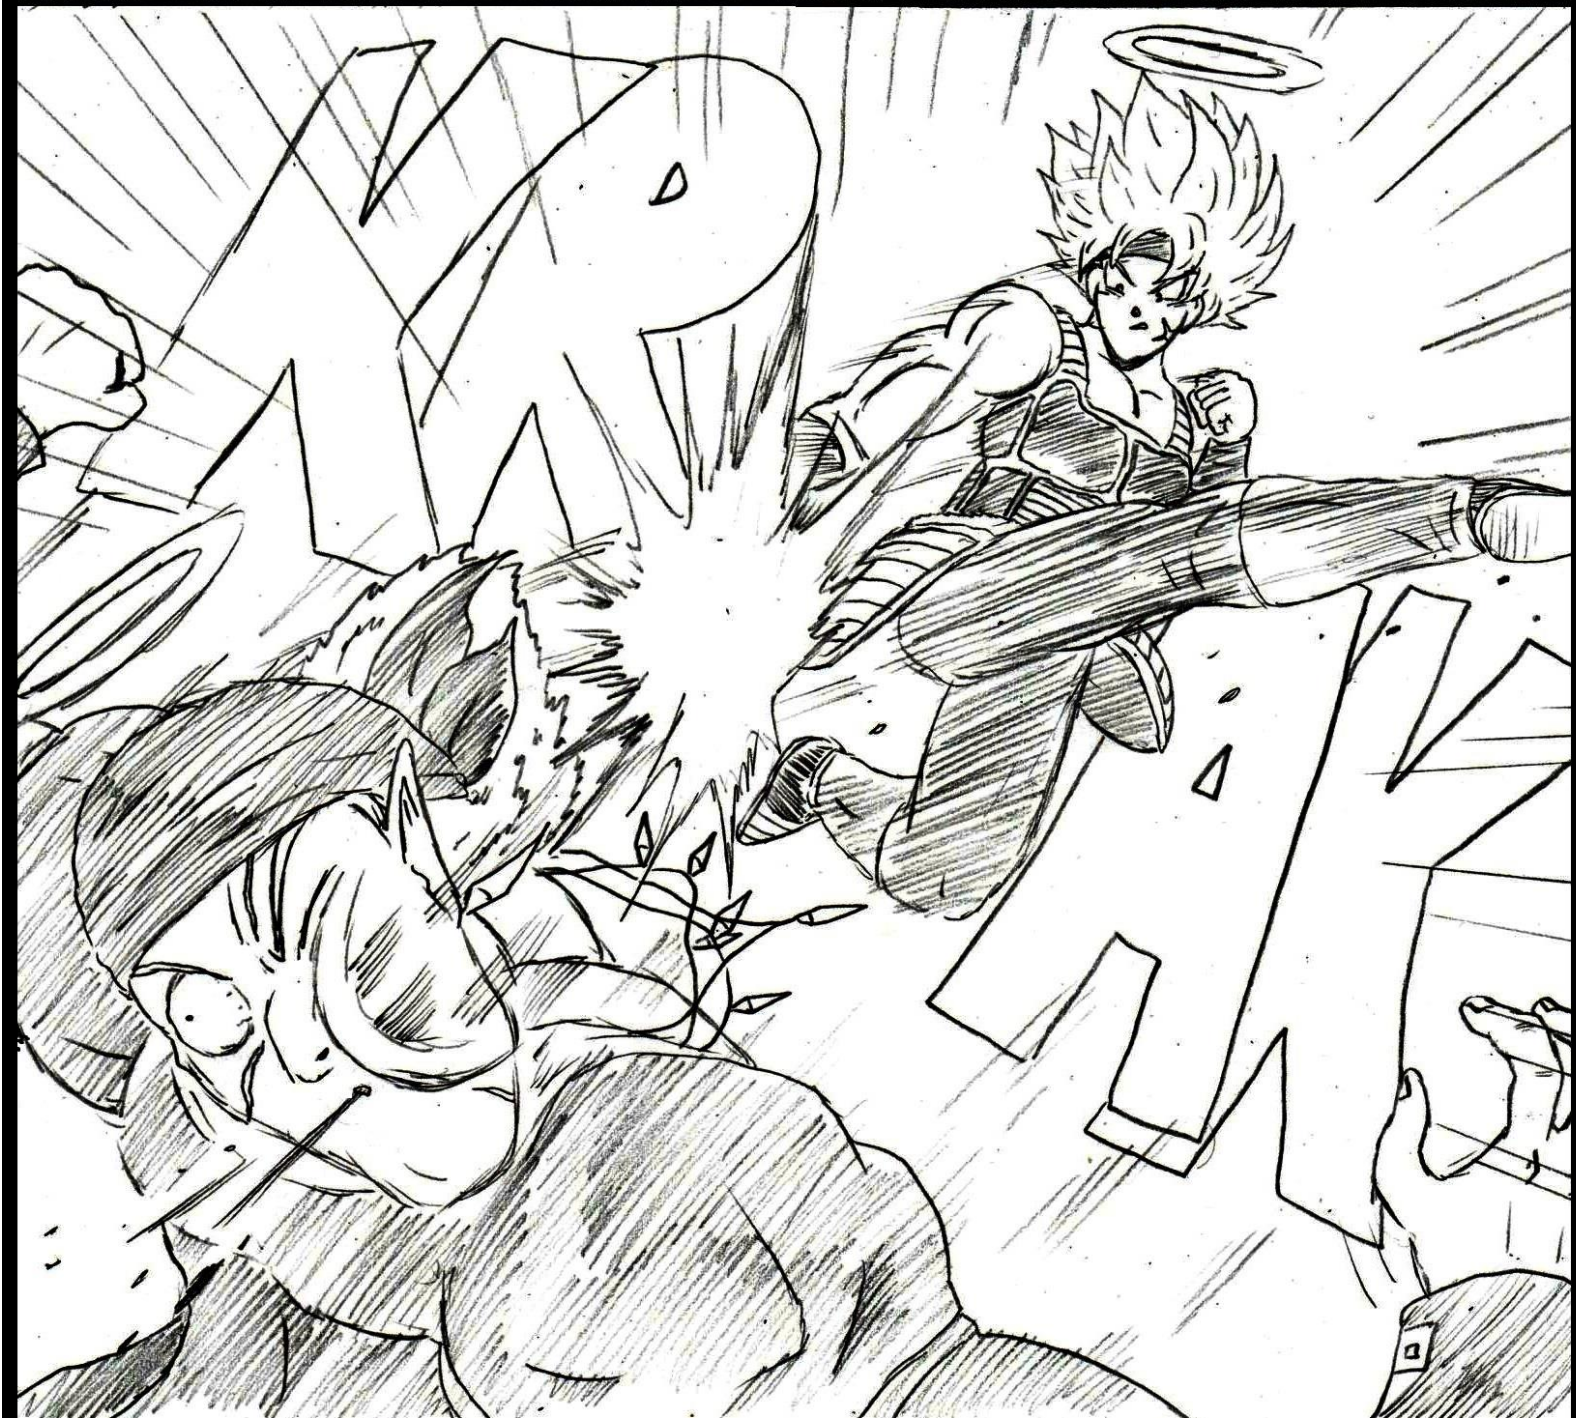

Huh?!

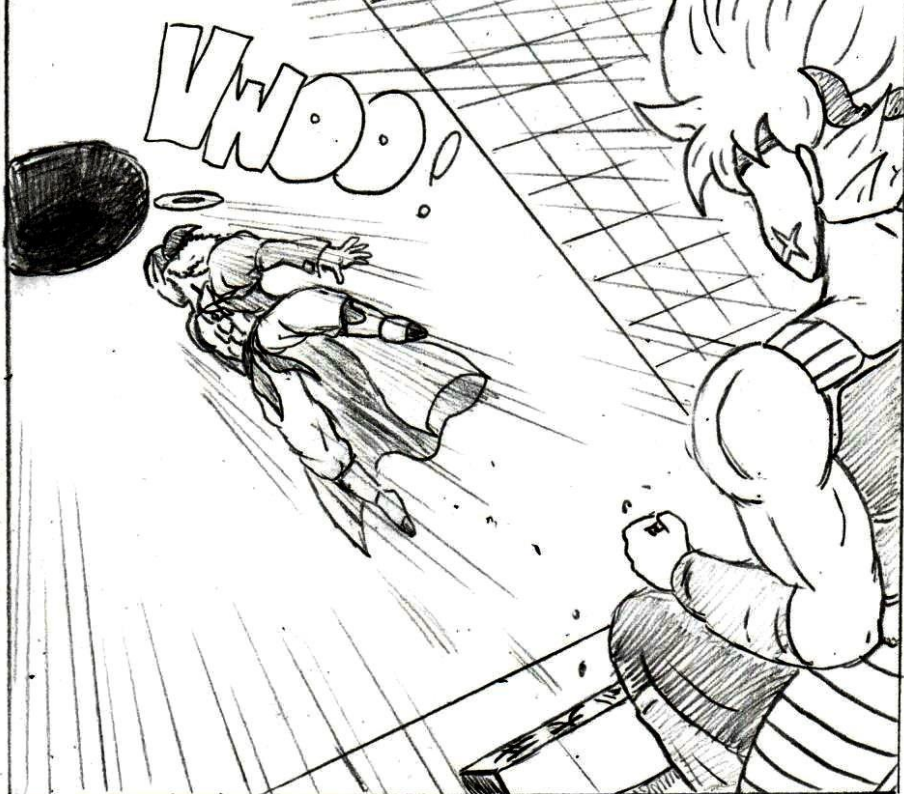

WOO!

VSH!

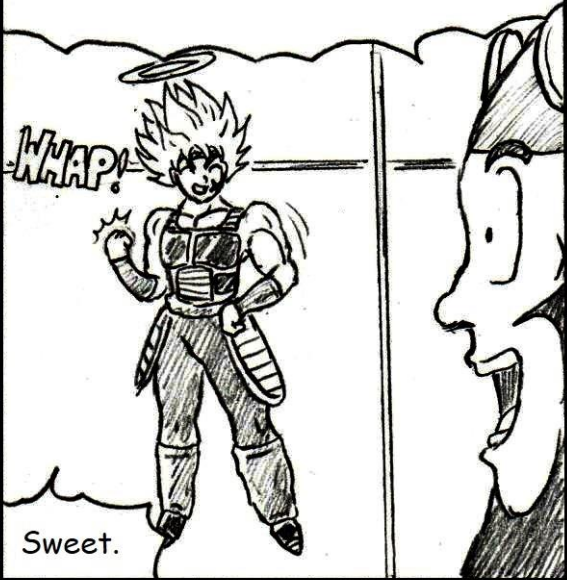

IF I'M GOING TO HELL, I'M  
TAKING YOU WITH ME!!

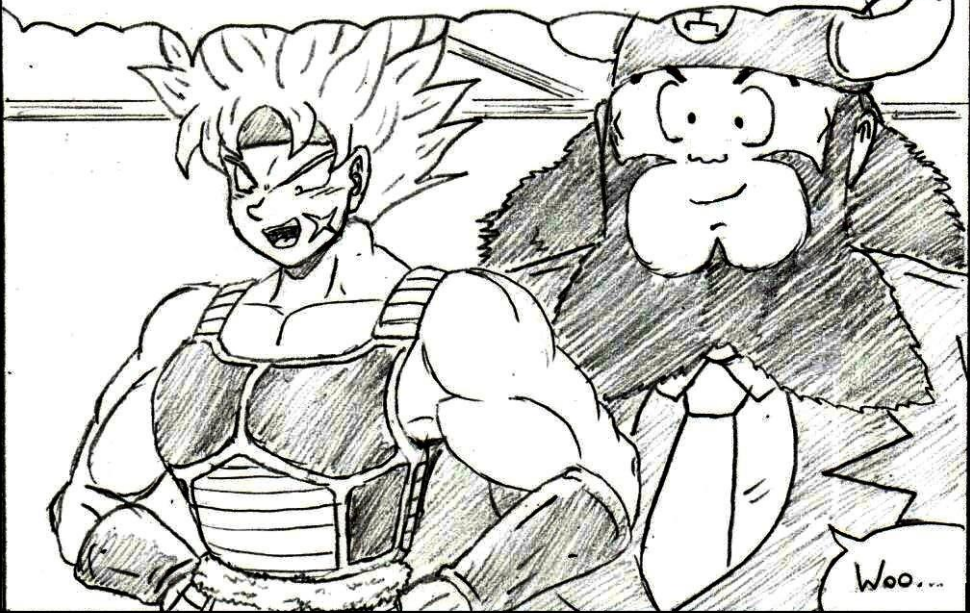

Well done, Bardock. Your actions here will definitely shave several years off your sentence. Keep it up.

Sweet.

Heh. Good thing I've been training between my shifts here at the palace. It's definitely paid off in a big way.

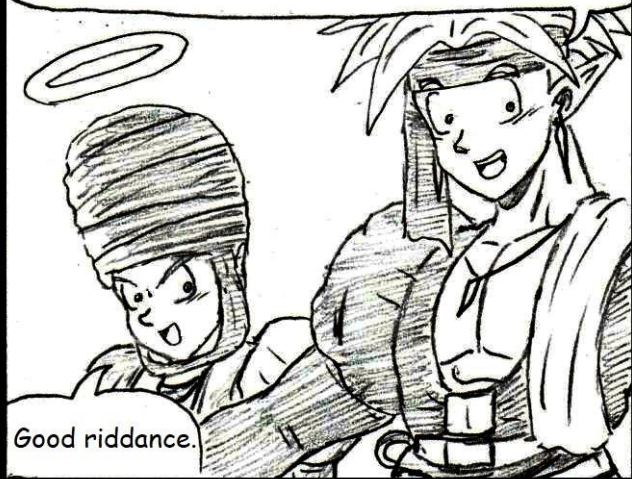

Woo...

Oh! Hey, Zangya! Since your friends are up there with dad now, I bet we can ask Shenron to safely bring Kogu and Bujin back to life!

Shenron? Who's Shenron?

Well... there you have it. Bojack is gone, Zangya.

Good riddance.

Y-You'd do that... for me?

Yeah. After all, the three of you were forced to serve that jerk. I just want to try and make things right.

You see, on this planet, we have these mystical items called dragon balls that were created by the former Guardian of Earth, Kami many years ago. If you bring all seven of them together, you can summon a giant dragon named Shenron, who can grant you any wish within his power. That includes bringing the dead back to life- as long as it's within a year of their deaths.

I can gather them for you and ask the dragon to bring your two friends back to life, no problem!

Th-Thank you. I... I don't know what to say, Gohan...

Hold on a second, kid. I know you're keen to wish us back, which we're grateful for. But...

Alright! It's gonna be a couple more months until the dragon balls become active again. But when they do, we can-

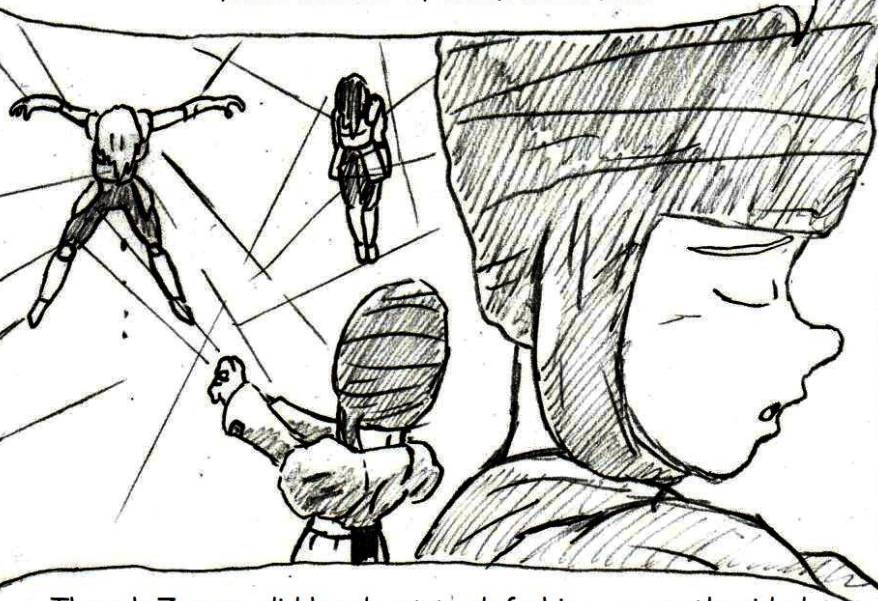

Huh? But... how come? Why do you two want to stay dead?! I... I don't understand?

...please... can you use your wish for something else... and not waste it on us?

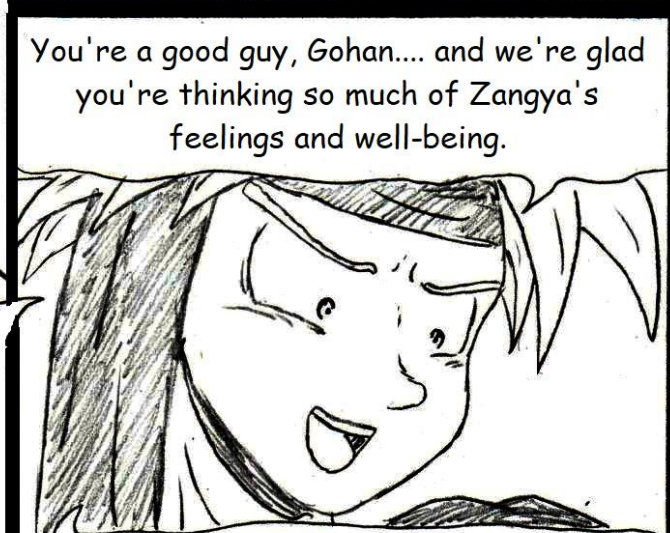

But Kogu and I... we were anything but good. Though it's true everything we did was against our wills... we still followed Bojack's orders.... all so that we could survive and avoid his cruelty. Yet as a result... we ended up subjecting others to fates neither of them deserved.

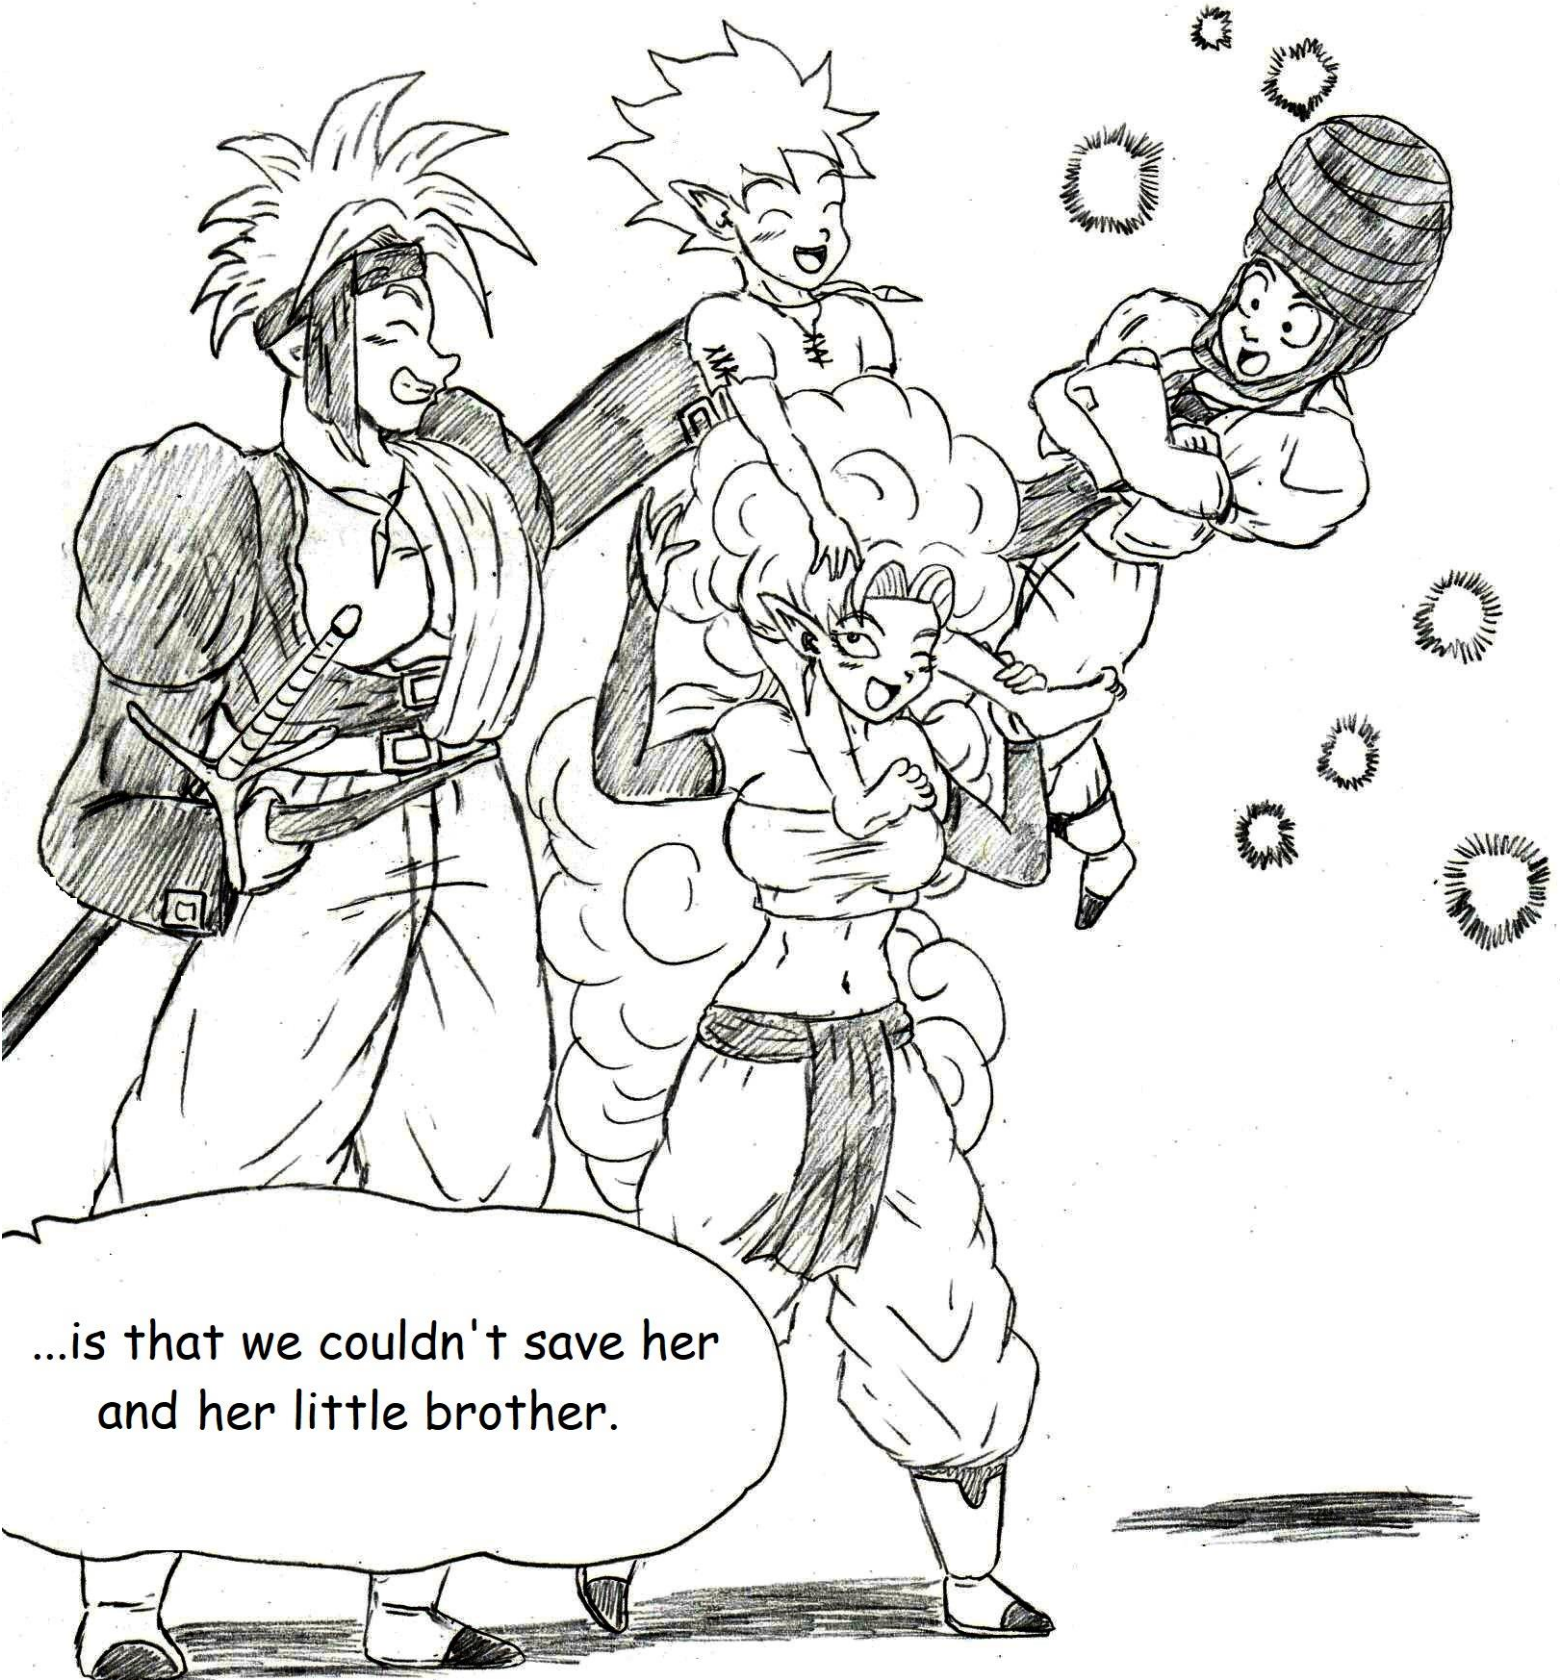

You're a good guy, Gohan.... and we're glad you're thinking so much of Zangya's feelings and well-being.

Though Zangya did her best to defy him... secretly aided those she could, killed quickly or stood back to avoid staining her hands.... the two of us destroyed so many worlds... and hurt so many people... all at that monster's whim. Normally we Hera could live with those actions... after all we were soldiers. But we were carrying out orders no warrior would be able to without destroying a part of themselves. What we did.... it tore us up inside.

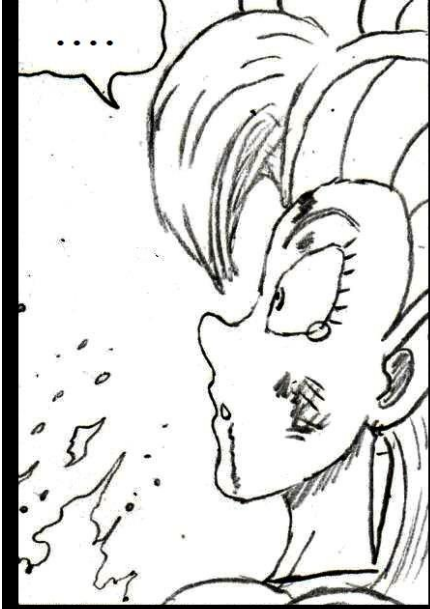

We know you're gonna do your best to look out for her.

But worse than all that... the single, biggest  
regret we both have that we can never  
forgive ourselves for...

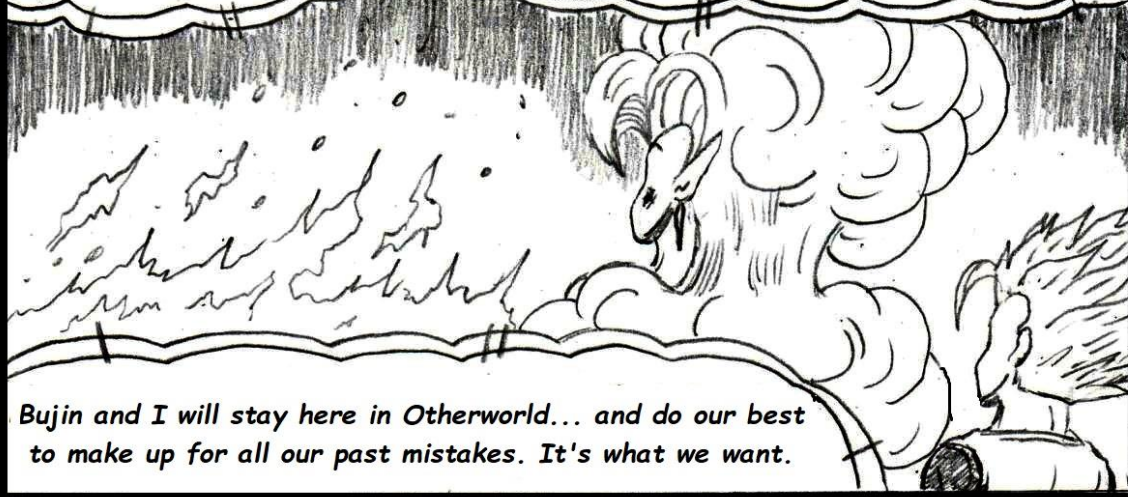

...is that we couldn't save her  
and her little brother.

Please... do us a favor and use your wish to do good elsewhere.

After what we did... it's best that you don't see us for a while. We have a lot we need to atone for.

Bujin and I will stay here in Otherworld... and do our best to make up for all our past mistakes. It's what we want.

I understand.

And you have my word that I will keep my promise, Bujin.

Don't worry, I'm sure we'll meet again... by then...

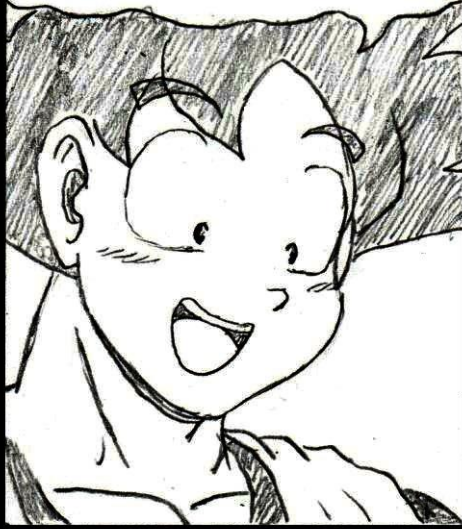

...I hope we'll have come close to earning your forgiveness.

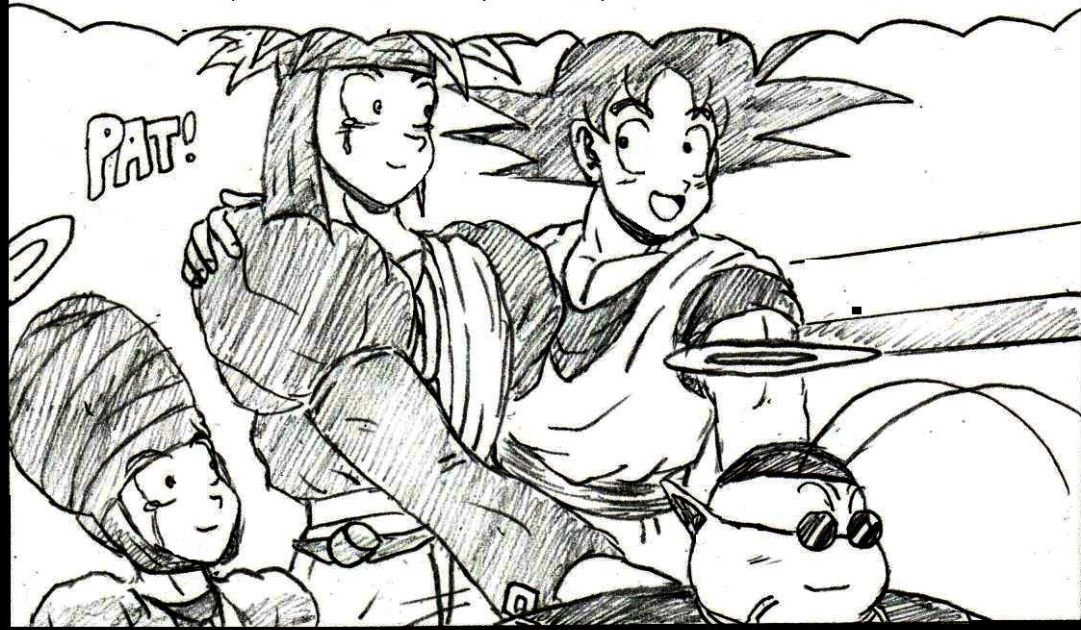

She will be alright.

We'll be okay, son. I miss you... *all* of you. Take care of yourself, Gohan... and look out for the others.

And these two will be fine. I'll help them out as best as I can. Plus... they'll make great sparring partners in their free time.

Everyone's' futures.

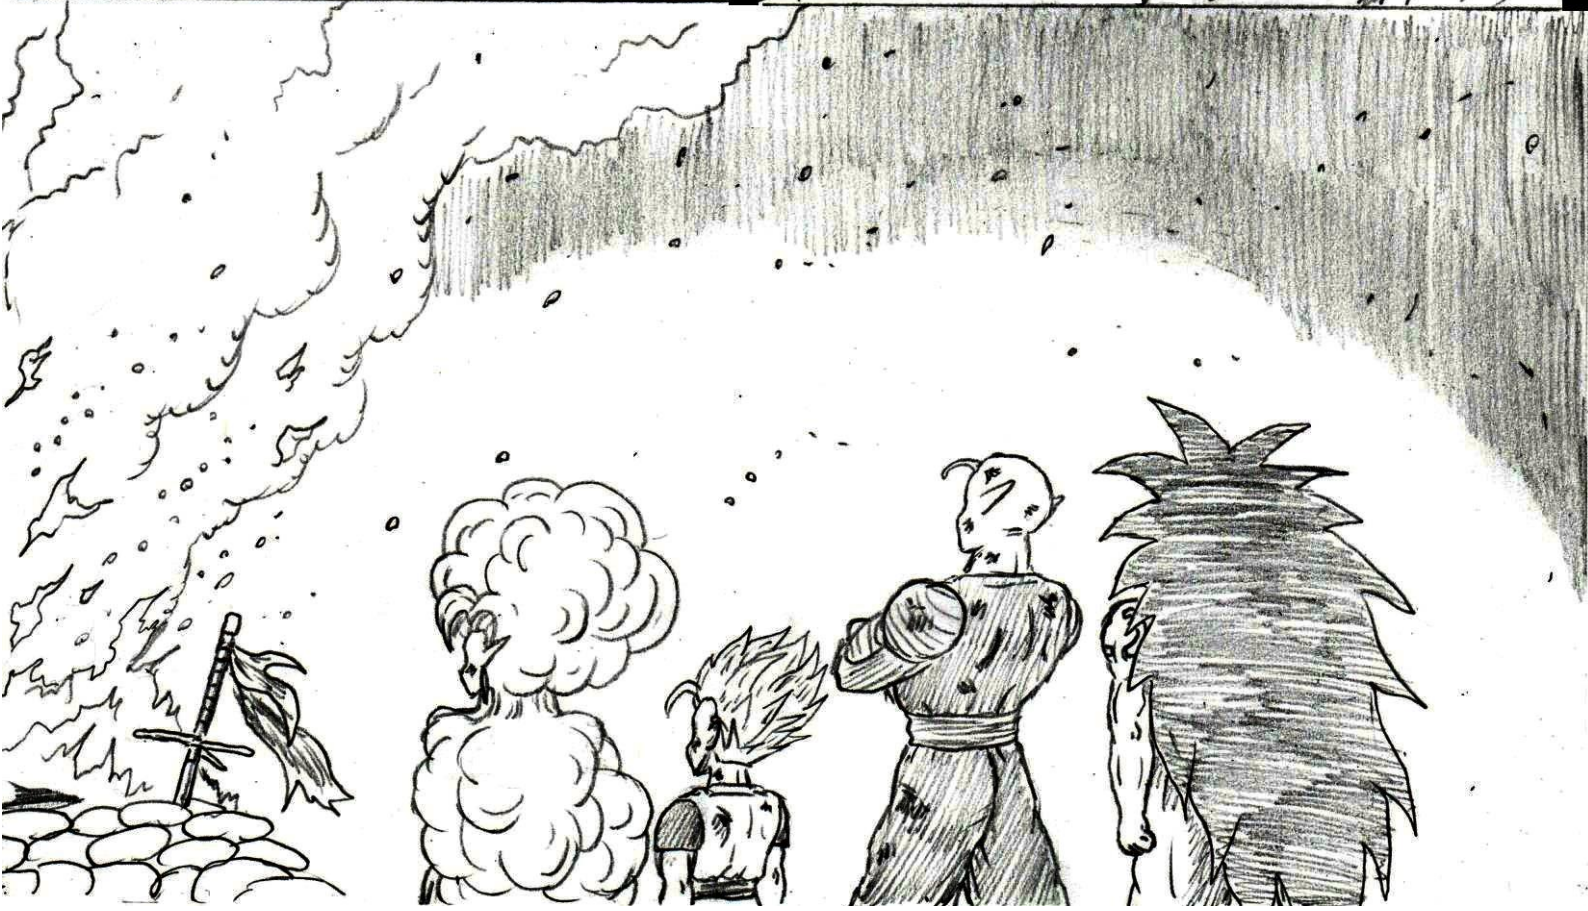

I'll live the best life I can, study hard, train hard...

Yeah. You too, dad.

...so that I can protect our home and future.

Sure!

No problem, Zangya.

I really appreciate you being there with me, Gohan.

I'm just glad you're alright. But... if you ever need a friend to talk to or keep you company... just come to any of us, and we can help. Alright?

Yo!

KNOCK!

KNOCK!

Your alien lady friend too.

Glad to see you're doing alright, kiddo.

Room

Hey, Chi-Chi!

My family and I came to check in on you guys...

Ah. You were with Gohan and the other guy when we were sending off my friends. The man who tackled Bojack through a wall, right?

Ah! Launch! Good to see you! And Ranch too!

...since it was a hell of a battle and all.

Heh... yeah... that was me.

Uhhmm.

Hm?

I'M... I'M SO SORRY!

**BOW!**

\*Gulp\*

shf!

Well, honey? Are you gonna say it? Or are you gonna make me do it for you?

UP!

...FORGIVE ME!

PLEASE...

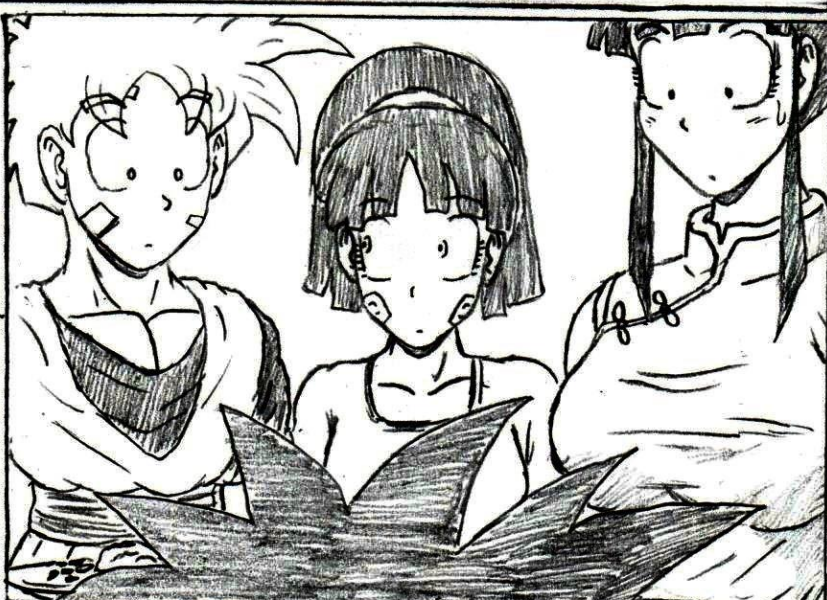

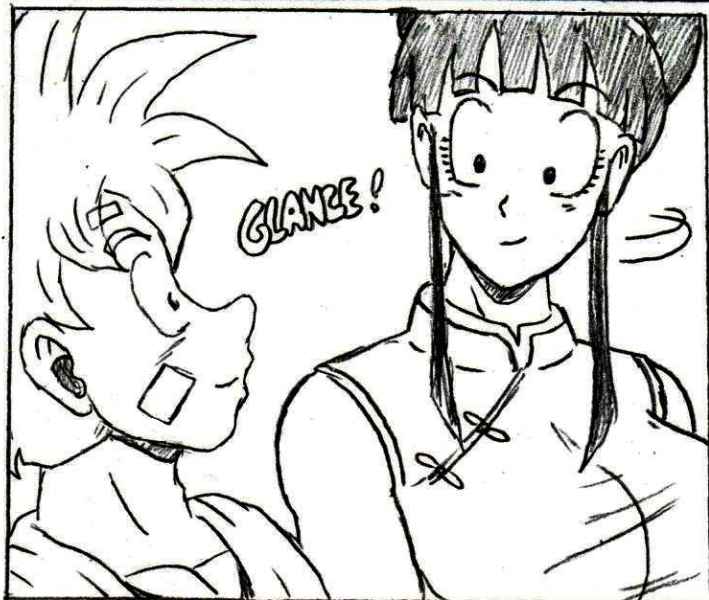

Meeting him and my parents later in Otherworld made me realize the error of my ways... but I know that is no excuse!

W-When I came to this planet years ago looking for my brother, Kakaro- I... I mean Goku... I ended up dragging him and all of you into our squabble... my own family!

What I did was abhorrent and shameful. So I swear to you... on my life... I will do everything I can to atone for my crimes!

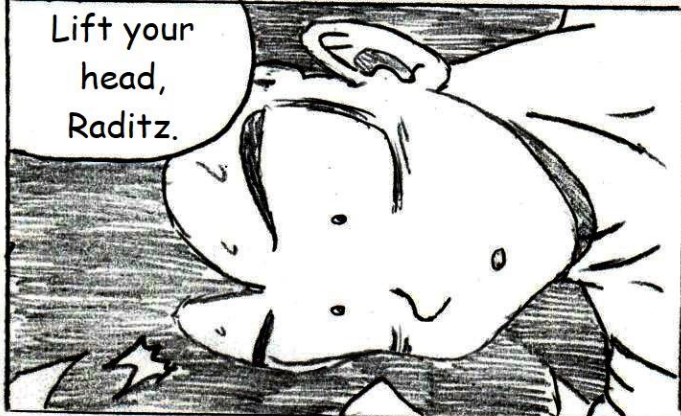

My self-centered actions resulted in the two of us killing each other... and I took away the one person who was most precious to both of you! My own little brother... who I should've been protecting!

If you hadn't come, we never would've known how big or how much more dangerous the universe actually was, and that Earth would become such a target.

But your arrival helped me to understand that life is full of unexpected turns... and that no matter how hard I try to fight it, I'll never be able to control it.

Lift your head, Raditz.

Now I want to see everything it has to offer... but at the same time make sure I'm as prepared as I can be to protect my home from any enemies that may appear next.

My family changed from meeting you. It brought my husband and son closer as a family, and made them stronger than ever.

It's true that I was beyond distraught and angry over what happened back then. I still remember it as if it was yesterday.

Because of you, I was more determined than ever to protect my family- namely my son- and keep him from training and getting involved.

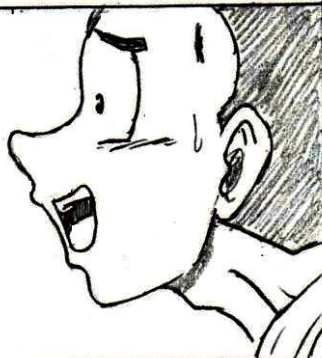

We forgive you.

You also helped us in our fight against Bojack. So... in the end... we are grateful to you.

Though a part of me will always be mad at you for what you did back then, I can tell you have already paid for your past mistakes... and that you are now a better... *changed* man.

Ah... r-really?

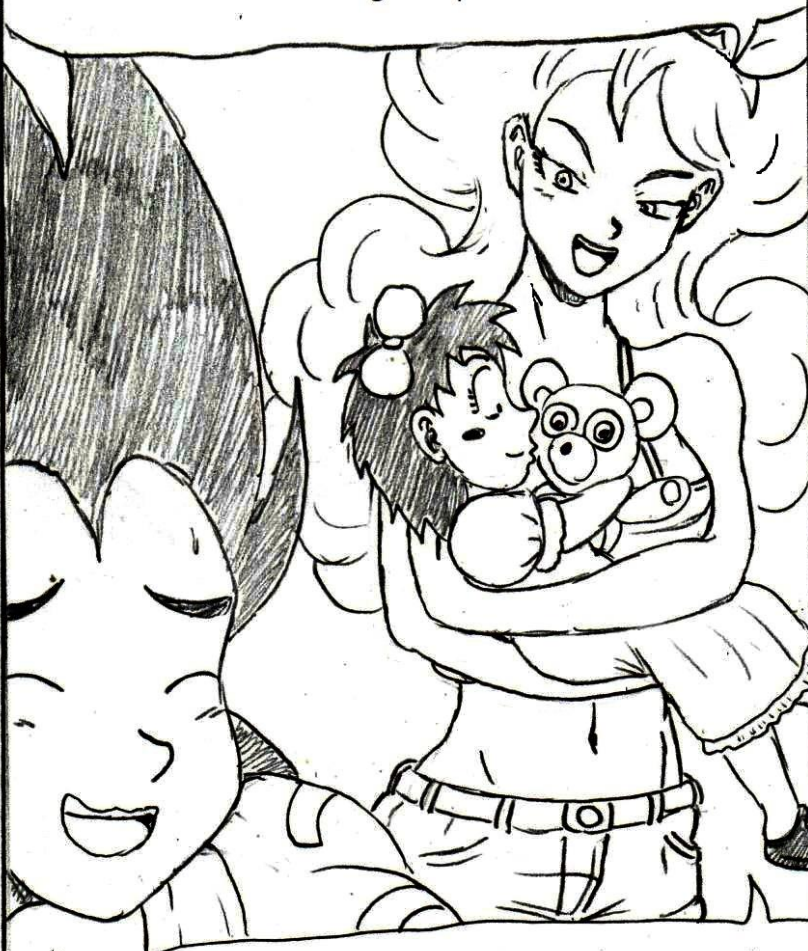

My husband is fully aware that what he did was incredibly foolish. So you guys don't have anything to worry about. He knows that if he ever tries anything like that again... he'll not only have you and your friends to deal with, but also his very short-tempered and heavily-armed-with-balistics-capable-of-blowing-50-hyper-caliber-holes-through-Saiyan-torsos' wife.

*Of course! But know, dear Raditz, that if you do decide to step out of line and go back to your old ways in any form...*

*...you'll have me to answer to. Not my son or husband.*

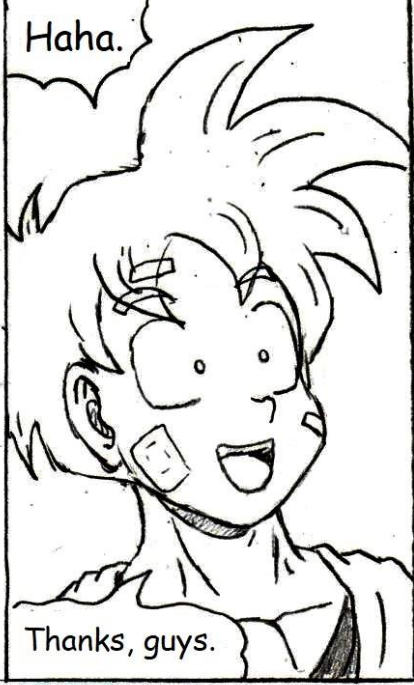

...remember that.

I'll....

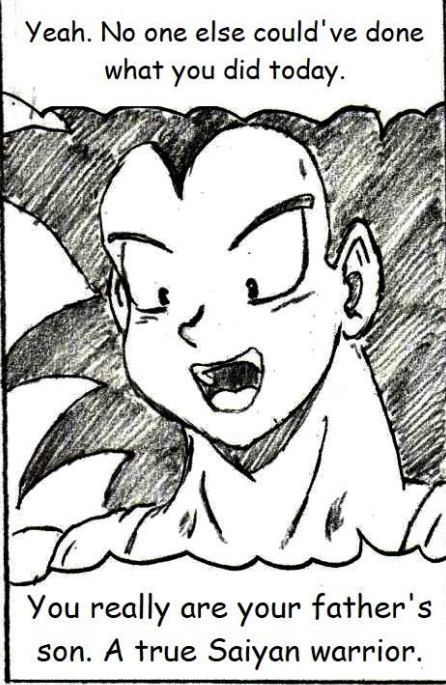

...who, I might add, will not only beat him to a pulp, but also deny him a well-cooked meal for the rest of his short life.

Haha.

Thanks, guys.

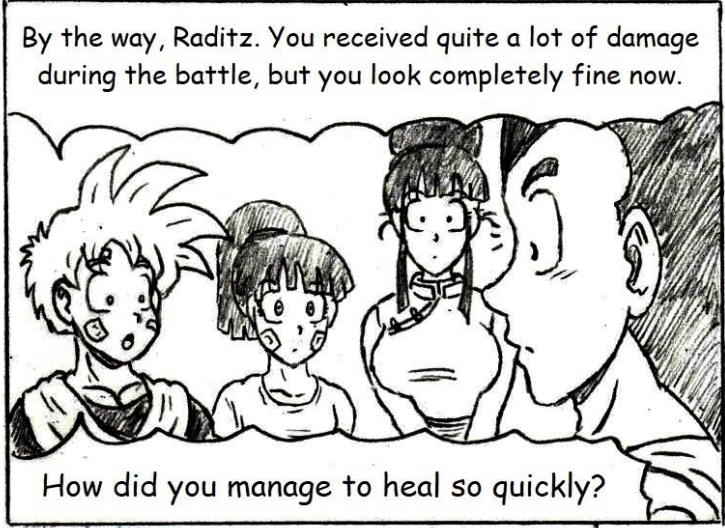

Yeah. No one else could've done what you did today.

You really are your father's son. A true Saiyan warrior.

In any case, we saw your fight against Bojack and his crew. It was awesome.

You literally blew that guy away, kiddo.

By the way, Raditz. You received quite a lot of damage during the battle, but you look completely fine now.

How did you manage to heal so quickly?

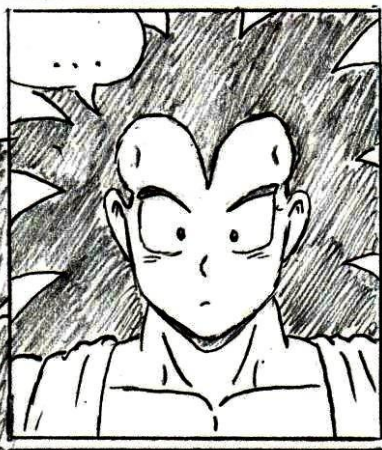

Yeah. I'll introduce you to the rest of them later.

You have a lot of great friends and family members, Gohan-kun.

NANO-MACHINES, SON!

Heh. You really want to know?

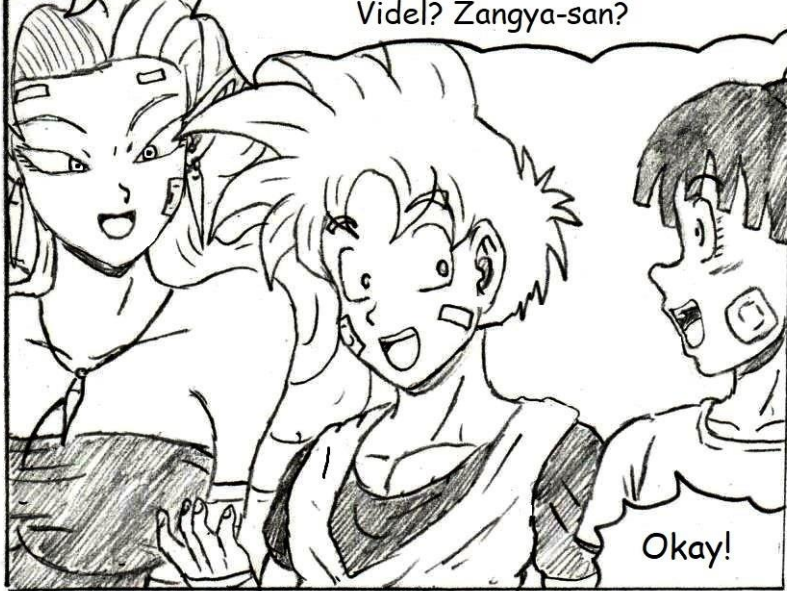

Ow.

SMACK!

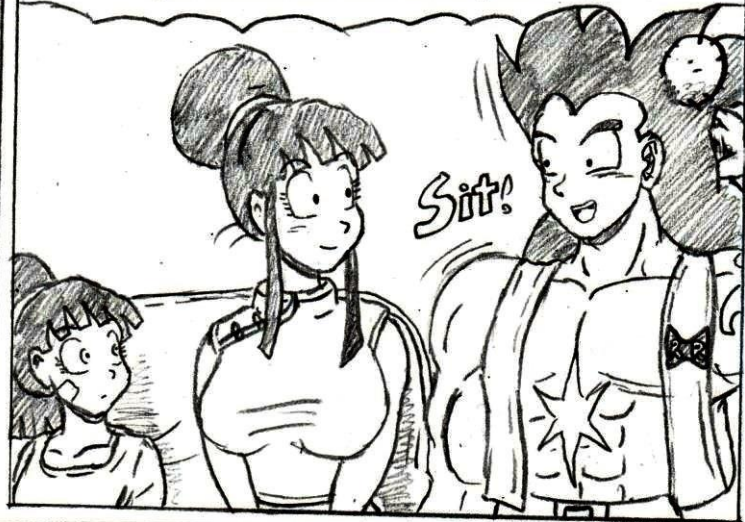

Sure.

Don't worry. I'll fill in the blanks for you guys as he does. Okay, Videl? Zangya-san?

Okay!

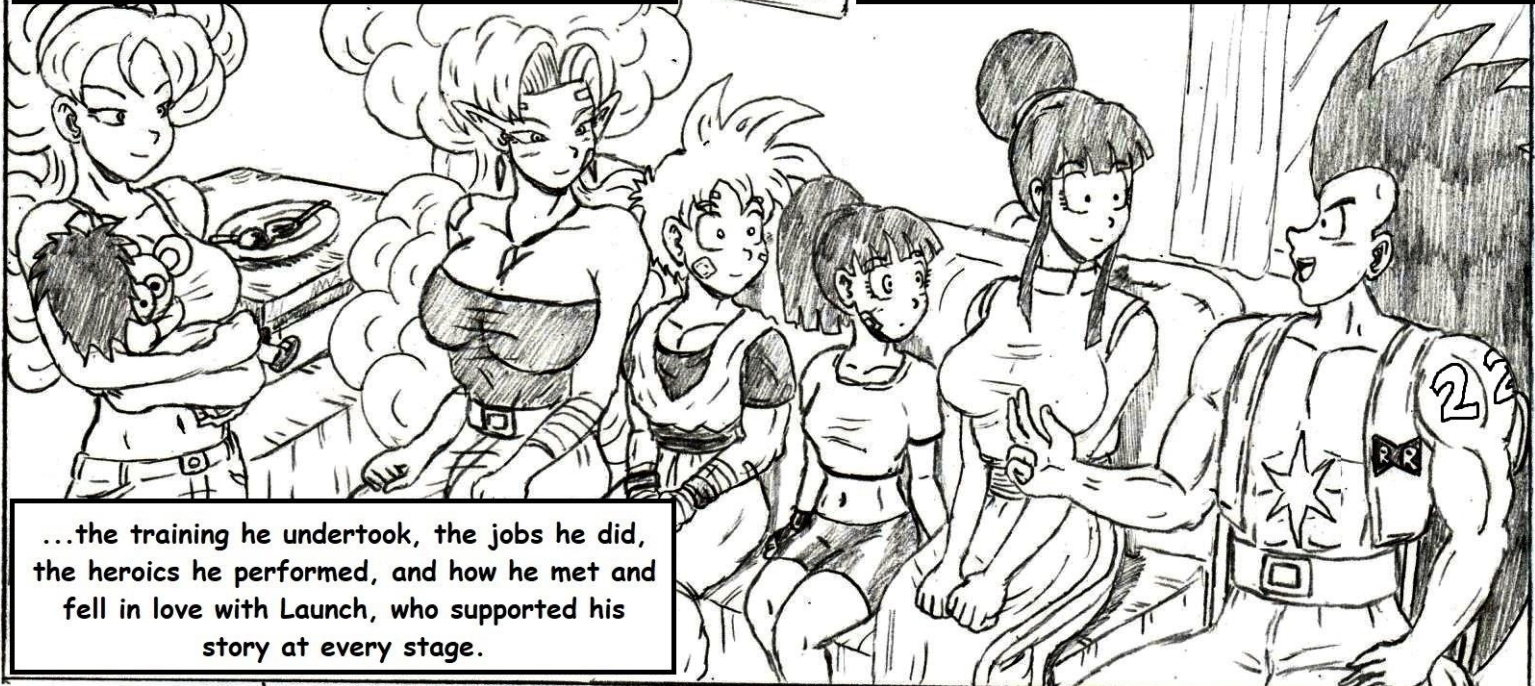

Heh. Okay... all jokes aside... I think it'd be best if I tell you guys how I managed to survive that battle against Kakarot and his green friend all those years ago.

Sit!

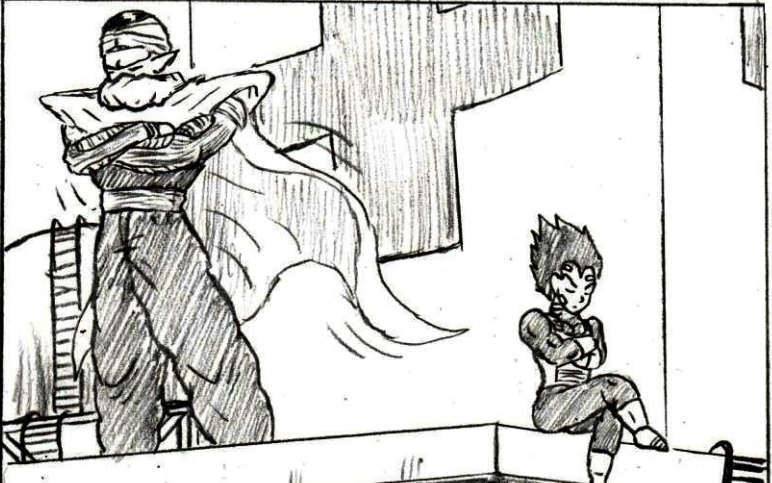

He regaled them with the tale of his resurrection in Android 21's- aka Doctor Rosé's lab, his transformation to an android by the ex-Red Ribbon Army scientist...

And so, for the next hour or so, Raditz proceeded to explain his unique healing factor to his brother's family in the form of the story of his second life here on Earth.

...the training he undertook, the jobs he did, the heroics he performed, and how he met and fell in love with Launch, who supported his story at every stage.

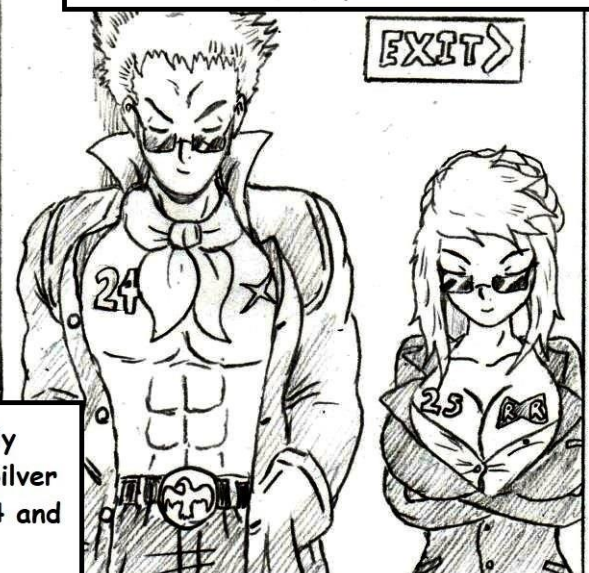

All the while, unknown to the family...

OM 6

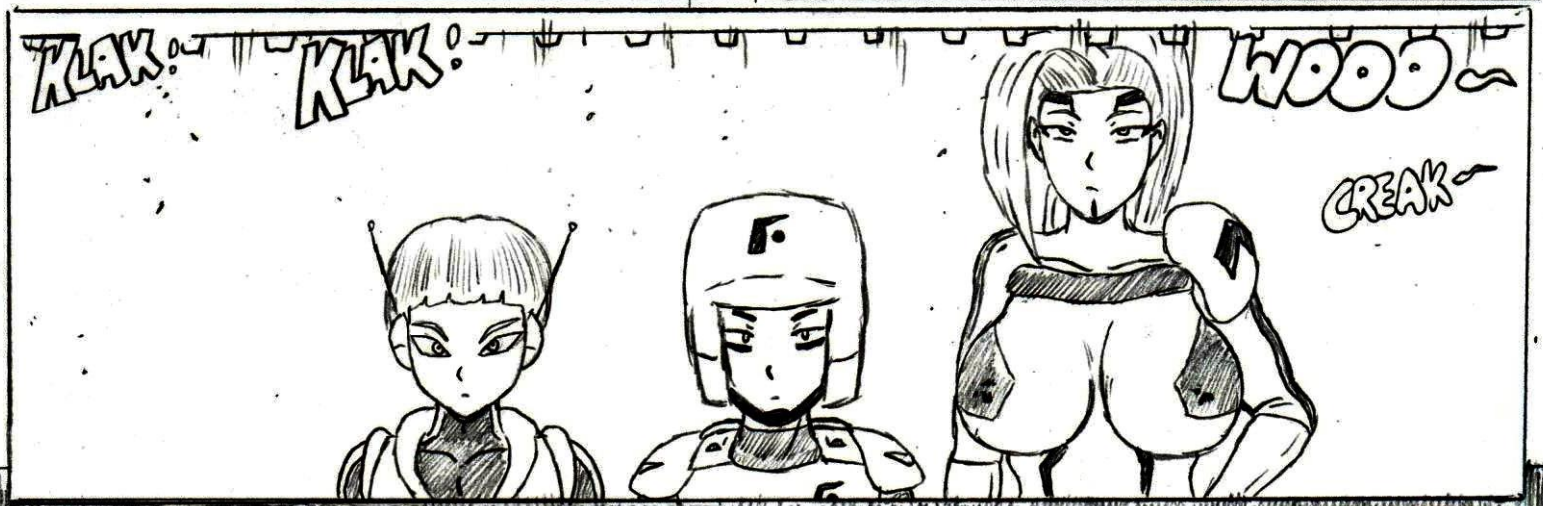

...the group was secretly watched over by Colonels Silver and Raven, aka Androids 24 and 25...

...as well as Piccolo and Vegeta.

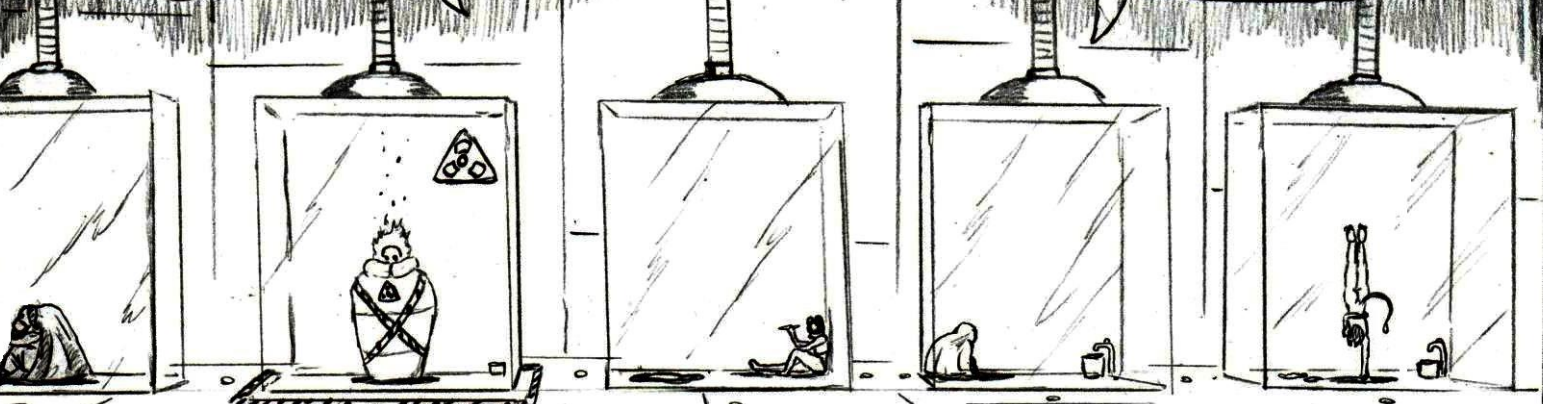

Galactic Prison. C-Block.

..to C-Block's deep Isolation Ward.

Welcome sir and madam...

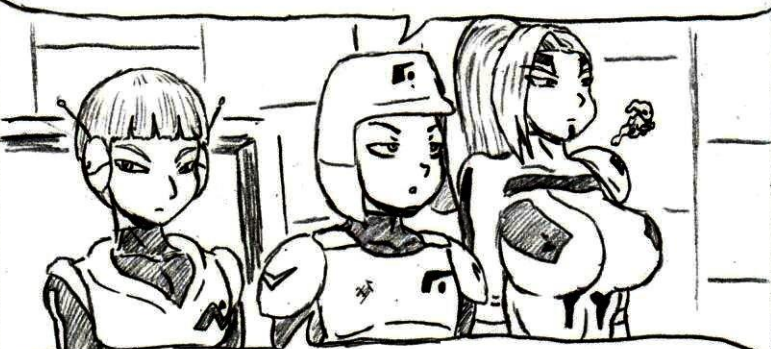

Temporary home of Universe 7's most unique and dangerous criminals and prisoners.

The five you see here are also the prisoners we're going to be moving in the next few weeks to their new forever home.

Let me give you a rundown of our charges.

Each cell cube has been specially reinforced, atmospherically sealed, and designed to be moved via crane, lift or rail.

This way we can safely relocate and move the inmates without risk of contact or exposure. They also run on standalone recycling systems, such as water and toilets.

This one has done it all. Kidnapping. Extortion. Exploitation. Slavery. Trafficking. Murder. Cannibalism. Forbidden Sorcery. Black Magic. Genocide and destruction on a galactic scale.

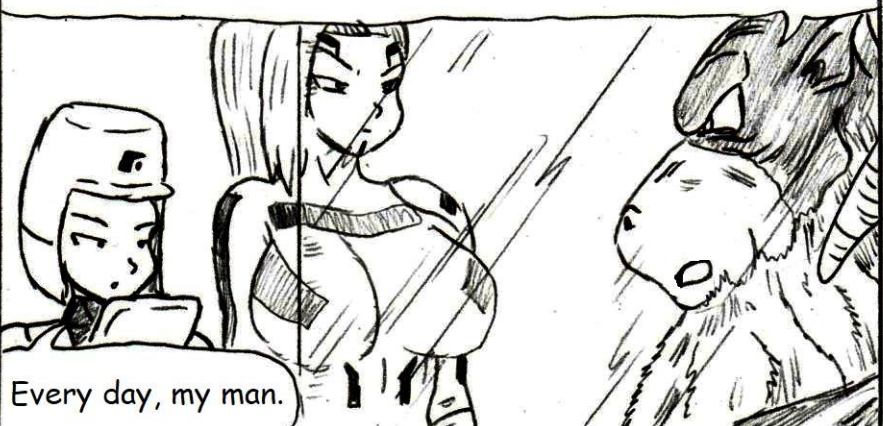

The first one you know well, Merus. Prisoner Number 0-1-3; **Moro**: a.k.a *Planet-Eater Moro*, a.k.a *Moro, Consumer of Worlds*.

He views life as nothing but a source of food for himself and is the poster-child of pure evil. Due to his past actions, he's been sentenced to death several times, but the Galactic Patrol has been unable to find anyone strong enough to kill him completely. So we are shipping him and the others to *Time Patrol H.Q* to be dealt with there.

Recorded to be over 15,000,000 years old, 10,000,000 of which spent in this very facility. Responsible for destroying the **Iragi Star System** and bringing about the extinction of life on approximately 320 planets. Likes to brag he killed more than Lord Beerus himself.

Count your lucky stars I'm in here and not out there, worm.

Every day, my man.

Hrrhhh...

GLARE

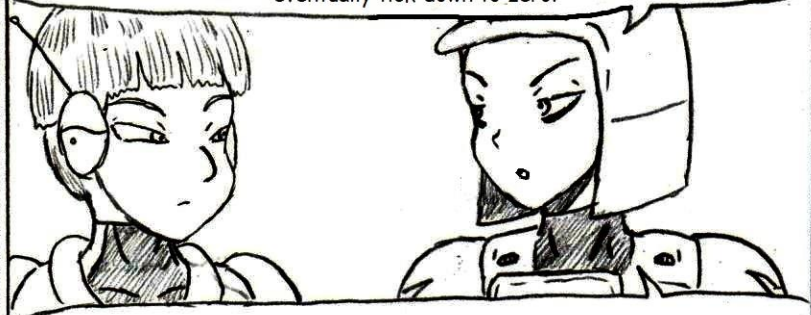

Moro was one of our earliest prisoners at this site...

...but he is not our oldest. That honour goes to *this one*.

Since he's been isolated from ki- his main source of food- for all these years at the behest of the Grand Supreme Kai, we've been waiting for his life-force to eventually tick down to zero.

But because it's taking so long, we've decided to ship him out to be executed ahead of his expiration date.

Classified by experts as an antediluvian entity, energy-vampire and a walking cataclysmic event, Scorch is a primordial being who once caused such chaos and devastation across the cosmos, it made Majin Buu's rampage look like a toddler's tantrum.

Prisoner Number 0-0-1; designated *Scorch*: a.k.a *The Great Inferno*. A.k.a, *The Dying Light*. A.k.a, *Agni*, *Wrath of the Stars*. A.k.a, *Sun Eater*.

**WARNING!**

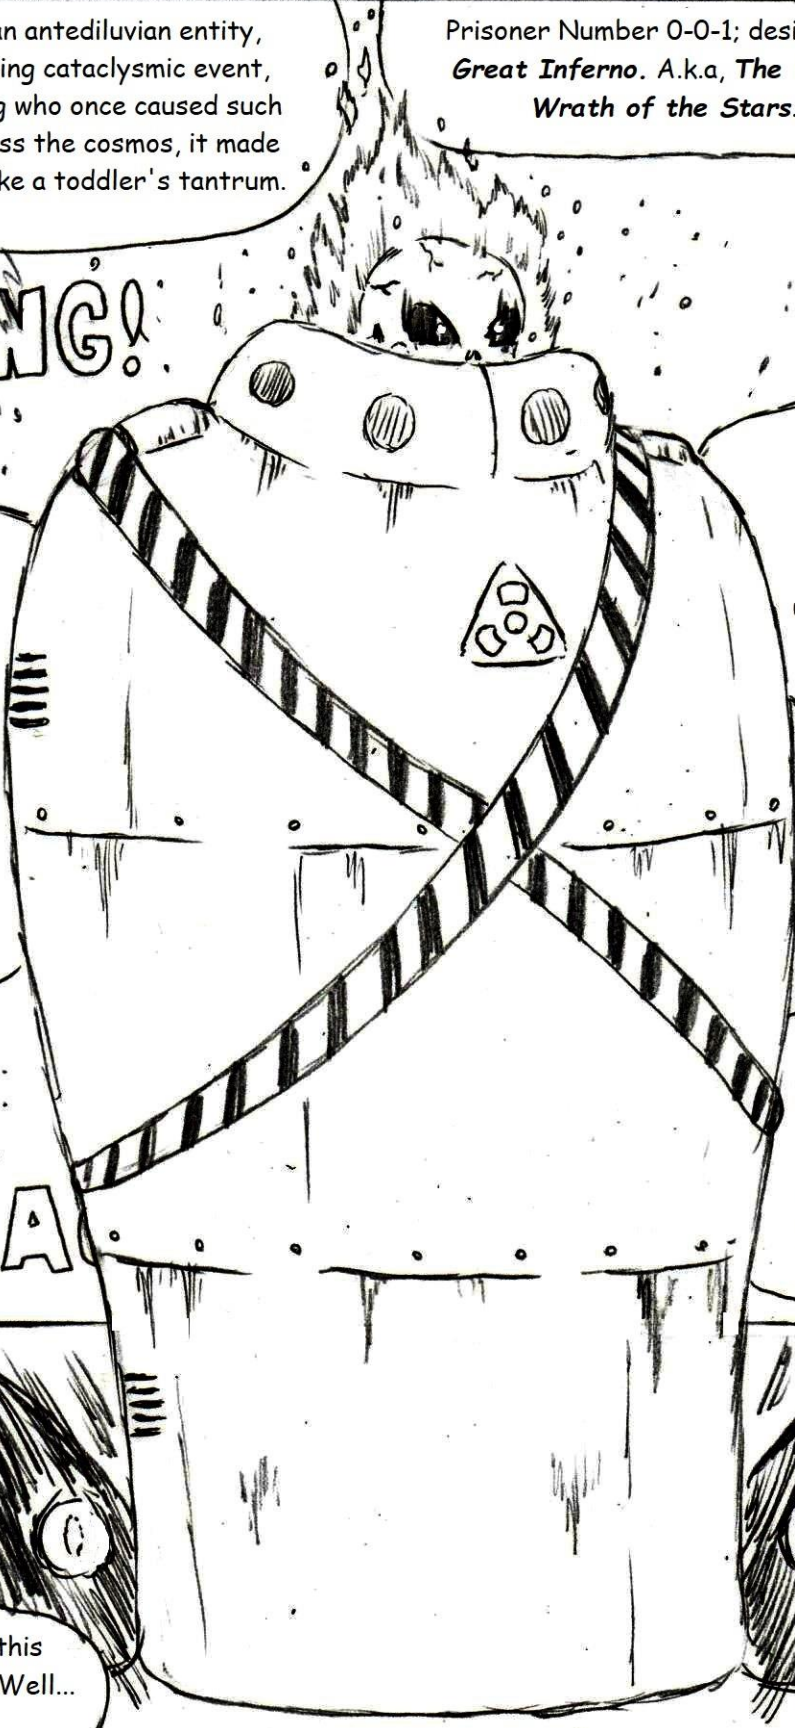

As his moniker suggests, he eats any energy he makes contact with- life, cosmic or divine. His appetite is so ravenous, he can make a star dead simply by standing on it, and his body is passively emitting so much radiation, it can render an entire planet a nuclear wasteland within a day. That's how deadly his physiology actually is.

He's a monster by every definition of the word, responsible for destroying multiple star systems and rendering countless planets uninhabitable across the known universe; many of which are still toxic to this day.

**STAY BA**

The only things stopping all of us from dying of radiation poisoning and necrosis, is his cell and that sarcophagus incasing his body. But the heat is still lethal, so don't get too close to him.

Not even *hakai* can harm this creature. You want proof...? Well...

Over 90 million years ago, Scorch battled against the three strongest warriors of Universe 7 at the time- all of whom were God of Destruction candidates in-training. This included Beerus- the future Destroyer, Hyperion- the Emperor of the Frost Demons, and Origa- Princess of the Hera Race. Even with the three of them working together, the primordial energy-vampire nearly killed them.

Every attack they threw at *The Great Inferno*, Scorch absorbed. He even swallowed several of their best *Hakai* shots without batting an eye. It was only through sheer teamwork and incredible luck they were able to stop the beast. Beerus became *God of Destruction* a few years later.

This next one is a little less terrifying.

Oh. Scary doesn't come close to covering it.

Wow. Scary.

..but no less complicated.

Prisoner Number 1-2-7; Vidro. A.k.a - *The Crystal Maiden*. A.k.a - *The Female Warrior in Black*- as some witnesses called her during their first sighting of her in our universe.

Her most unique trait is the ability to crystalize and make her energy completely solid- able to produce limitless structures from her ki with immense durability and unique physical properties. These range from being able to completely deflect opposing forces, while protecting her from harm. After conducting various controlled tests, we discovered that not even Moro and Scorch can absorb her crystalized energy.

Woo!

Woo!

Homeless, she wandered her universe for quite some time in search of any survivors, before accidentally arriving in *this* reality through a stray wormhole- a rip in the space-time continuum. Nowhere to go, she decided to make a new home here in our Universe 7.

Through extensive questioning, we learned that Vidro is a member of a group of people called the *Glass Tribe*- a race of humanoid aliens who originated from a planet that was destroyed by space marauders and pirates in an unknown timeline. Based on evidence, we believe she may be the last of her kind.

Though unintentional, while the conditions were perfect for her, the planet's *current* inhabitants were no longer able to live or sustain themselves on the planet. So the entire population had to be evacuated and relocated. Harvesta was then quarantined and labeled a dead world.

She did so by travelling to, occupying and forcibly terraforming an already populated world formerly known as *Harvesta* in the West Quadrant.

The Galactic Patrol was then called in to subdue her and bring her in for interrogation and processing.

Transforming it into a planet completely covered in crystal forests and mountains of gem stones.

Hmph.

The *Time Patrol* will figure out what to do with her after we get her to their headquarters.

Fortunately, she didn't put up a fight and came in quietly. We then placed her here for transport.

GLANCE!

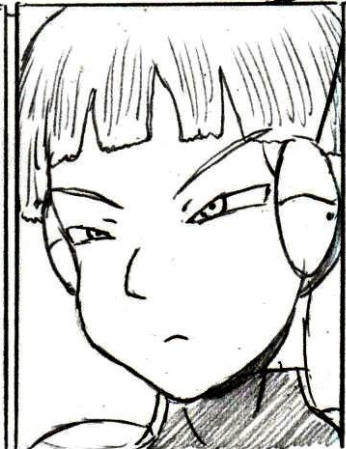

Prisoner Number 2-1-2-4. Name: *Unknown*. Age: *Unknown*. Occupation: *Unknown*. Monikers: *Unknown*. Family: *Unknown*. The only characteristics we could identify from them were their measurements and their race, which in turn allowed us to figure out their planet of origin.

Our next prisoner is an unknown factor.

We brought this one in after catching and arresting them for breaking into a geological museum on Centaur 9, stealing various rocks and gems of considerable value.

...but that planet was reported as destroyed over Earth a few years ago by officer Sandra. The statement she made claims that a meteor struck the Makyo Star following a planet-wide outbreak of rabies that had infected Earth's population, which has since been cured.

Physical features and tests identified this individual as a member of the **Makyan Race**- a breed of vampiric aliens indigenous to the Northern Quadrant, spread out across multiple celestial bodies. Their species originated from a rogue planet they called the **Makyo Star**...

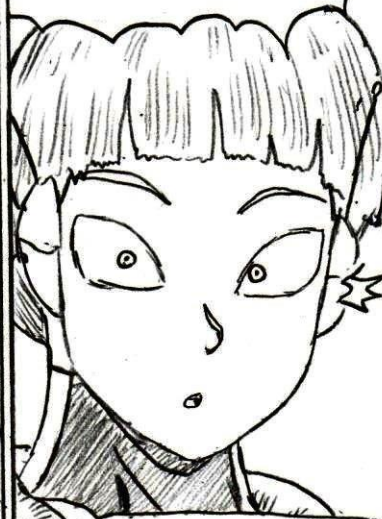

When they lashed out, the cops fired several shots through them, but their wounds healed right up a few seconds later.

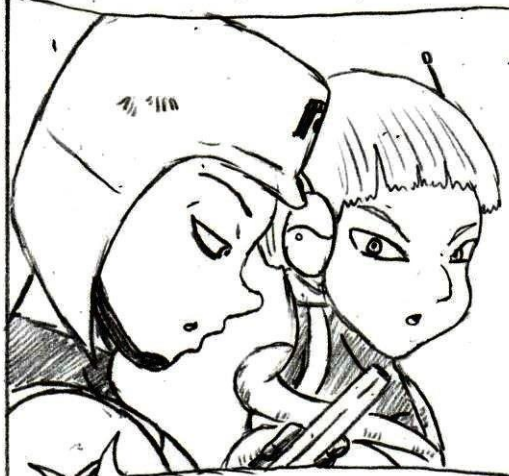

Even a head shot didn't do anything to this Makyan. It was... something else.

What? Immortal?! Wow.

Yep. The officers who encountered them reacted the same way.

How can a simple robber end up grouped together with the rest of these anomalies?

Well... believe it or not... but this particular thief is **immortal**. Straight up.

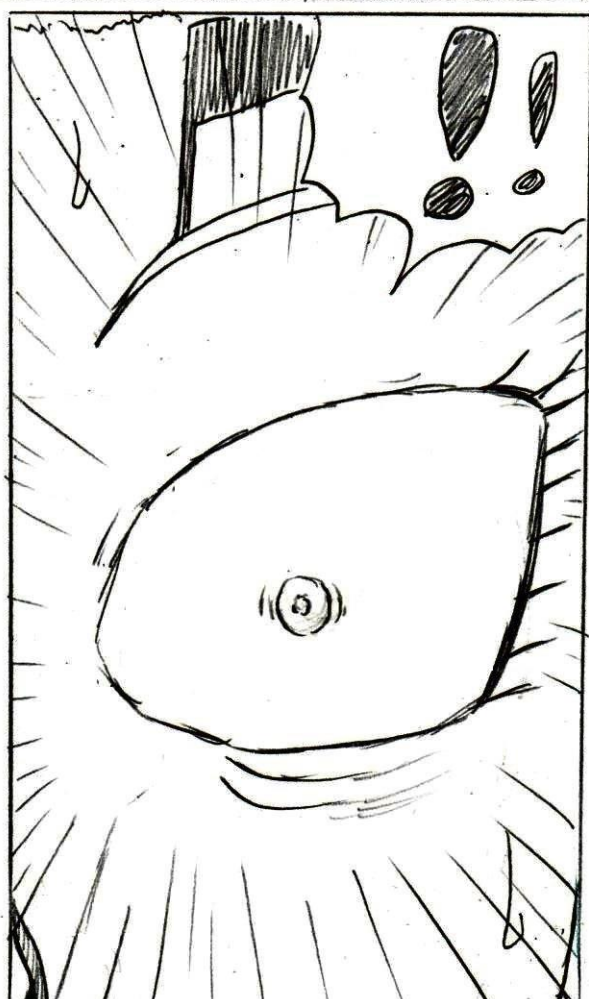

Finally, there is our last prisoner...

Since they are such a unique case, we're shipping them to a facility more experienced with dealing with them for safety.

Both for us and for them.

Prisoner Number: 1-1-3. Name: **Fasha**. A.k.a: *The Rogue Raven*. A.k.a: *The Lost Saiyan*.

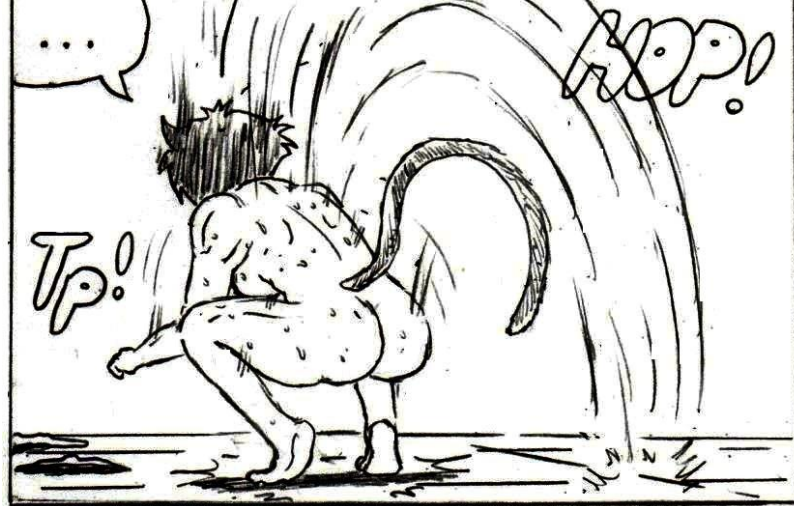

Registered as a former member of the *Frieza Force* in this timeline under the name *Celipa*...

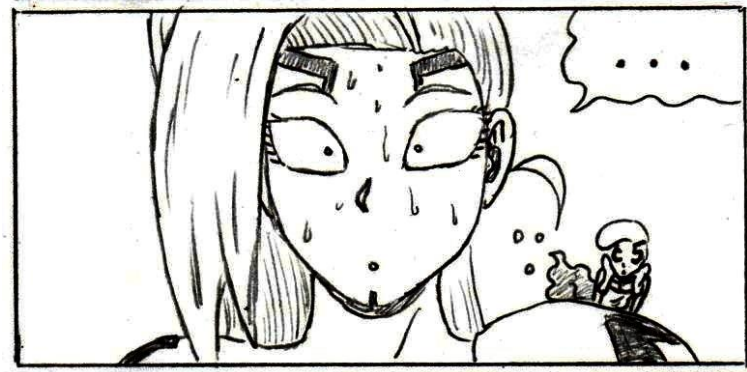

...and potentially the most dangerous being in this prison.

...this Saiyan is one of the last of her kind...

Yeah... she likes to workout a lot, which isn't forbidden... but her methods are unique.

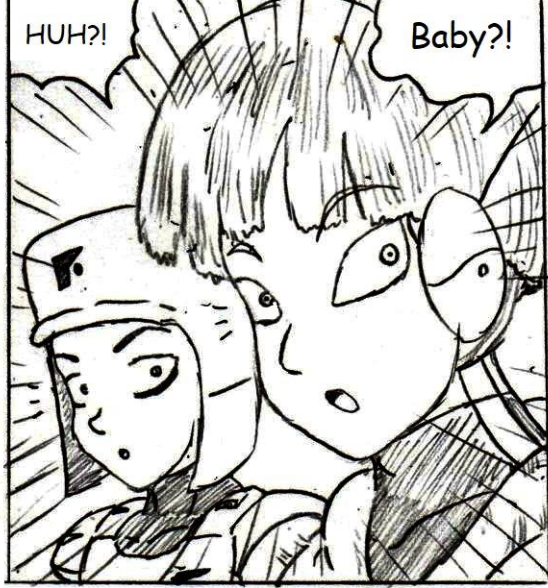

Papa... I'm scared....

It's okay, Baby. It's going to be alright...

Baby... my daughter... this is your papa, the King. I will combine our people's greatest technology with your body... and grant you *all* our secrets. P-Please... live for us...

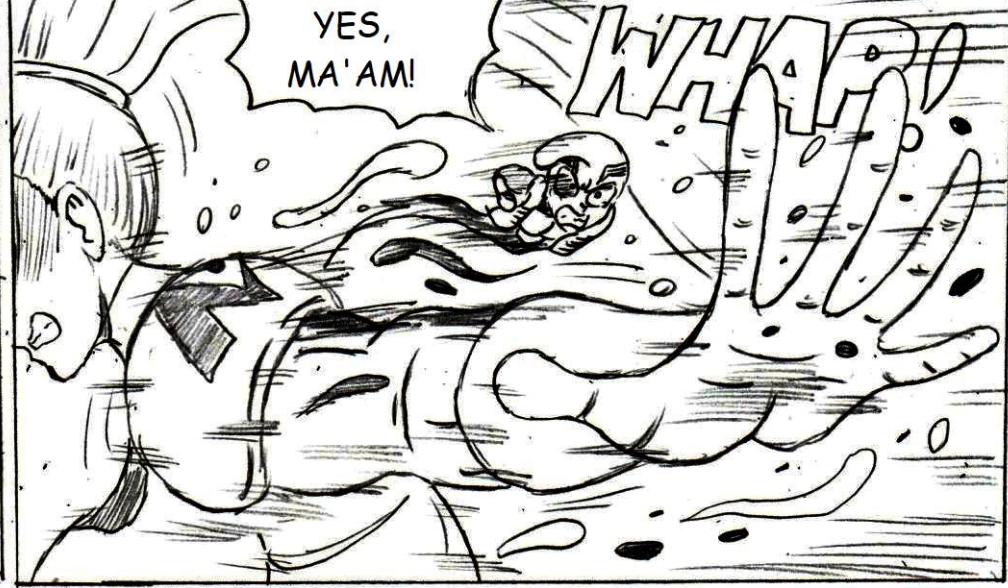

No... I... won't let you take my daughter! You hear me!

Baby... you have to avenge us!

HUH?!

Baby?!

YES,  
MA'AM!

**WHA!**

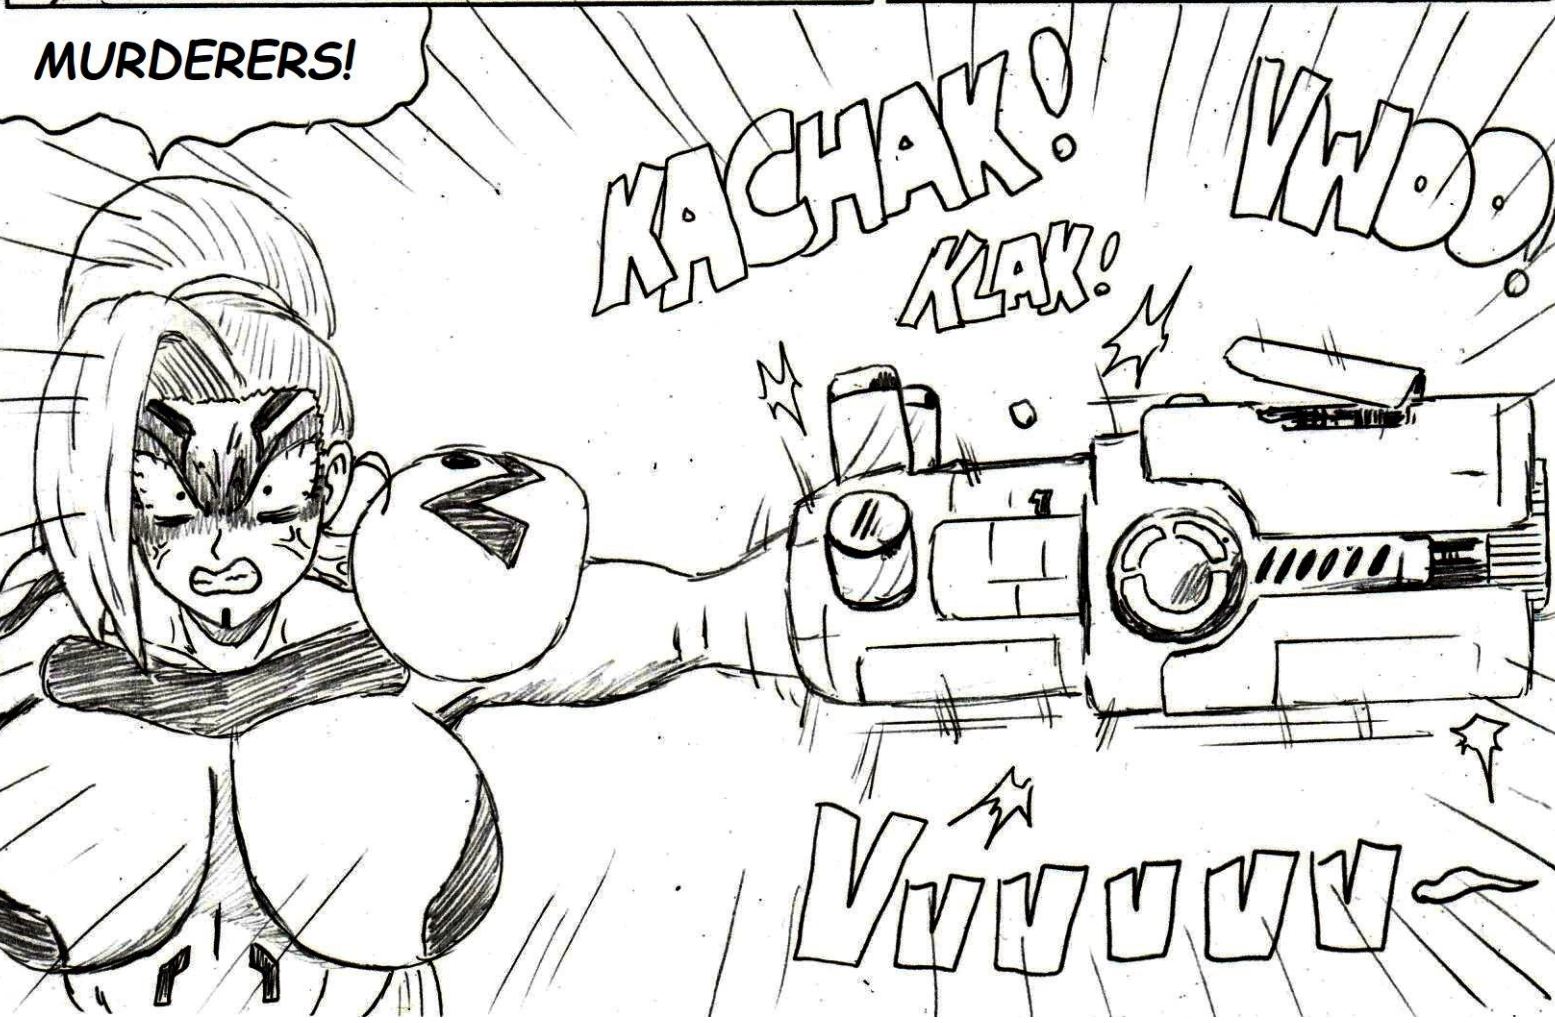

**WOO!**

**WOO!**

**WOO!**

**BLA!**

**MONSTERS! BUTCHERS!  
CHILD KILLERS!**

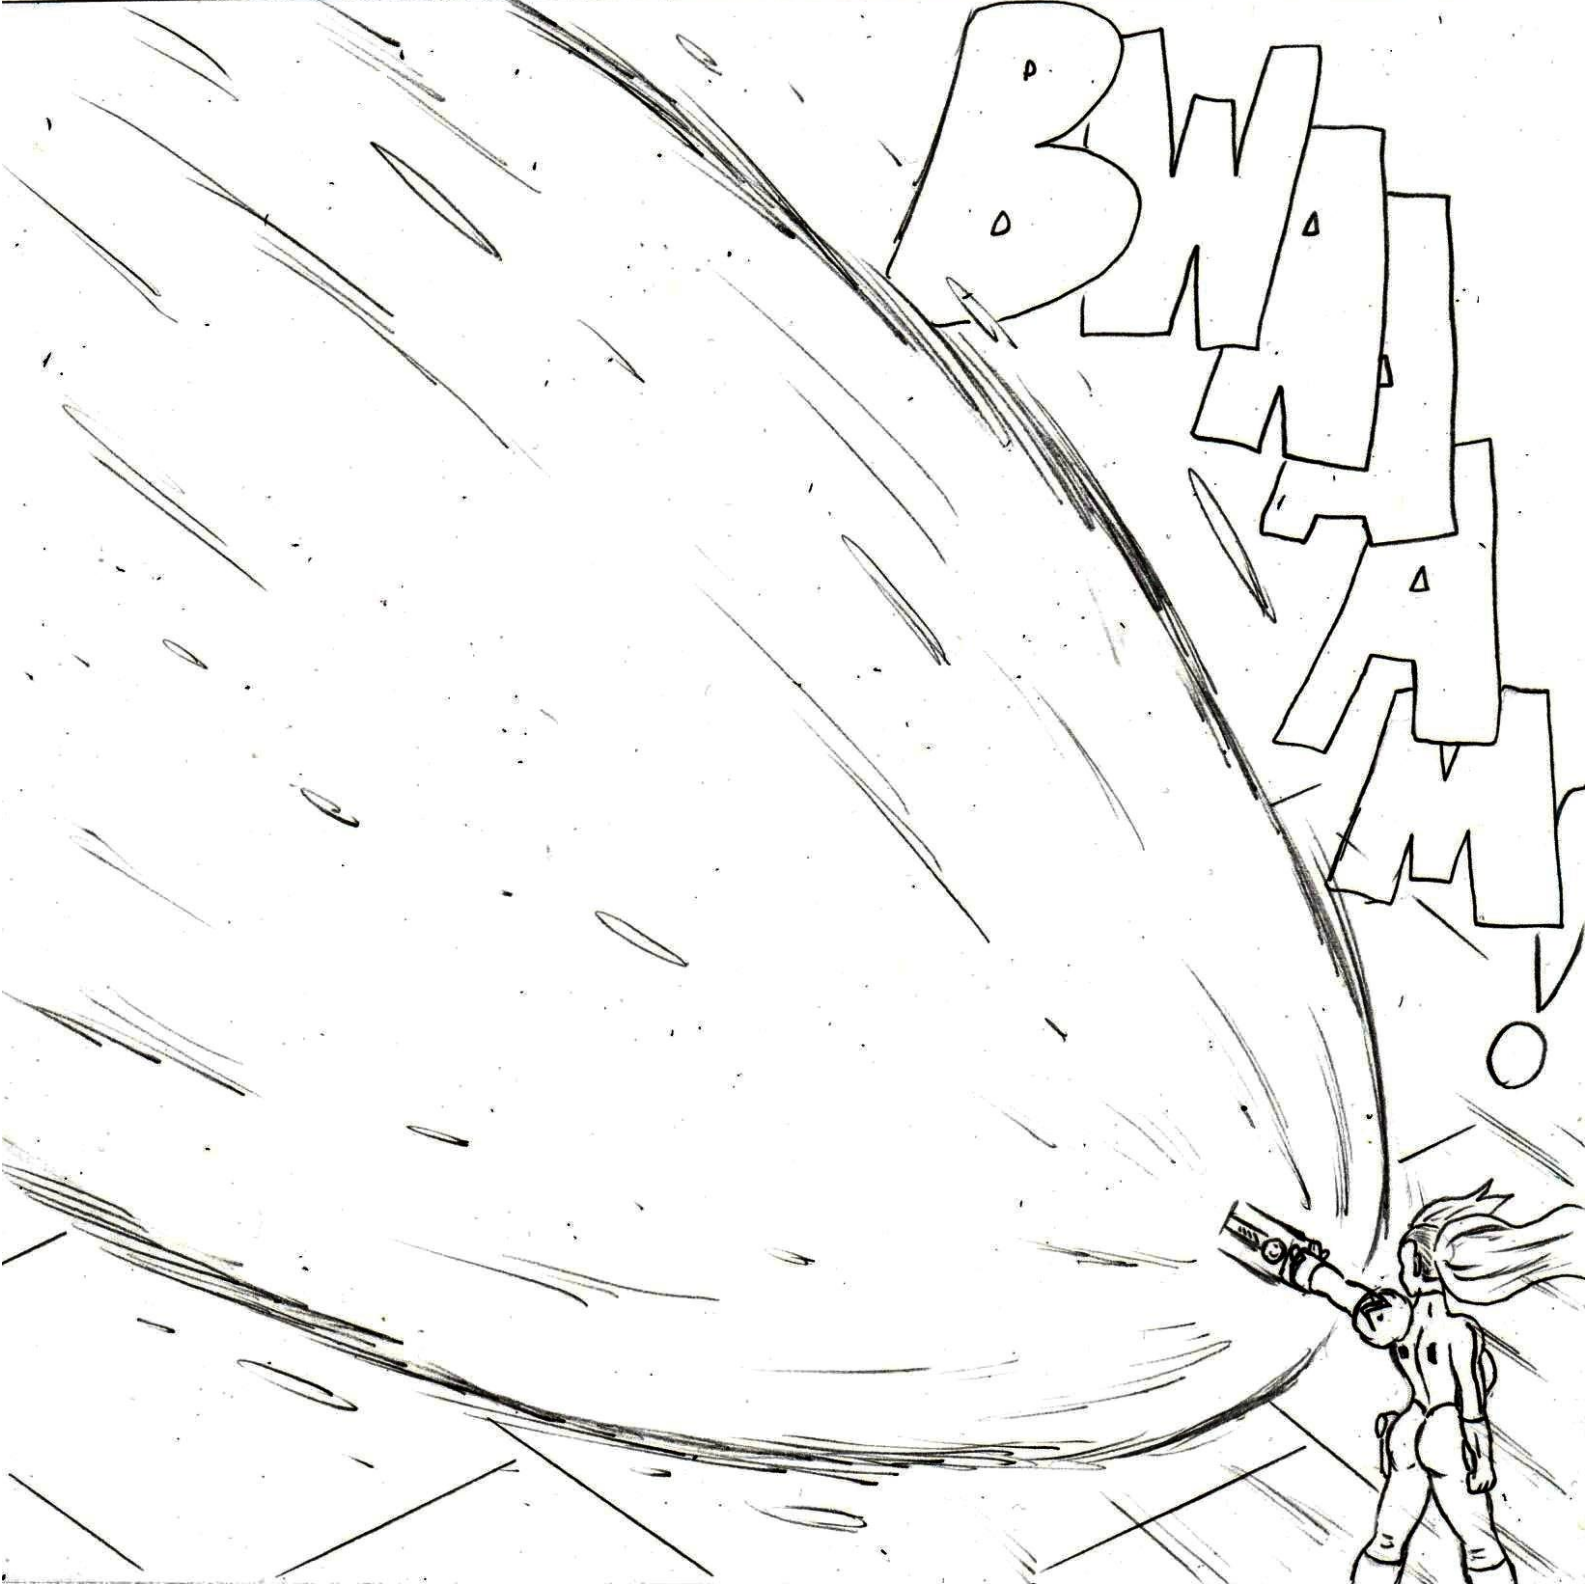

**MURDERERS!**

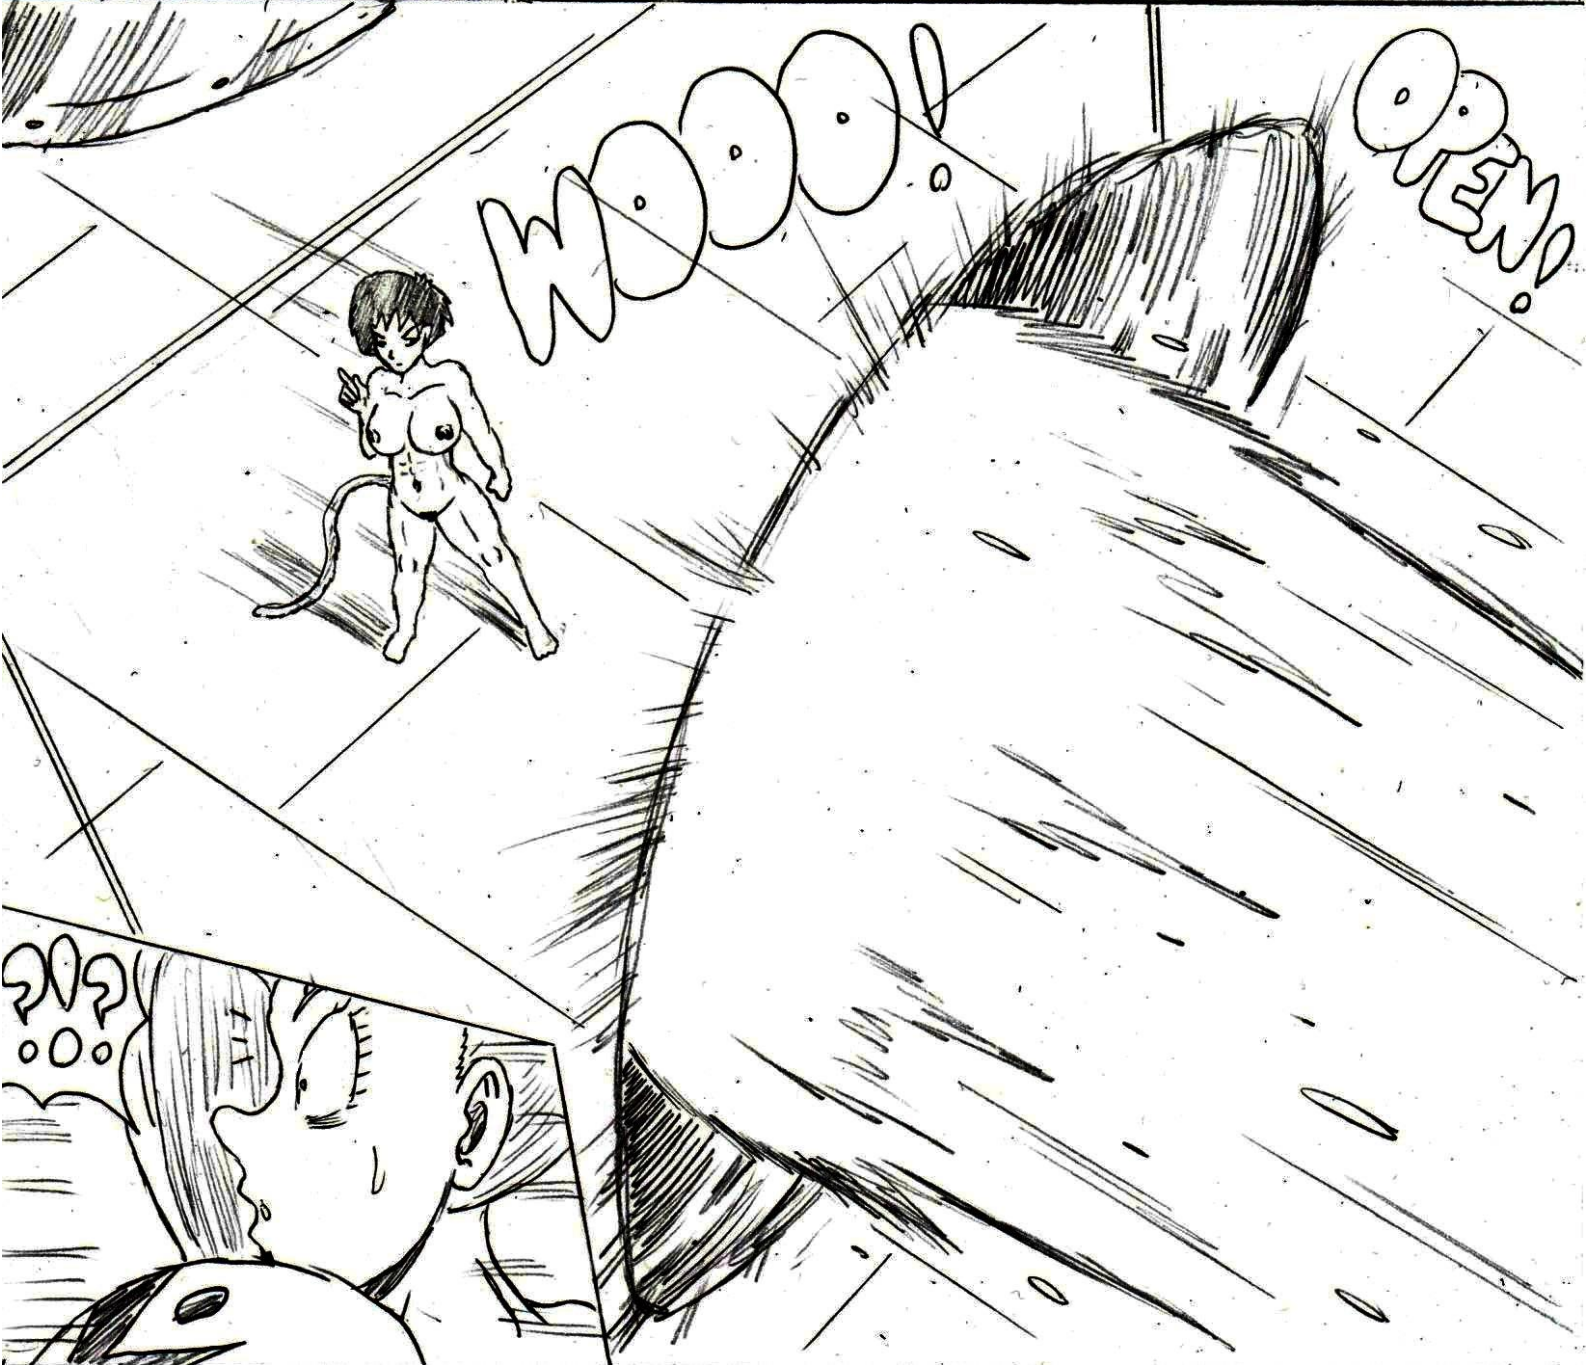

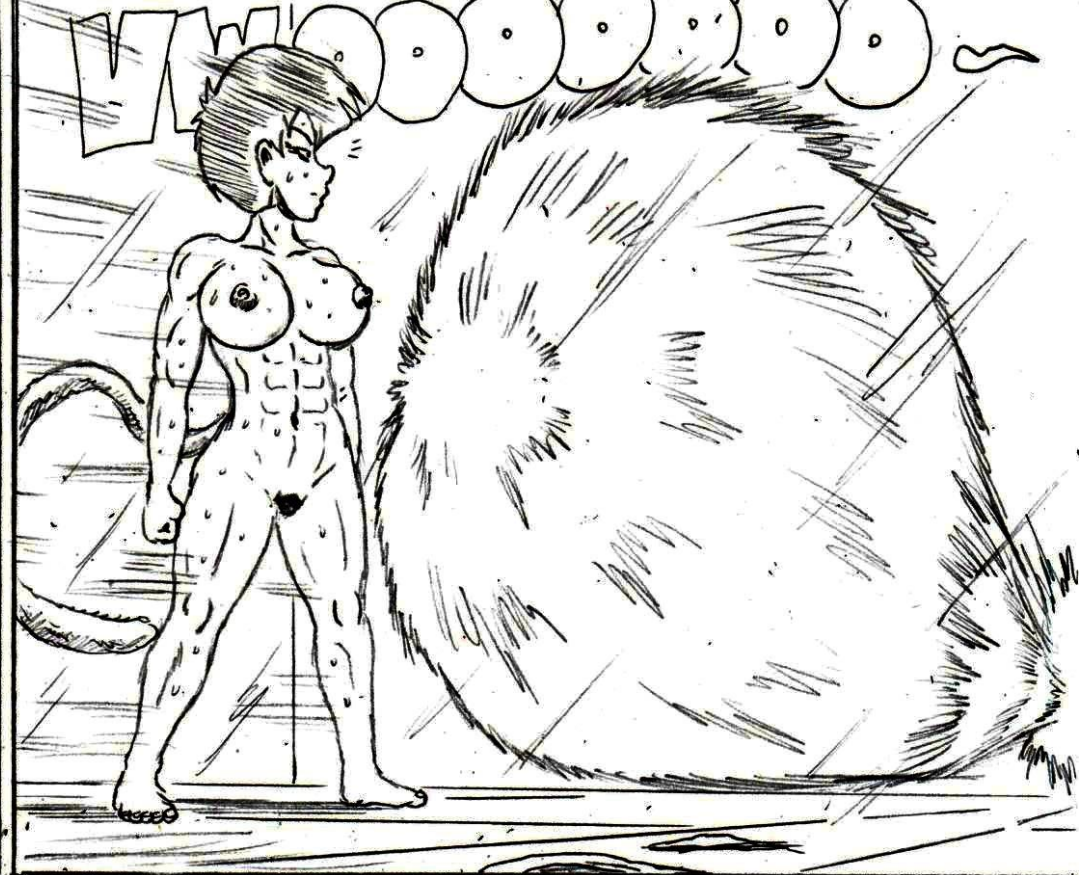

**KACHAK!**  
**KLAK!**

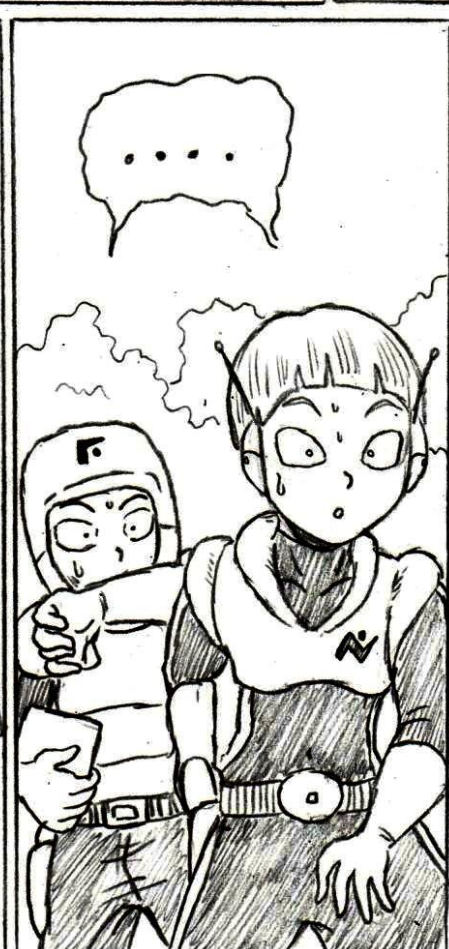

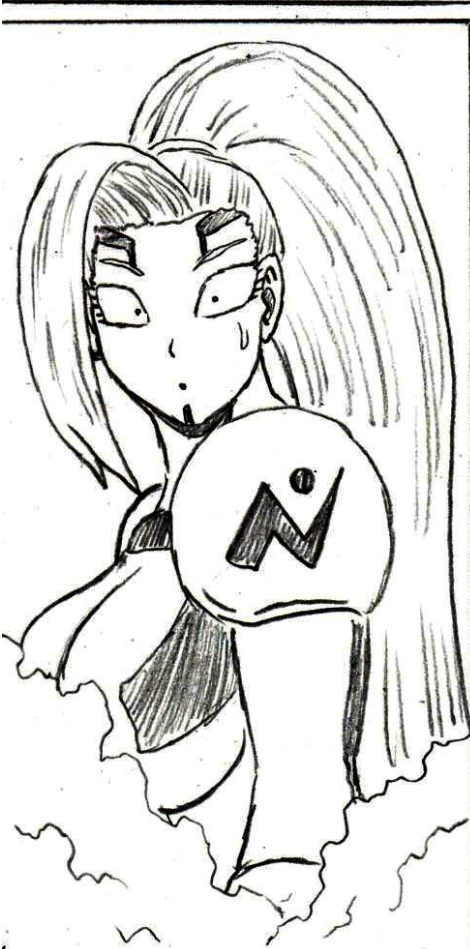

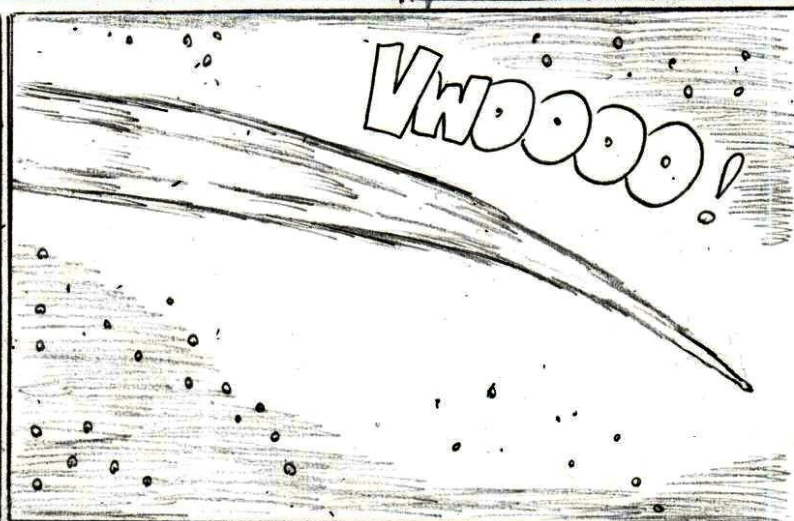

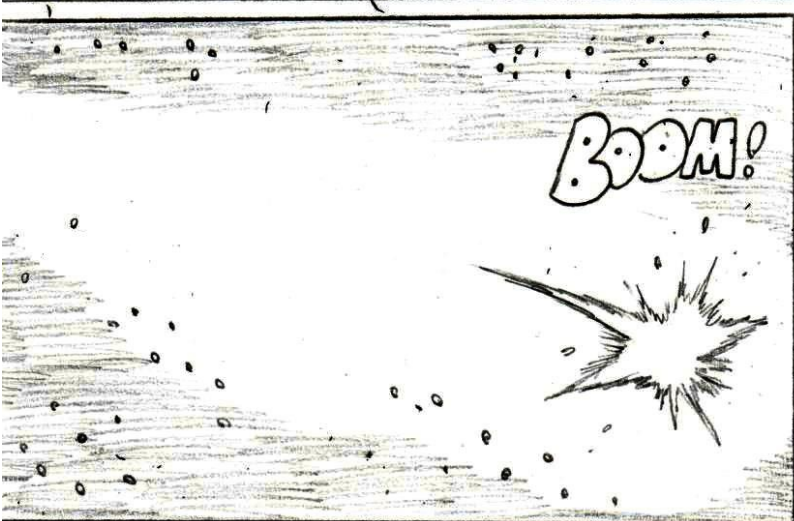

**WOO!**

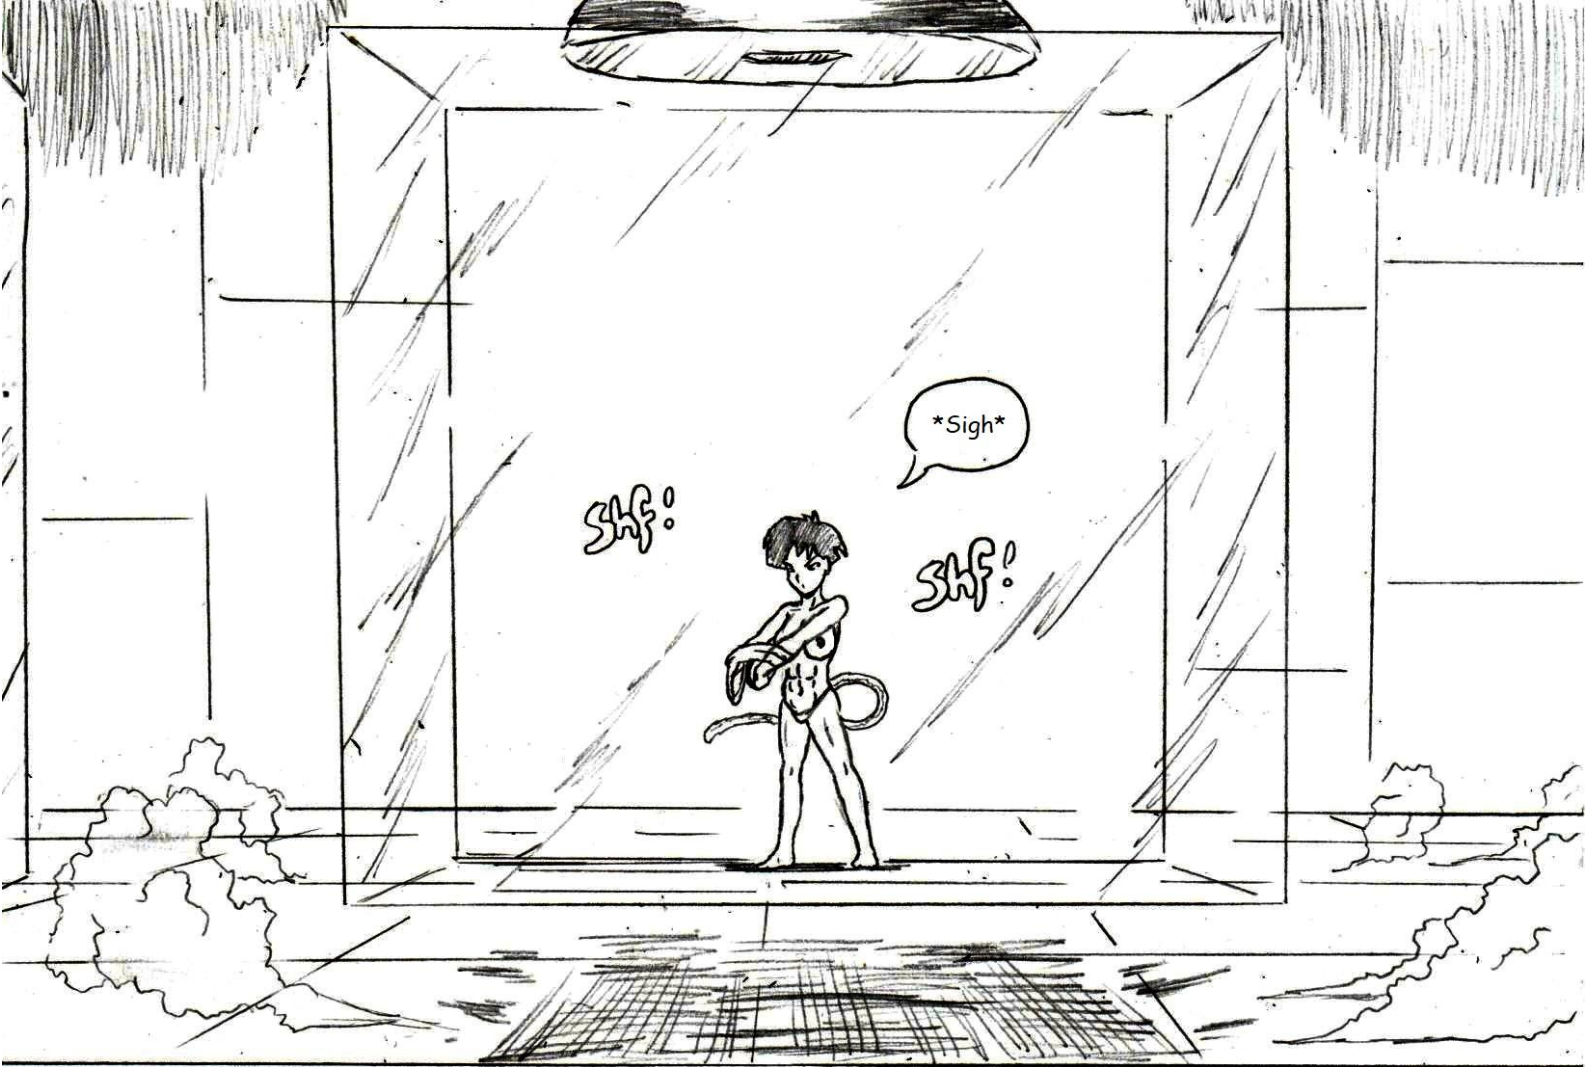

**VVVVVV**

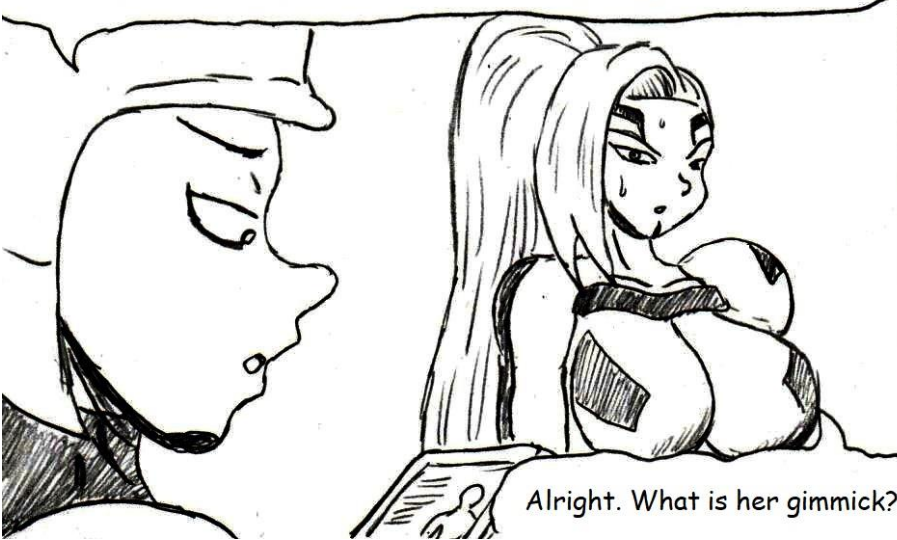

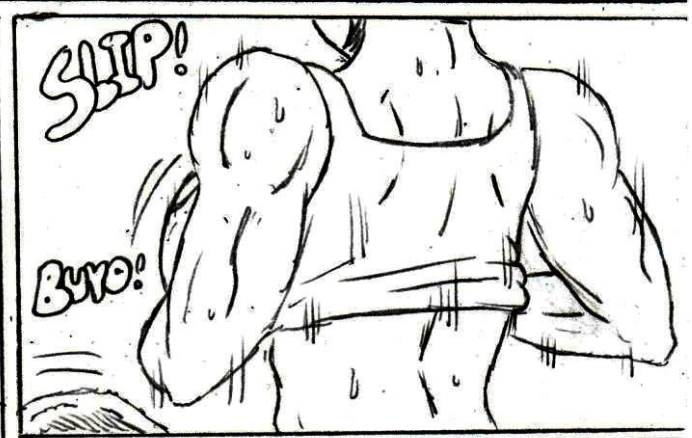

You saw for yourself.  
This woman is no  
ordinary inmate.

H-How?  
What just-

You can strike, cut, incinerate, dismember, decapitate, drown, melt, or  
blow her up as much as you like, forever. But you'll never be able to  
harm her.... at least for very long.

Alright. What is her gimmick?

Hey. I get that you're angry. But next time  
you want to have a temper tantrum without  
killing everyone in sight... do us all a favour  
and take it outside.

As a Saiyan, she possesses a combination of both **Chronokinetic** and **Spatiokinetic** abilities, which she has such a mastery over, it places her in a category of power that our specialists can't even calculate.

This version of Fasha did not come from this timeline. In fact, her reality is so far removed from ours that I doubt even the best agents of the *Time Patrol* would be able to track it down.

STRETCH~

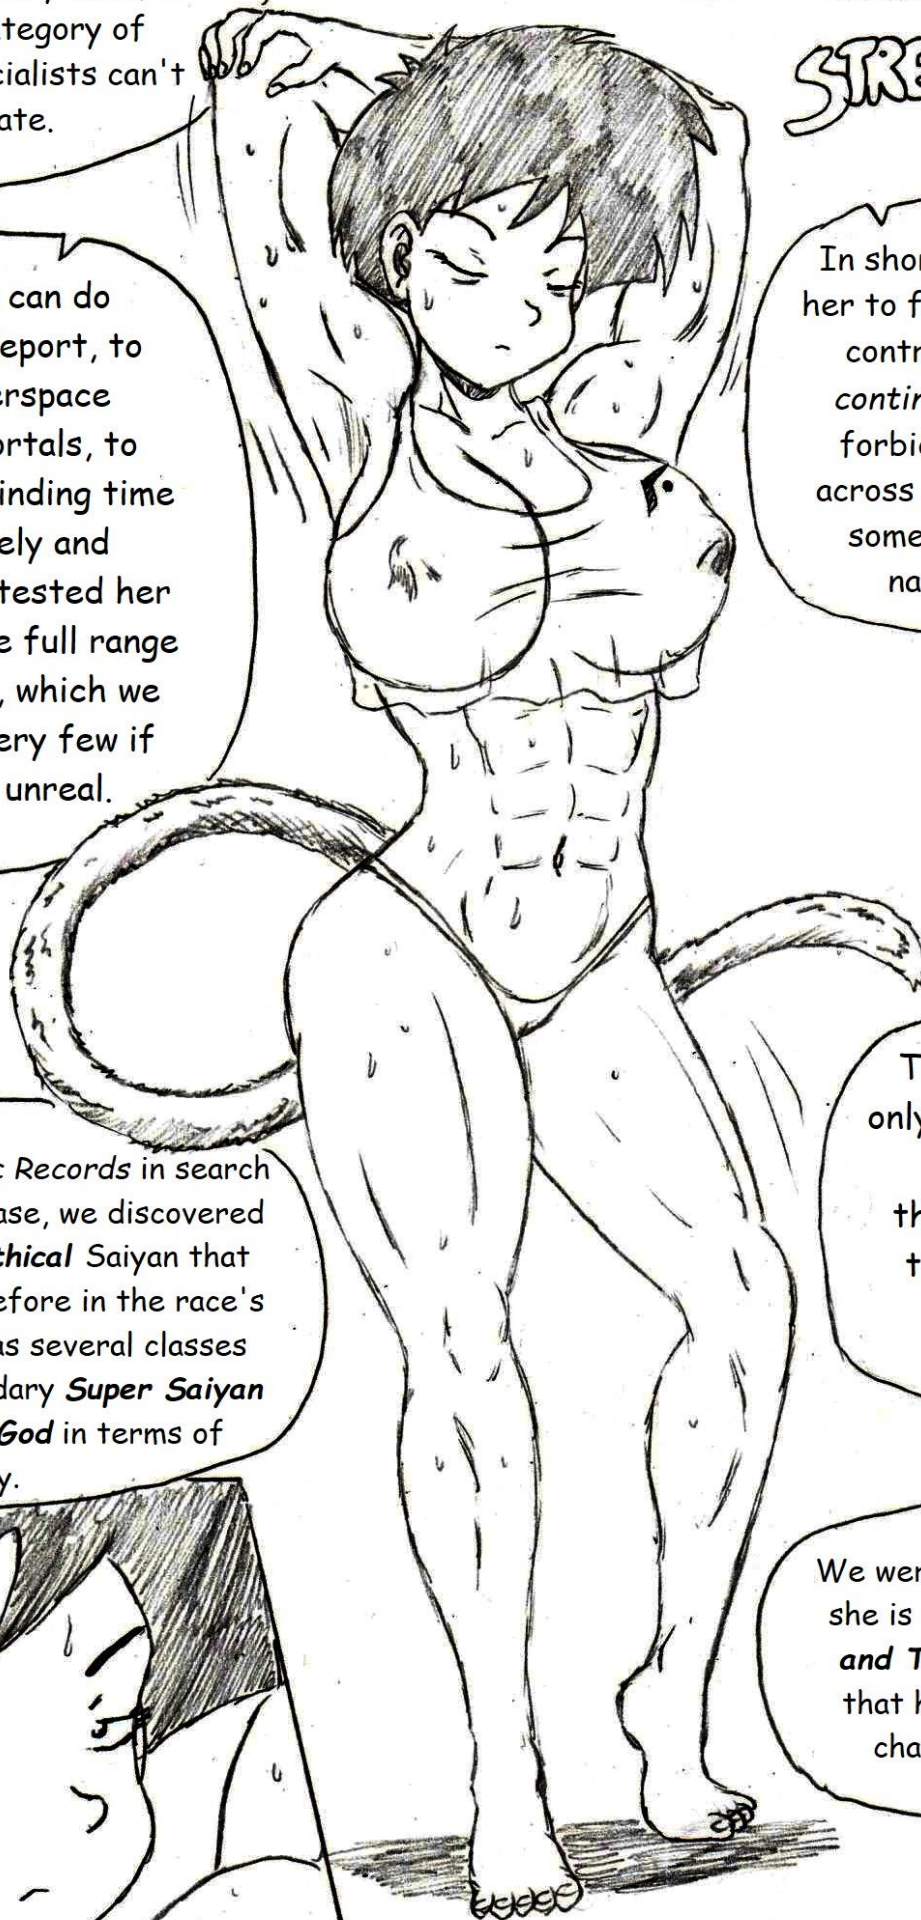

In short, her powers allow her to freely manipulate and control the *space-time continuum*; a skill that is forbidden and outlawed across the universe, but is something that occurs naturally for her.

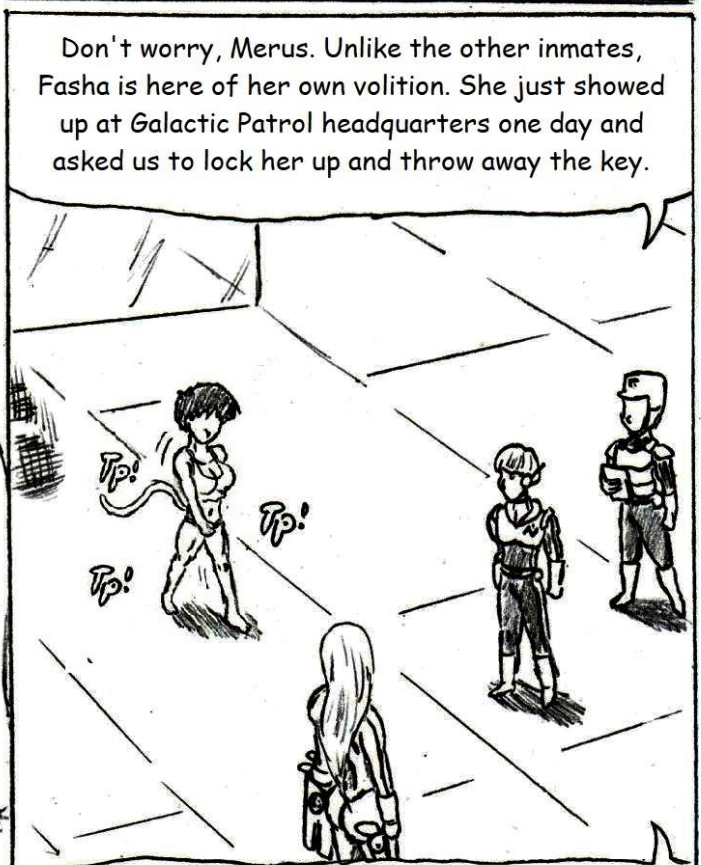

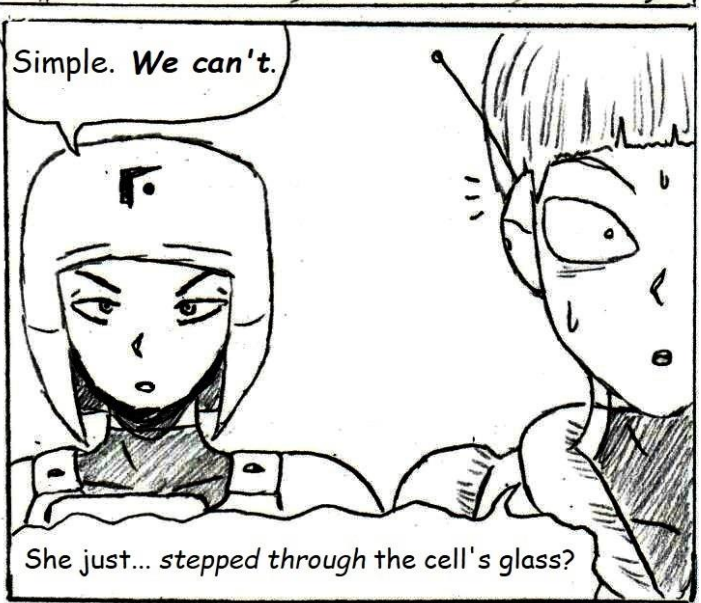

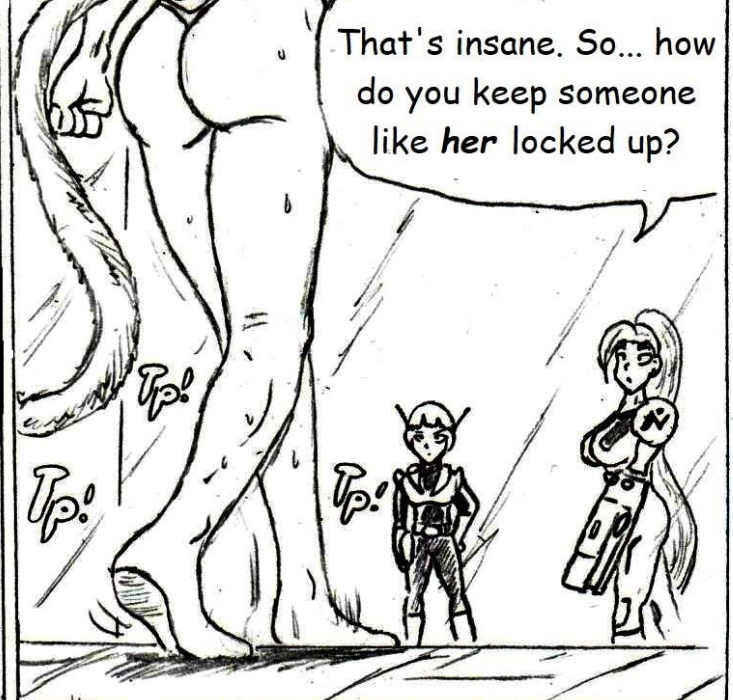

This means she can do anything from teleport, to opening up hyperspace wormholes and portals, to forwarding and rewinding time at will- selectively and universally. We've tested her to try and gauge the full range of her capabilities, which we discovered have very few if any limits. It is unreal.

This makes her not only the most powerful being here, but theoretically one of the most powerful beings in the multiverse.

Upon scouring *Galactic Records* in search of an answer to her case, we discovered that there was a **mythical** Saiyan that appeared only **once** before in the race's lifetime- one that was several classes above both the legendary **Super Saiyan** and **Super Saiyan God** in terms of rarity.

We were able to deduce that she is the **Saiyan of Space and Time**- a rare anomaly that has a one in a trillion chance of being born.

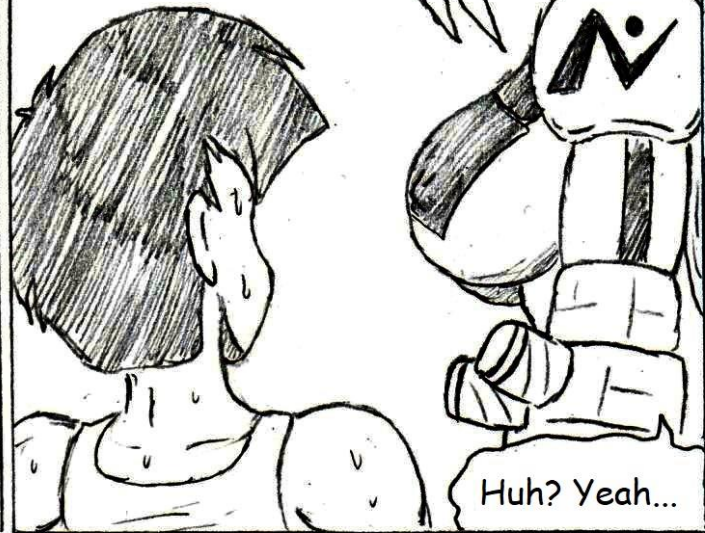

She has no intention of harming any of us.

Heh. Makes sense... since my kind brought suffering down upon your people in the past and destroyed them... I can understand why you reacted the way you did. *This must be fate.* I suppose, if anyone could do it... **you** might be the one...

You're a Tuffle, aren't you?

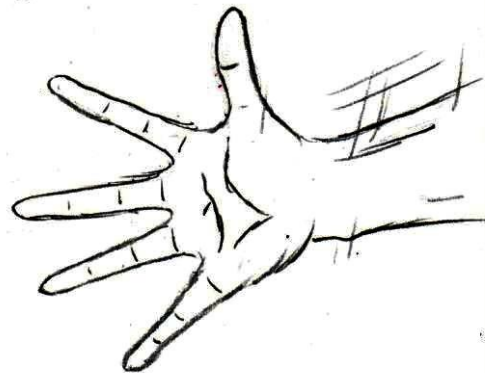

Huh? Yeah...

If you wish to take vengeance for your people... **now's** your chance.

I'll let you cut me down with your best shot. Right here, right now.

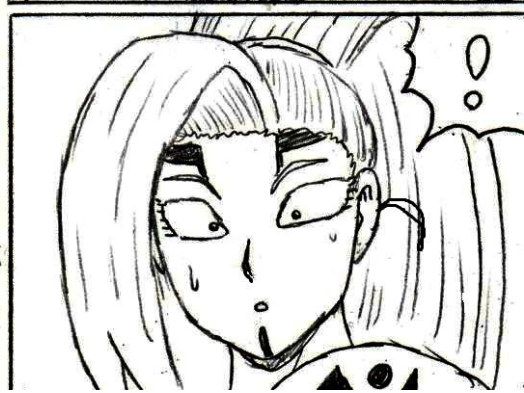

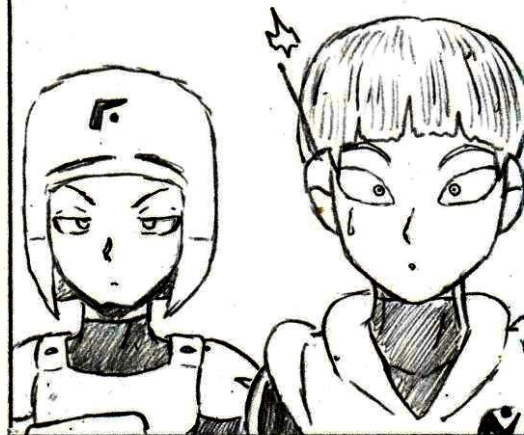

**RWP!**

I promise I won't move or react in any way. All I ask... is that you make sure it's lethal. Please...

Are you serious? You're not planning to teleport away or attack me or anything? This isn't some underhanded trick you're cooking up to pull on me, Saiyan?

As you wish.

Lethal, huh?

....

UUUU!

KLAK!

KLAK!

KA

CHAK!

SSSS~

BWSSHH!

UUUU~

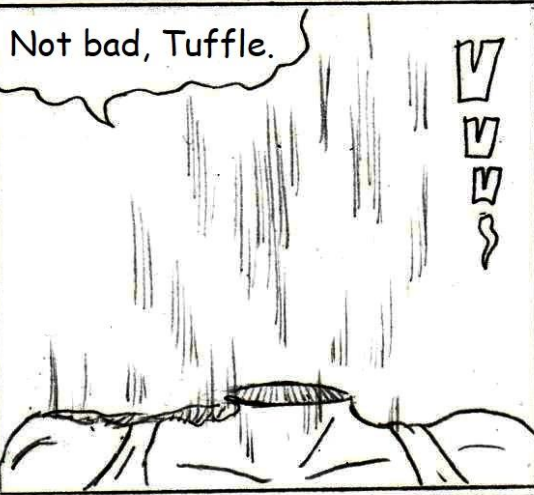

Hakai.  
(Destruction)

I copied this technique from Lord Beerus when Merus-senpai and I met him decades ago, and I had the chance to analyze his abilities and add them to my arsenal.

It may not be complete and very limited, but it does the job. This should disintegrate her in seconds-

Not bad, Tuffle.

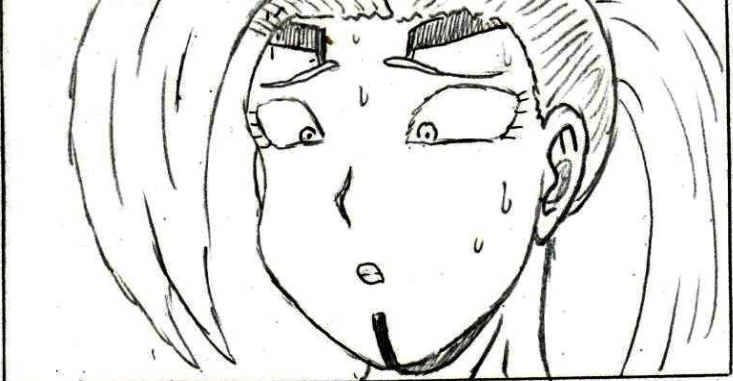

Not bad at all.

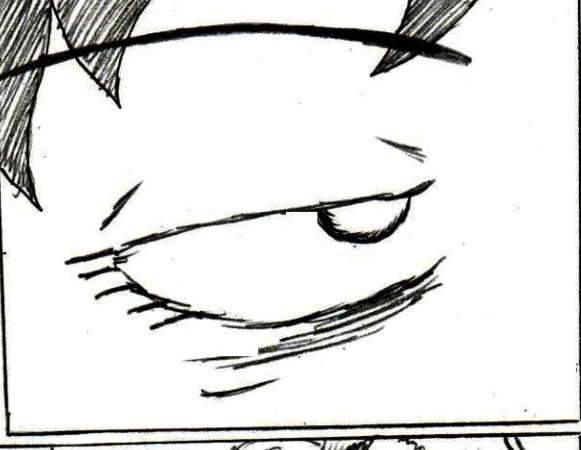

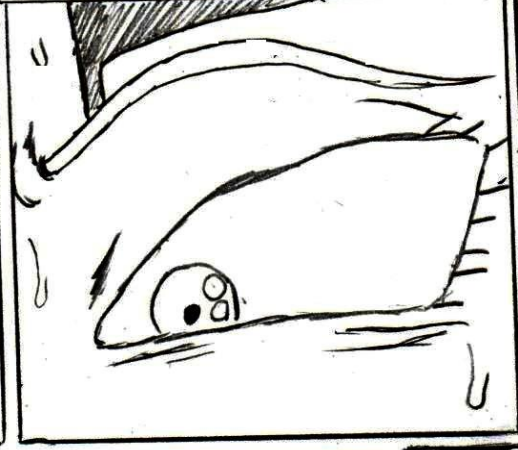

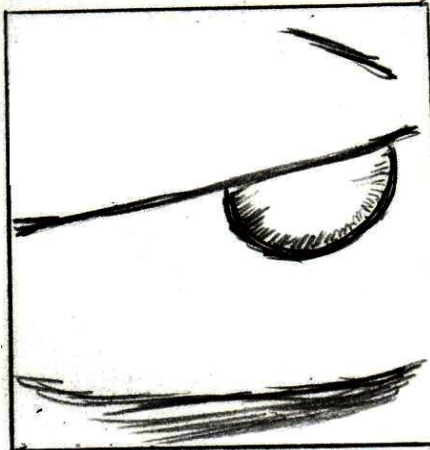

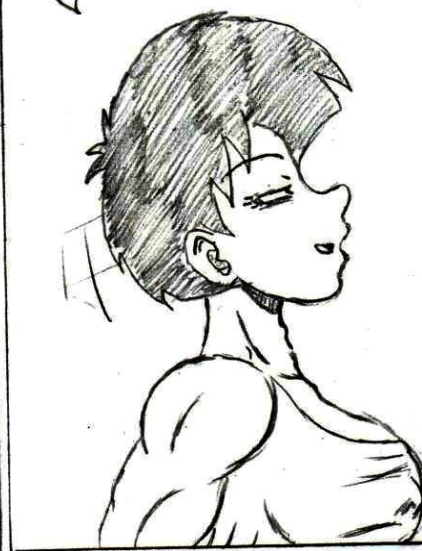

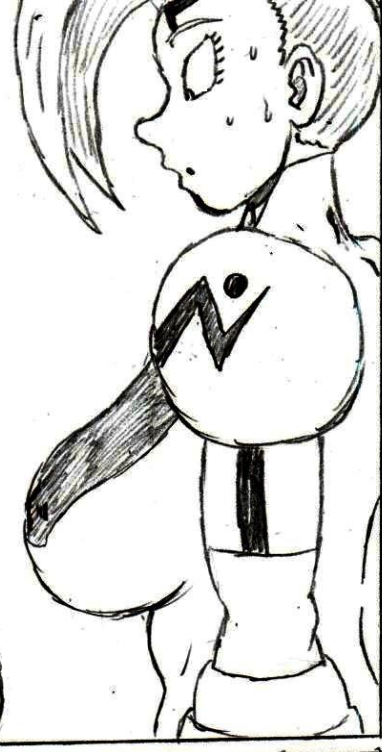

But... at least now I know that not even Lord Beerus's powers- even an imitation- can break the curse on me. Oh well...

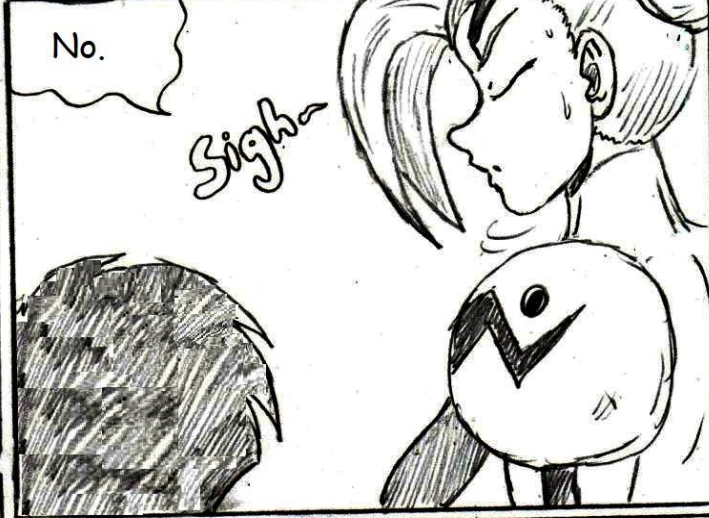

Would you like to give it one more try?

.....

I'm sorry.

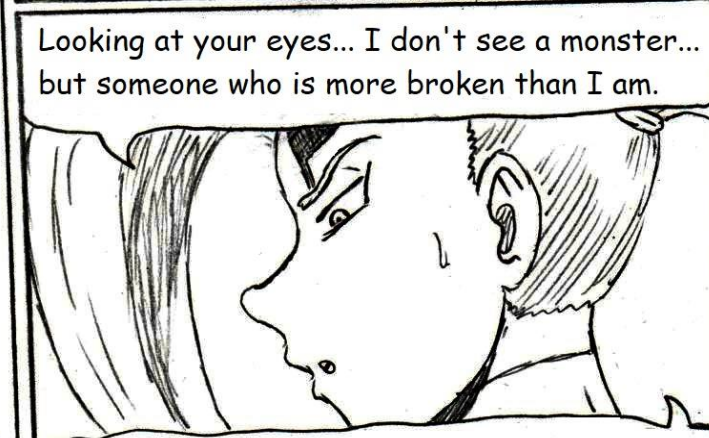

No.

*Sigh~*

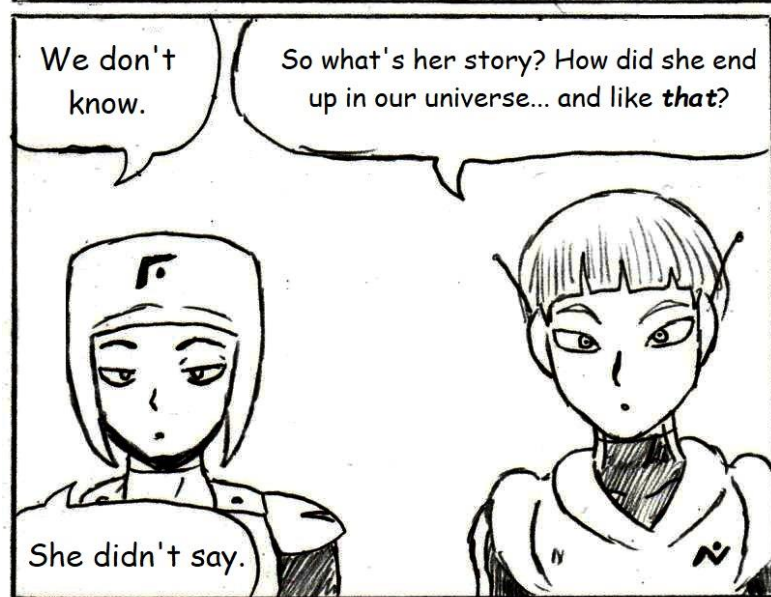

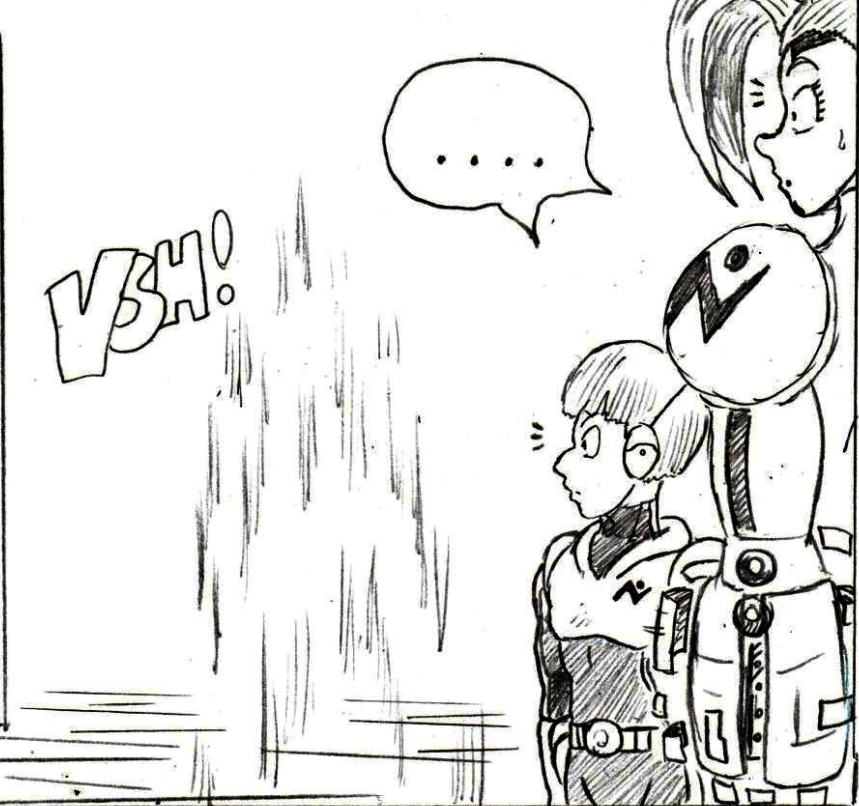

I'm sorry, too.

Heh. That's okay.

Looking at your eyes... I don't see a monster... but someone who is more broken than I am.

So killing you again won't bring any satisfaction.

We don't know.

So what's her story? How did she end up in our universe... and like *that*?

She didn't say.

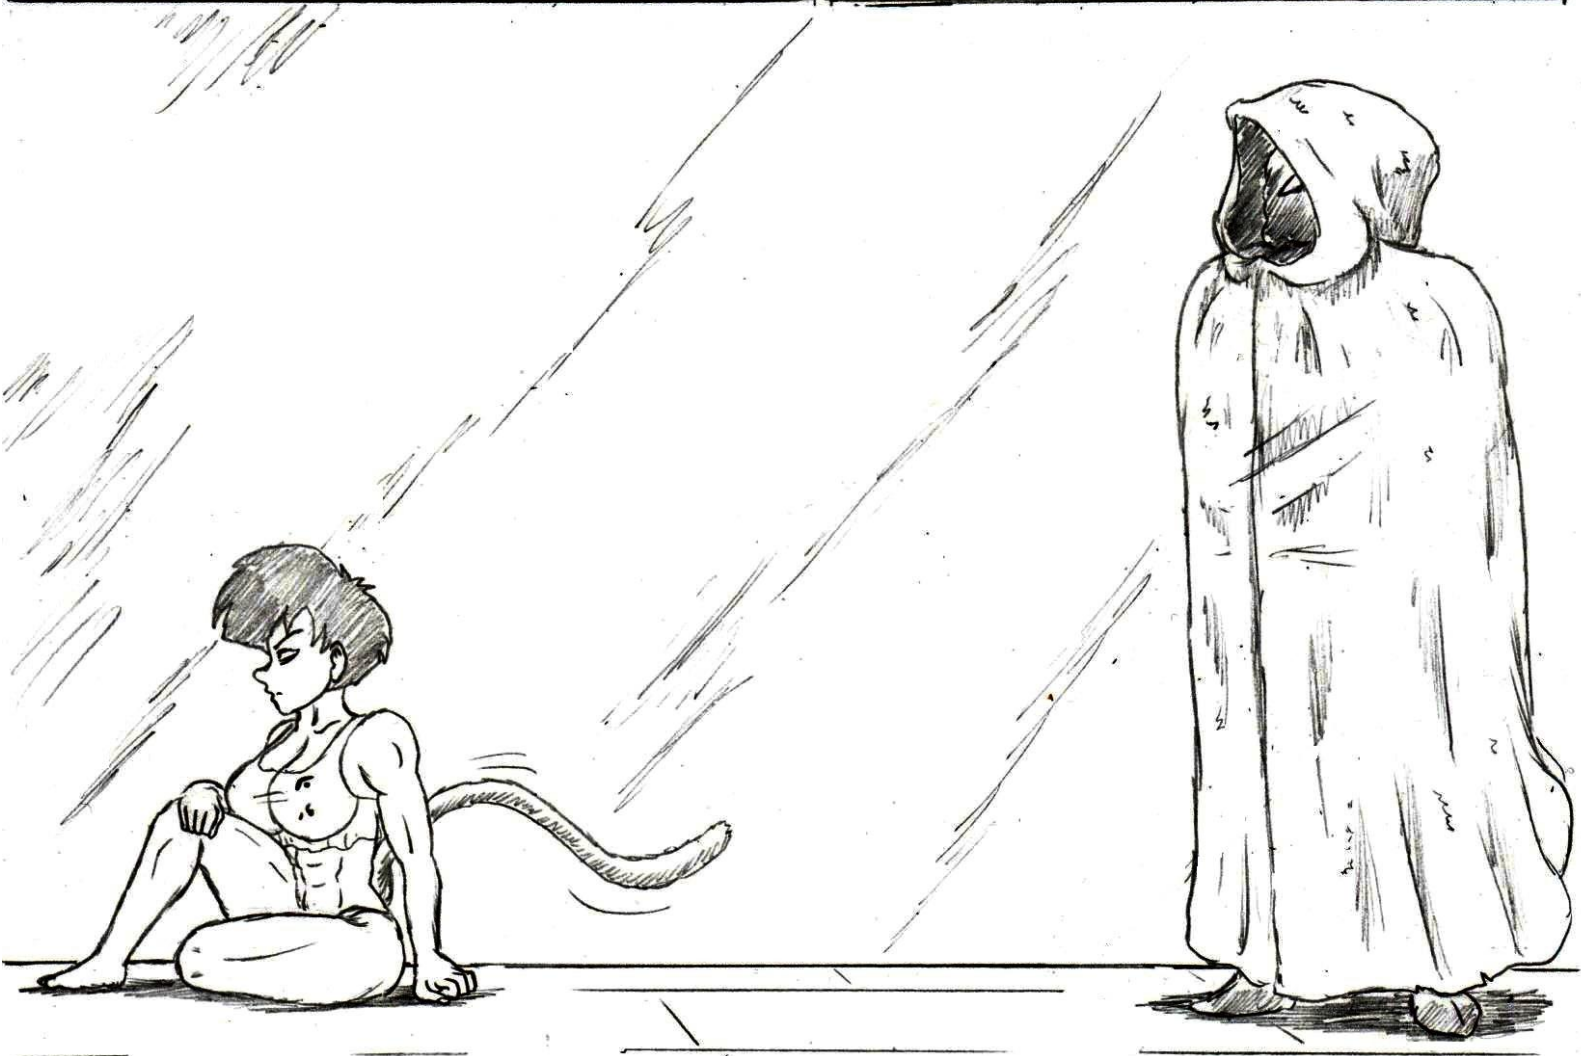

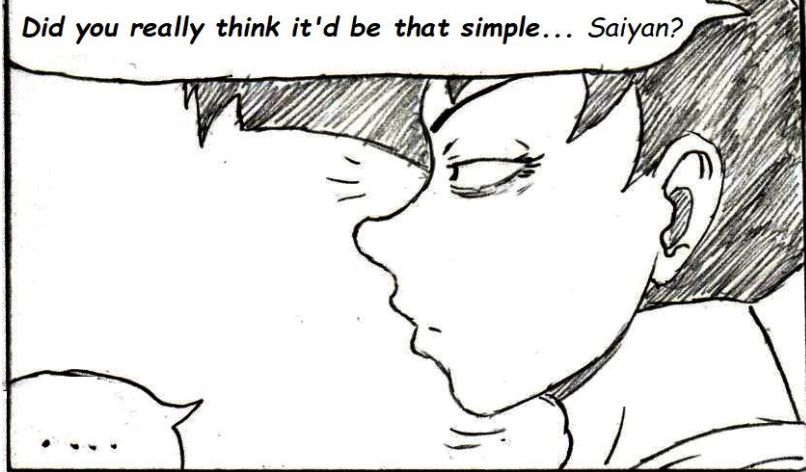

All we know is she is afflicted by some incredibly nasty curse which is space-time in nature and stops her from dying. Hence her unique abilities.

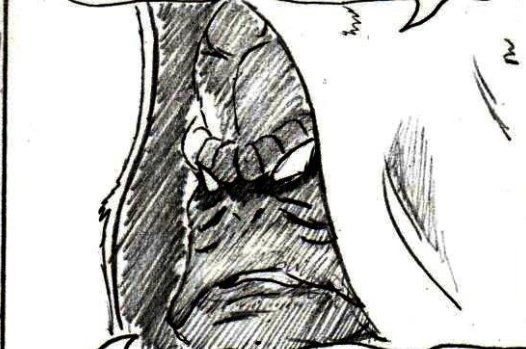

Clearly it has affected her greatly. I can't even begin to imagine what she did to be landed with such an affliction... and what it's doing to her spirit.

Did you really think it'd be that simple... Saiyan?

GLARE

Hmph. You may have broken out of your timeloop imprisonment... but you're far from free.

You can try as hard as you like... but you will never escape your punishment.

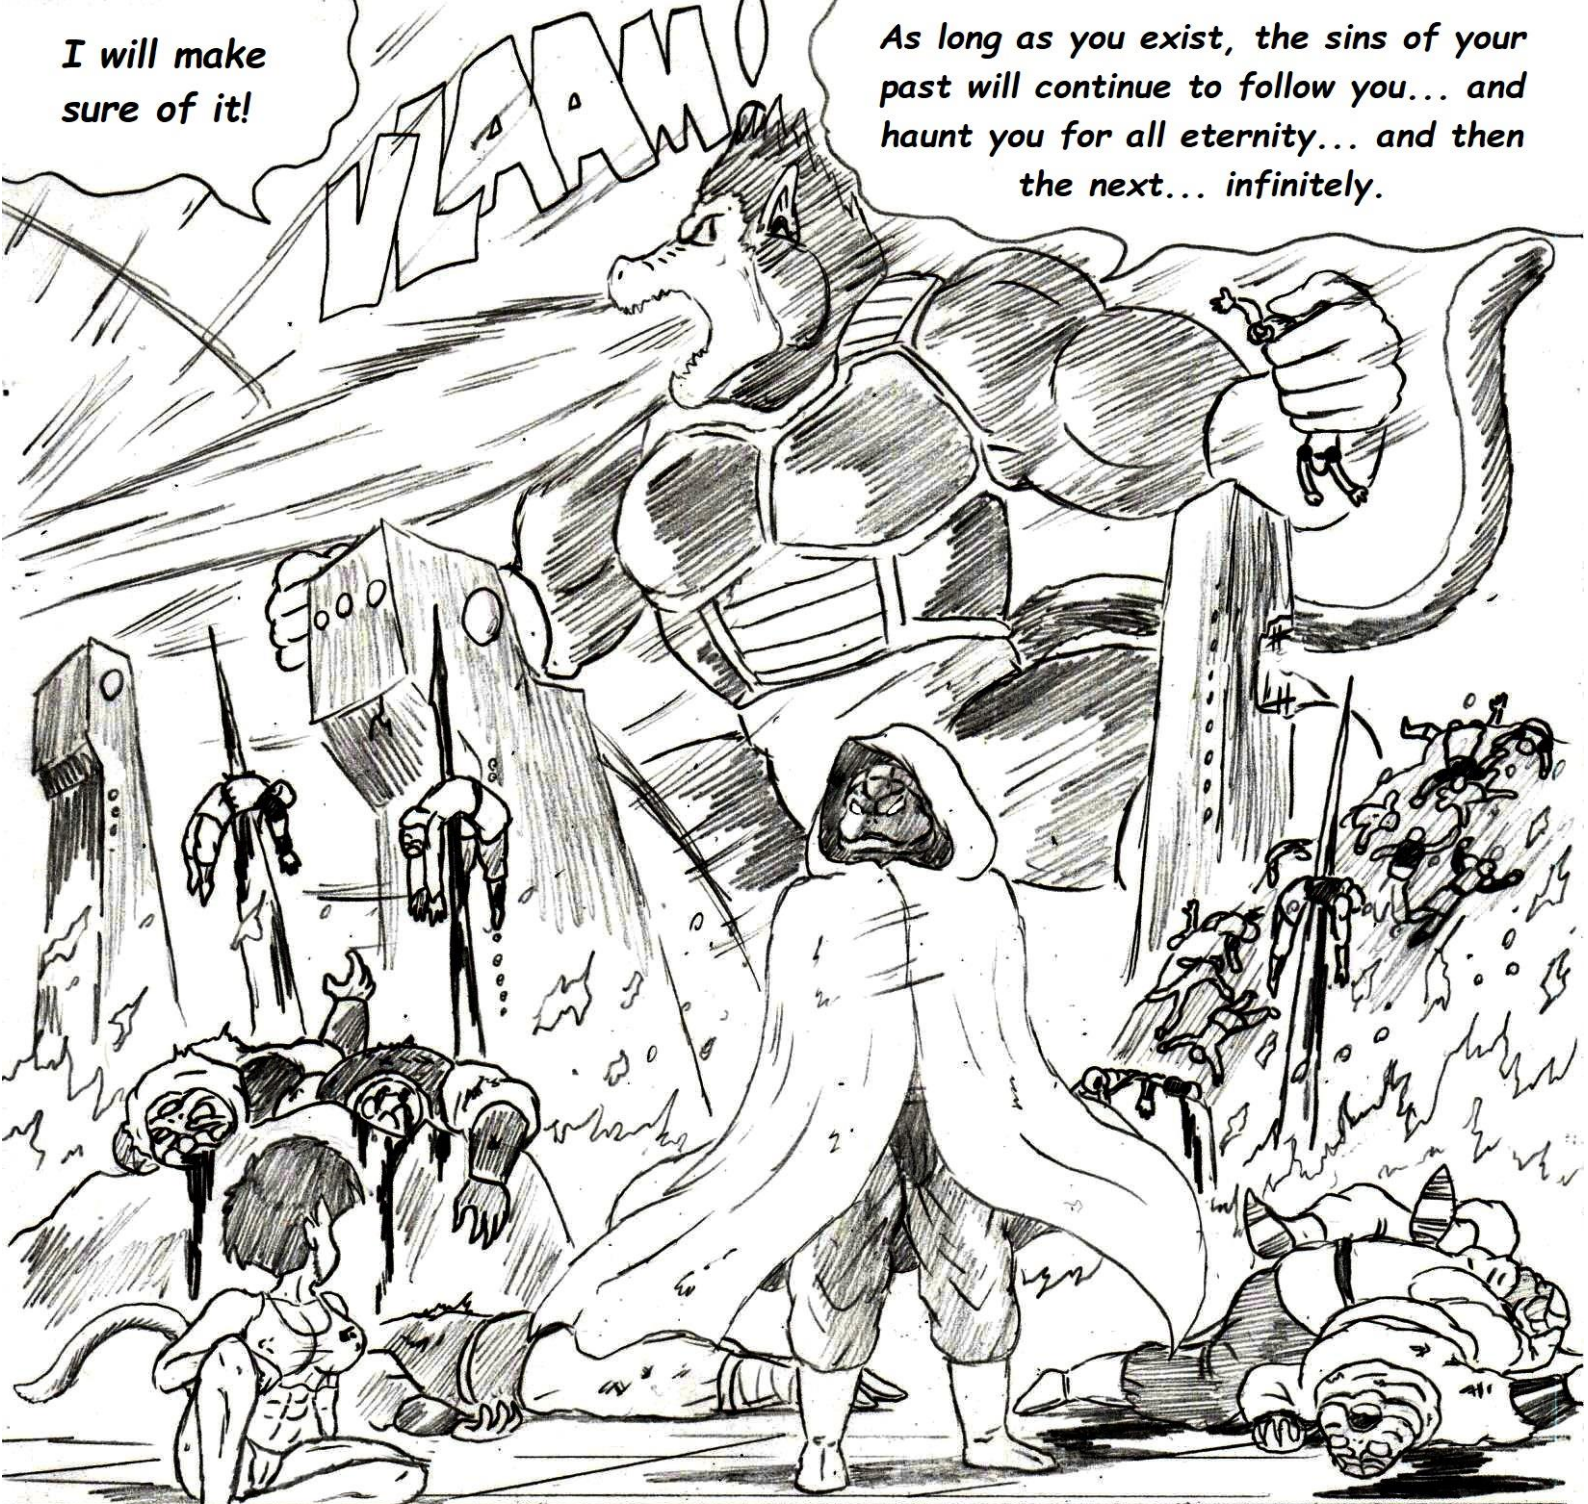

Teh. No. But it was worth a shot... anything to make me feel something real for a change... which I can't.

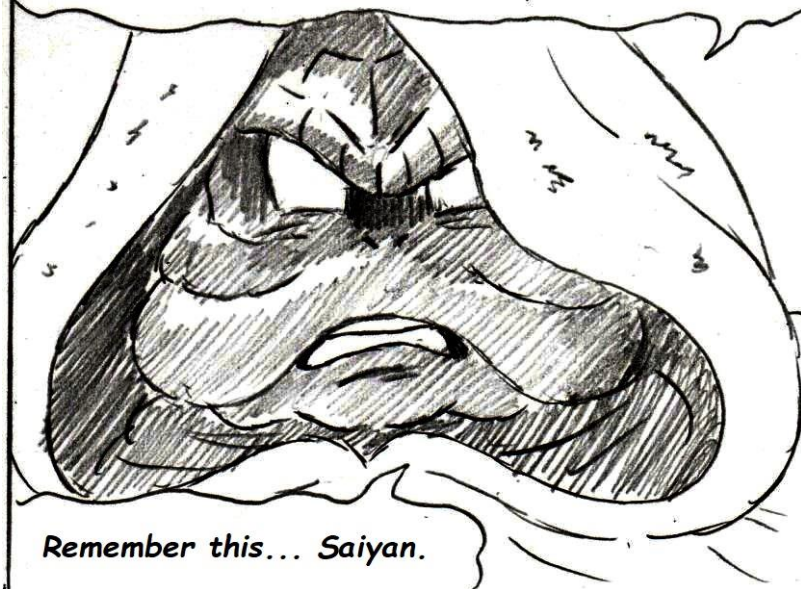

No thanks to you.

*I will make  
sure of it!*

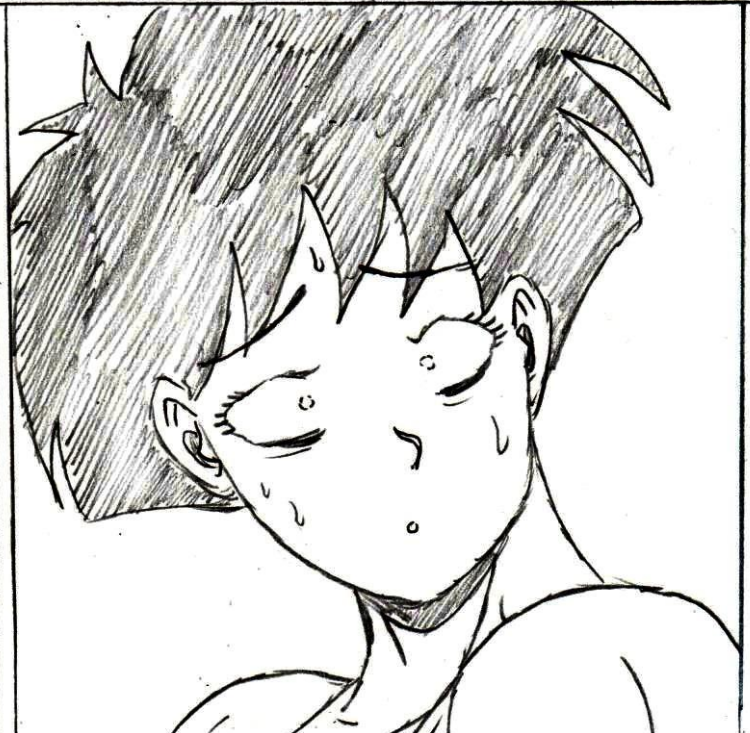

*As long as you exist, the sins of your  
past will continue to follow you... and  
haunt you for all eternity... and then  
the next... infinitely.*

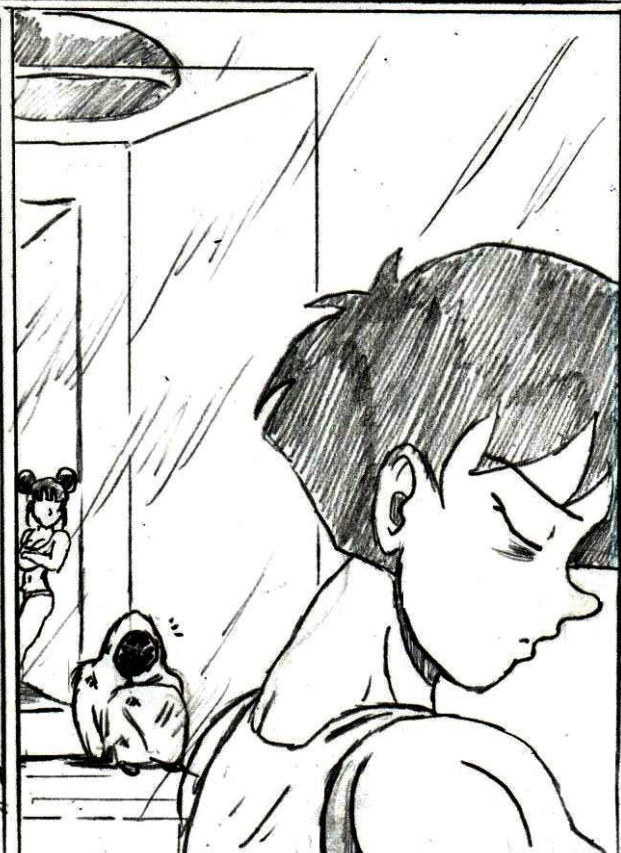

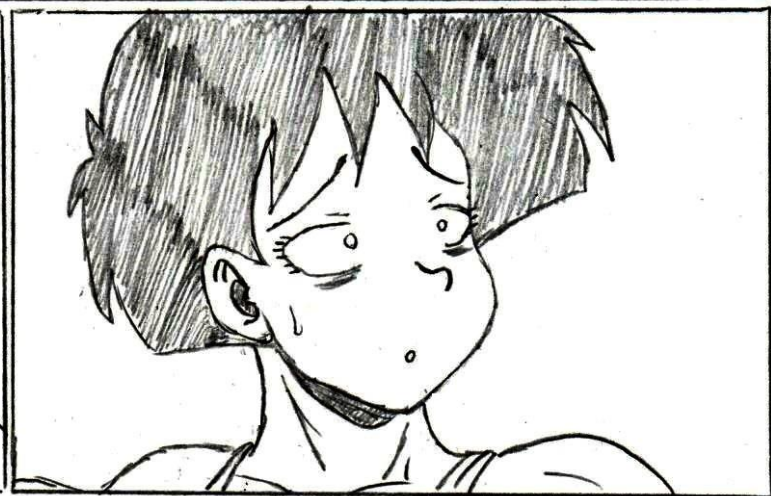

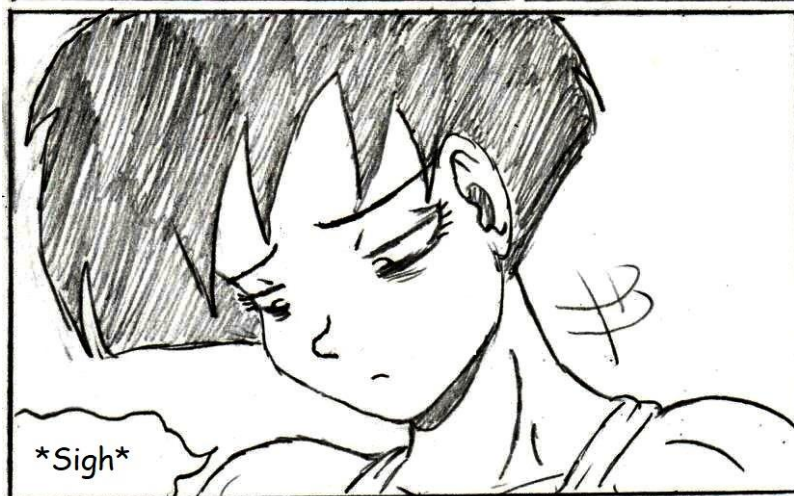

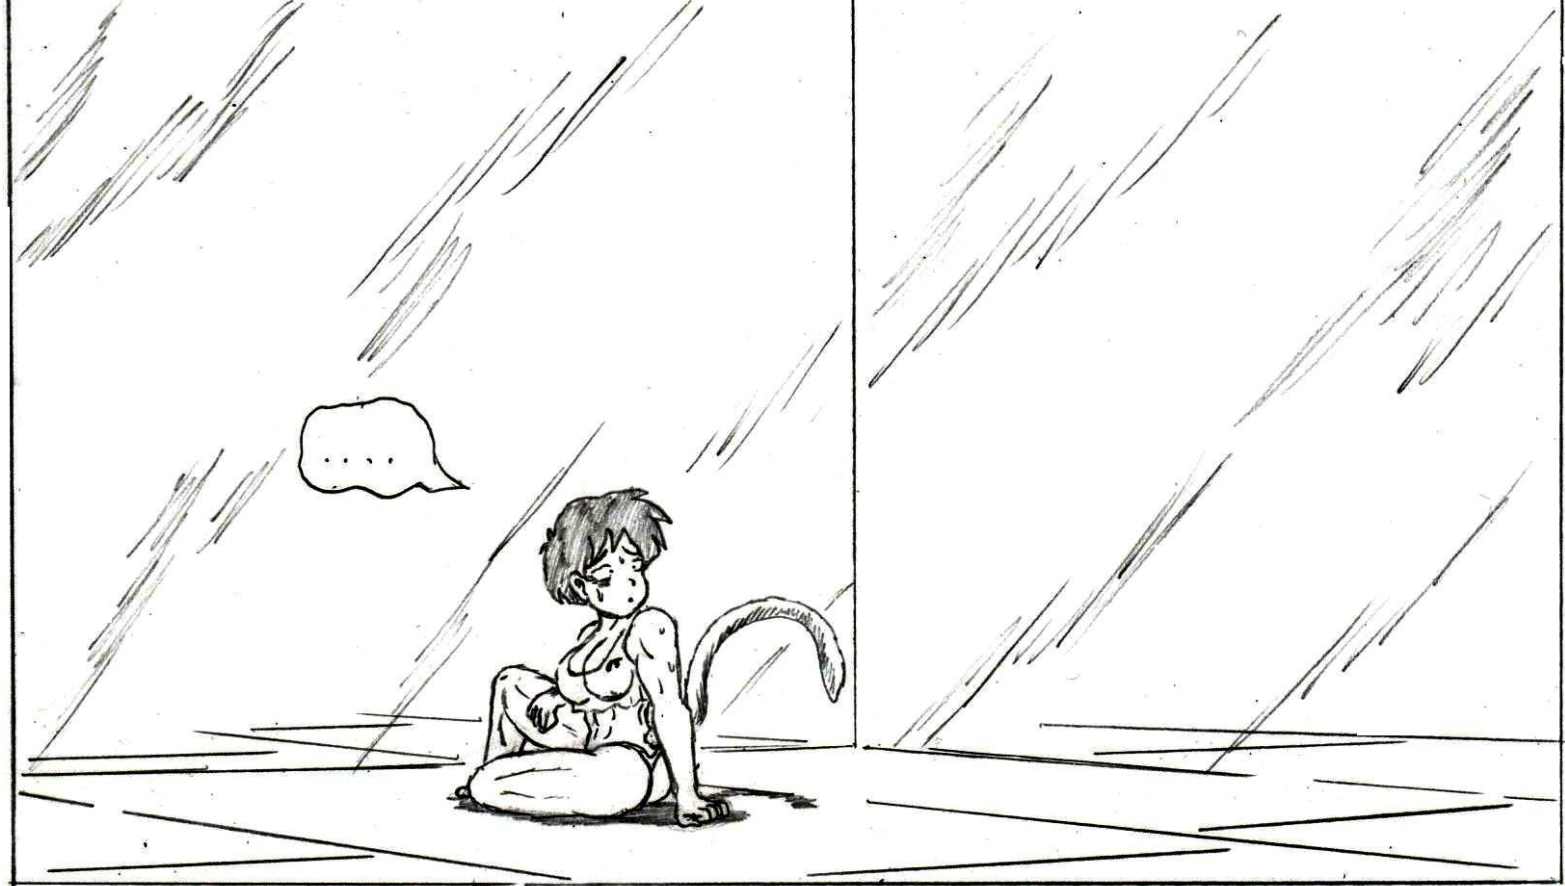

*Until you learn the value of all the lives you and  
your kin have taken... you will suffer for them.*

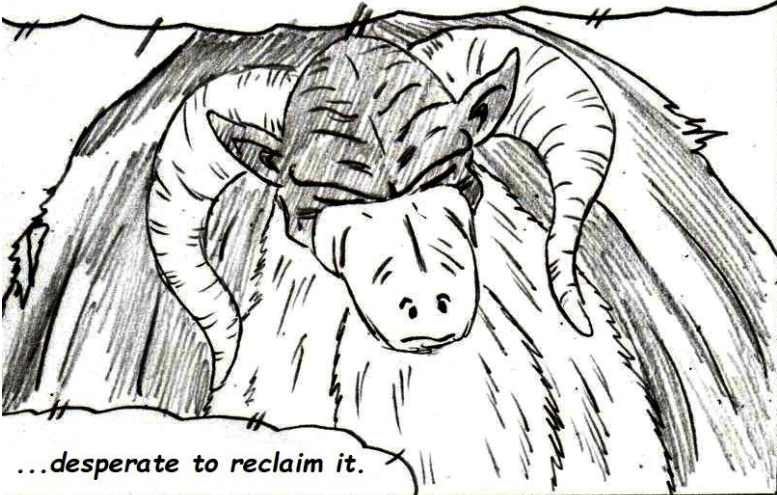

*Remember this... Saiyan.*

Fufufu.... now isn't this interesting?

An old sorcerer on death row... robbed of his power...

...desperate to reclaim it.

These five will be transported to Time Patrol Prison at the end of the month, so we need to get ready for that.

An elite pair of Galactic Patrol Officers...

An immortal demon...

...seeking revenge against the one who cast them into eternal, crushing darkness.

A lost vagrant... the last of her kind...

...in search of a family and a place to call home.

And a monster of pure chaos...

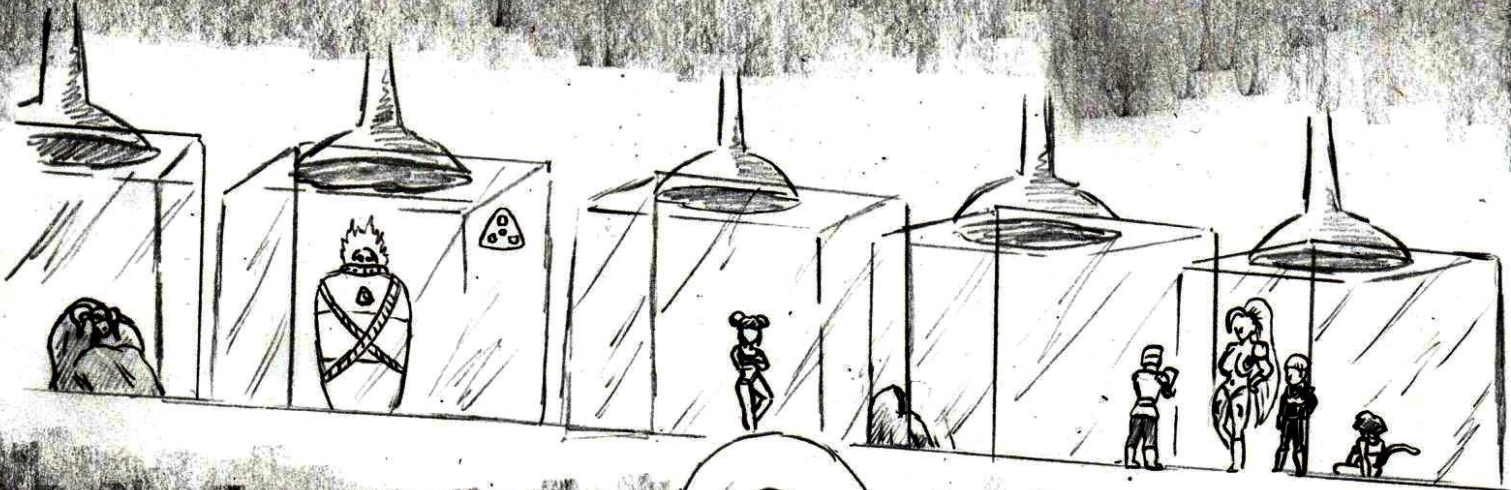

...who eats stars, poisons planets with every footstep, and destroys everything in sight just for fun.

A broken barbarian...

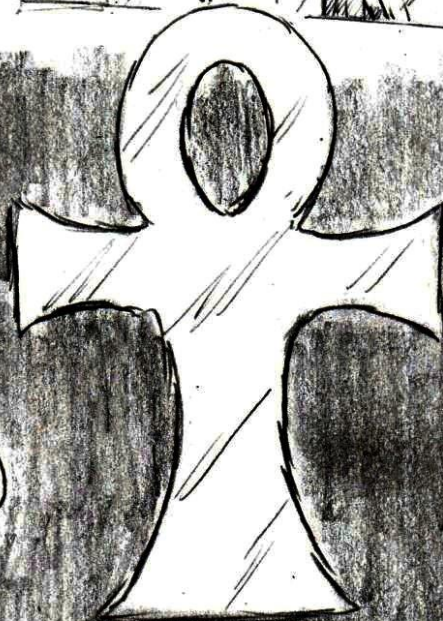

...stricken by a curse that no God, Demon or wish granting Dragon God can break.

So many new toys for me to play with!

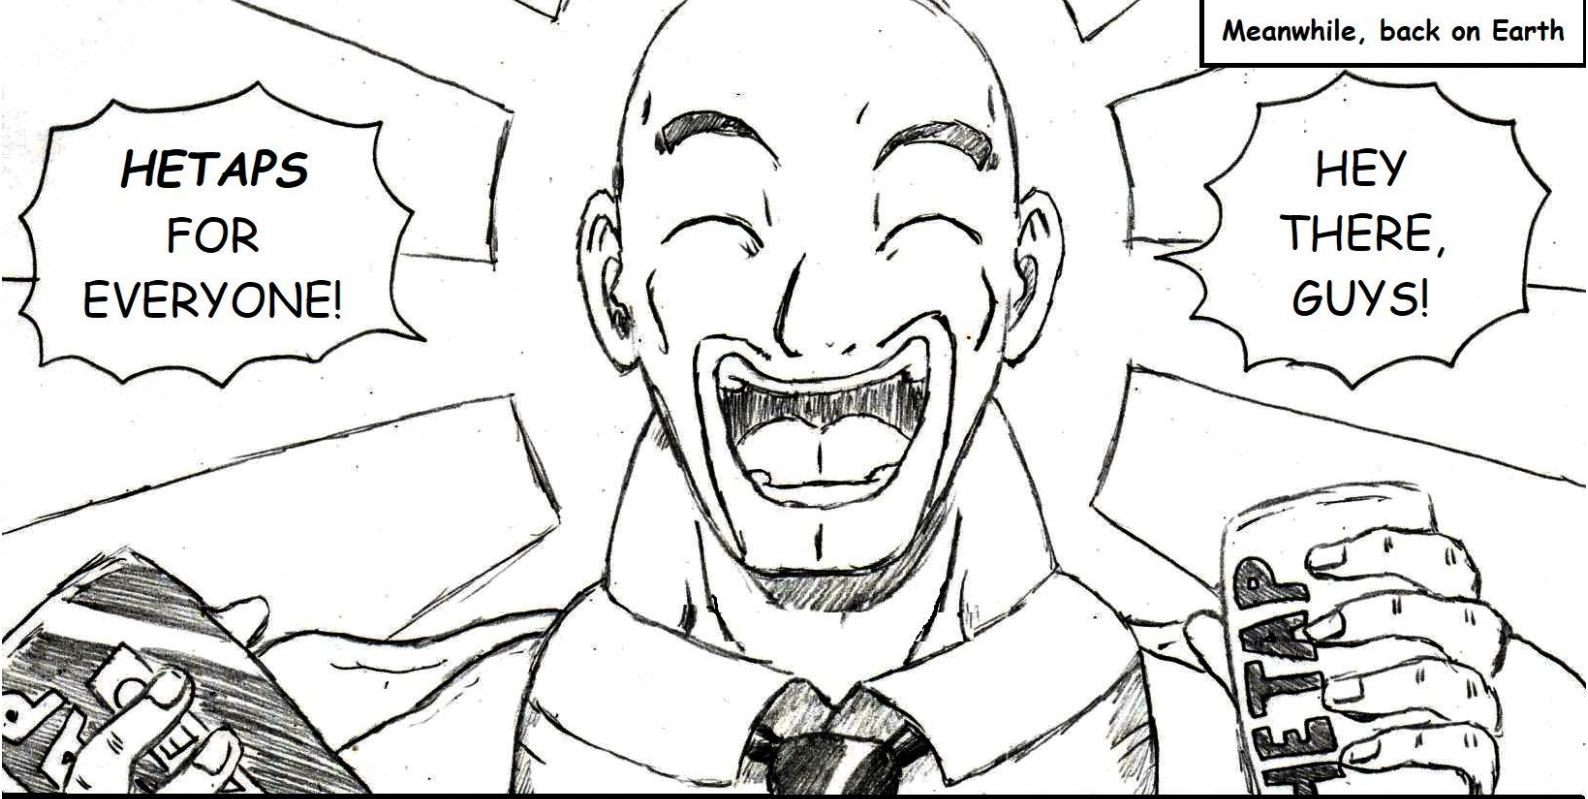

...what's a fun way to get them to Earth?

Now...

Seriously! Beating Hercule Satan the way you did- nearly tying with him- and destroying the arena in the process, has made you the next rookie prodigy to look out for in the big leagues!

You're blowing up faster than the time Justin Beamer puked all over the audience in the front row of his last concert tour!

KID! You are a Super Star! **Hashtag Gohan** is trending on every social media platform across the planet!

Mr. Nappa.

You have my undivided attention...

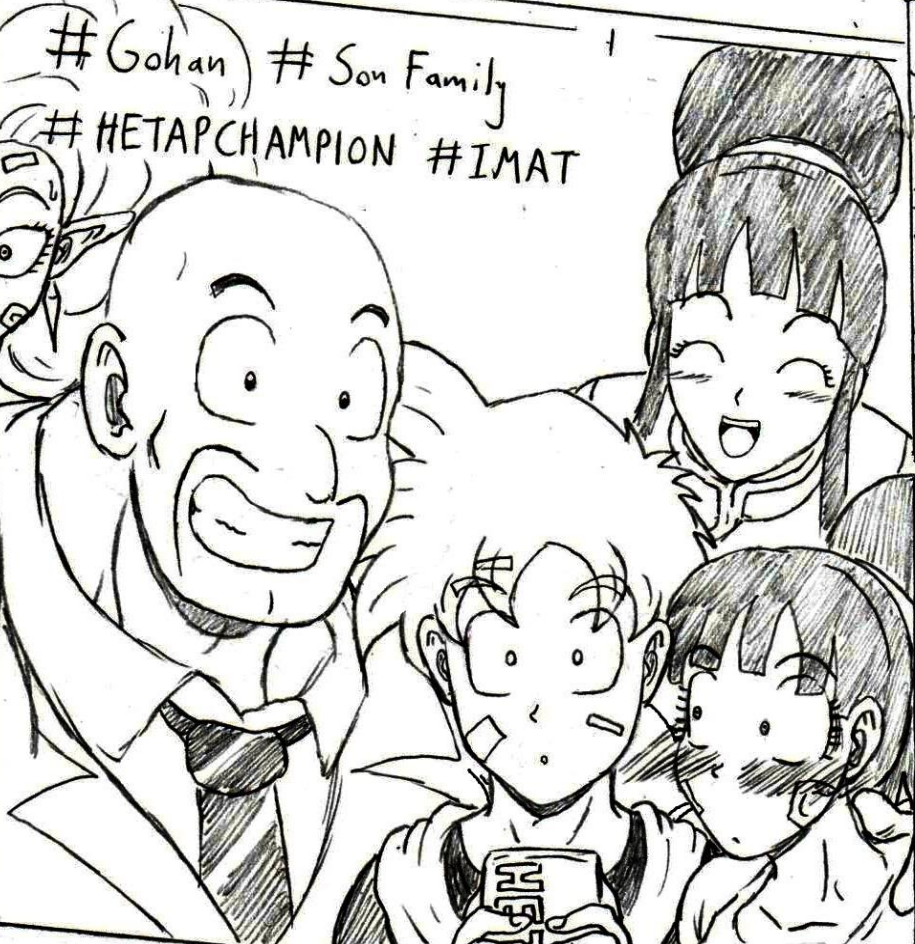

Of course! Yes, ma'am!

Let's talk business.

You've gotta seize this moment! Listen... if you sign me on as your promoter, just like how I am Mr. Satan's... I will make you a legend! Your family will make so much money off of your success, you will be set for the rest of your life and then some!

Really?

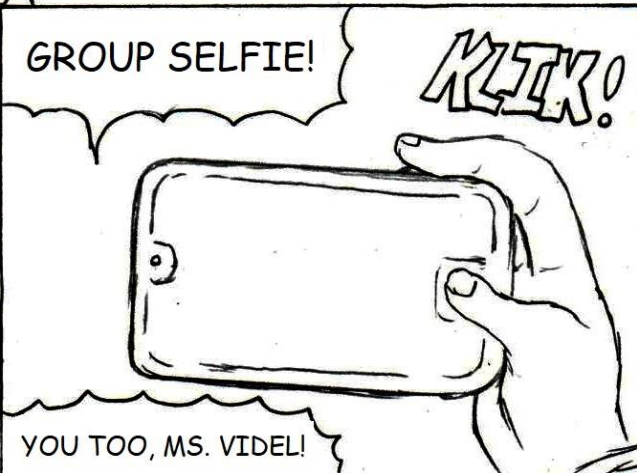

#Gohan #Son Family #HETAPCHAMPION #IMAT

Nappa? Yeah....

He's your friend too, right?

Long story short... he used to be the Saiyan Army's most aggressive and reckless General. Now he's gone completely native.

GROUP SELFIE!

KLIX!

YOU TOO, MS. VIDEL!

SHIELA! Hey, it's Nappa! Listen, I've got a sweet deal in the works, so I need you to draw up some papers for me and clear my schedule for this Wednesday! This is going to be a big one!

Alright! It's decided! I'll get some contracts drawn up and then I'll contact you this week to discuss the details with you and your son!

\*Chatter-chatter\*

BEEP!

KICK!

KICK!

Yeah... uh-huh... yeah, tell King Koku I won't be able to make it to brunch! We'll reschedule it for Friday!

That sounds good. Thank you, Mr Rodriguez.

Why did you barely win that fight with my dad?

Yeah. I bet.

Your life is about to get very busy, Gohan-kun.

With your strength, you could've won that fight easily and been done with it. So... why?

By the way... I have to ask....

M-My dad...

What?

...actually saved all of you?

Well... it's just... I really owe your dad a lot. You don't know this, Videl... but your father is a real hero. Not only did he try to stand up to Cell, but during my fight with the android, Mr Satan saved all our lives when he helped carry a wounded ally over to me... who then encouraged me to finally let go of my fears and unleash my full power against Cell. If your father hadn't done that... then... I don't think any of us would be standing here right now.

More than that.

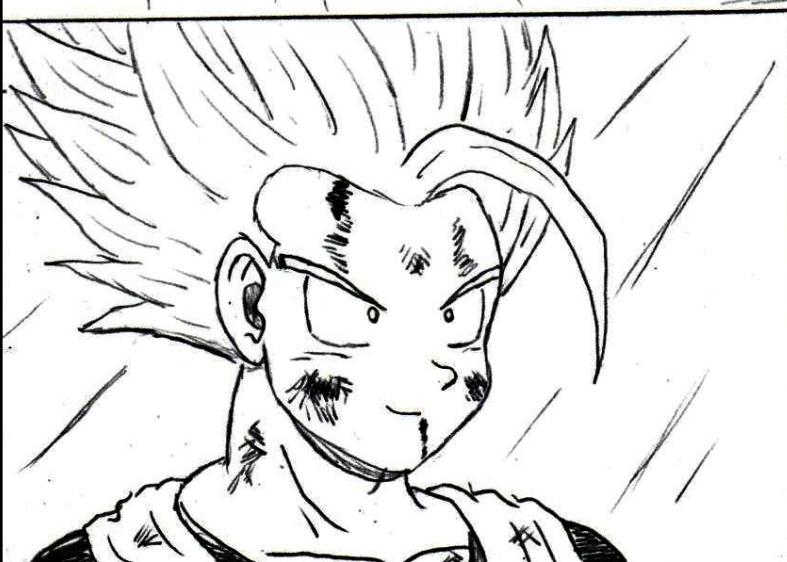

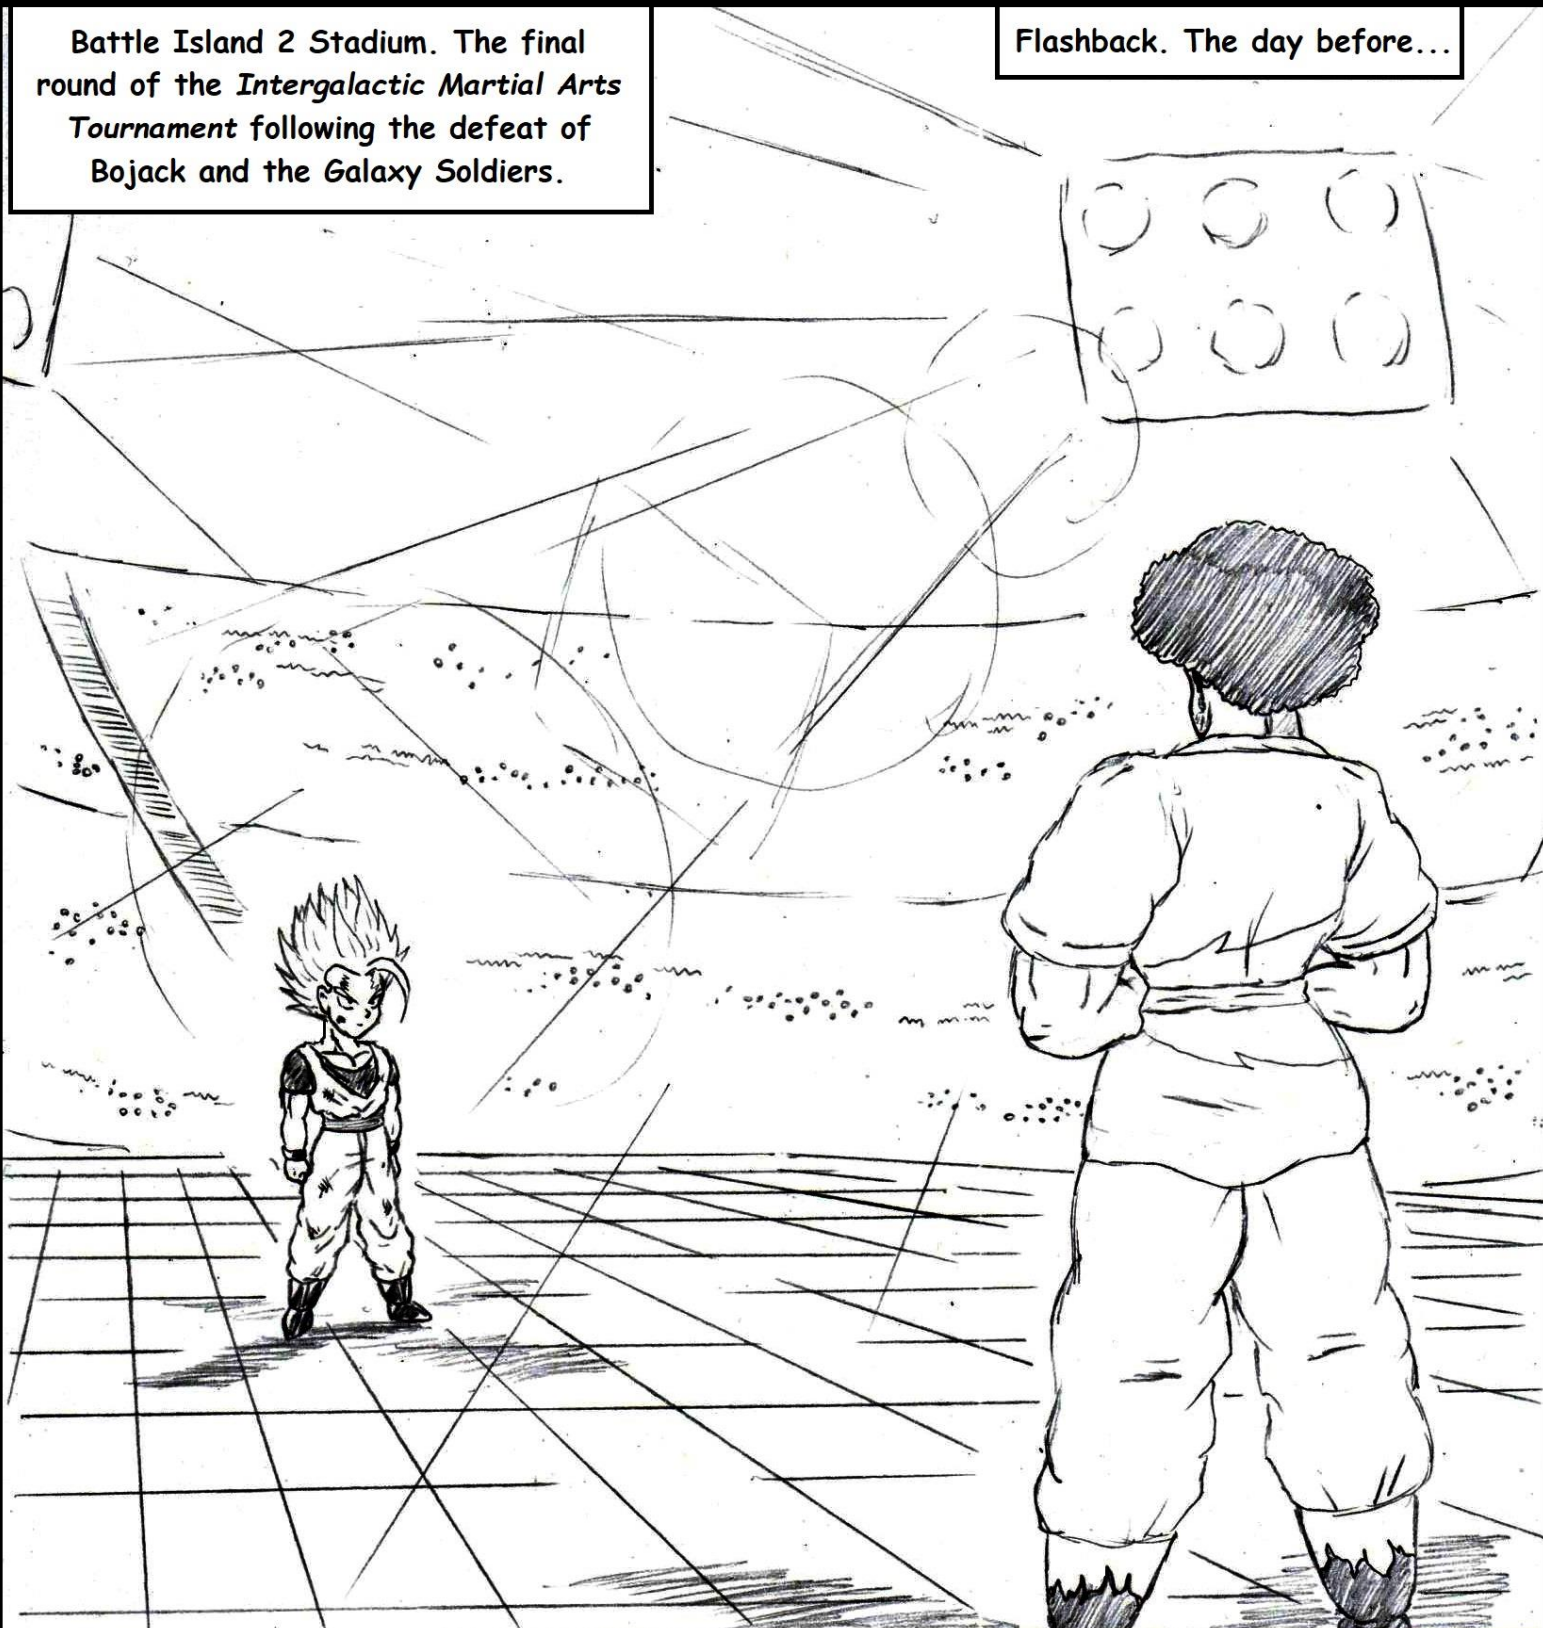

Yeah....

He helped save the universe.

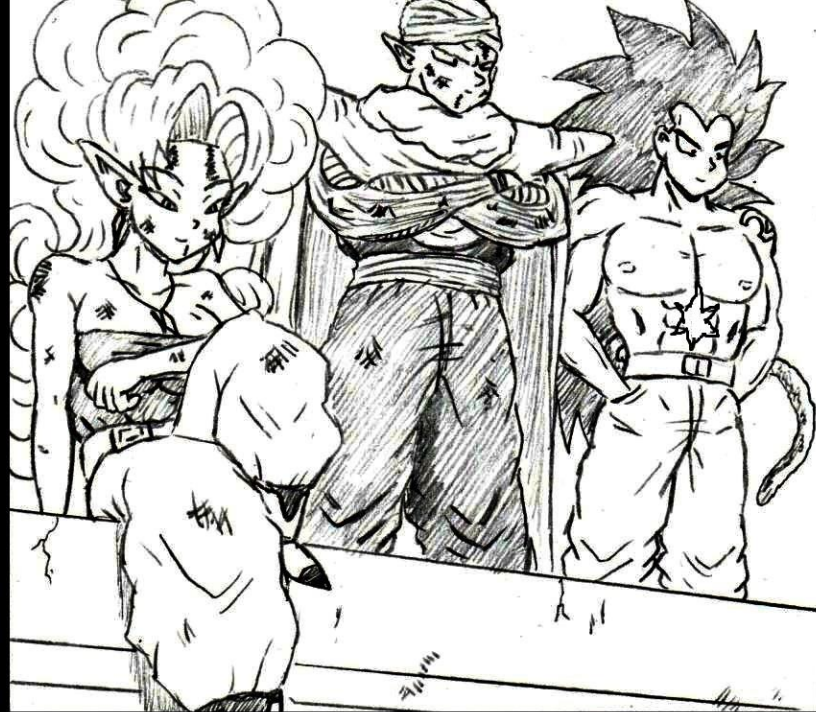

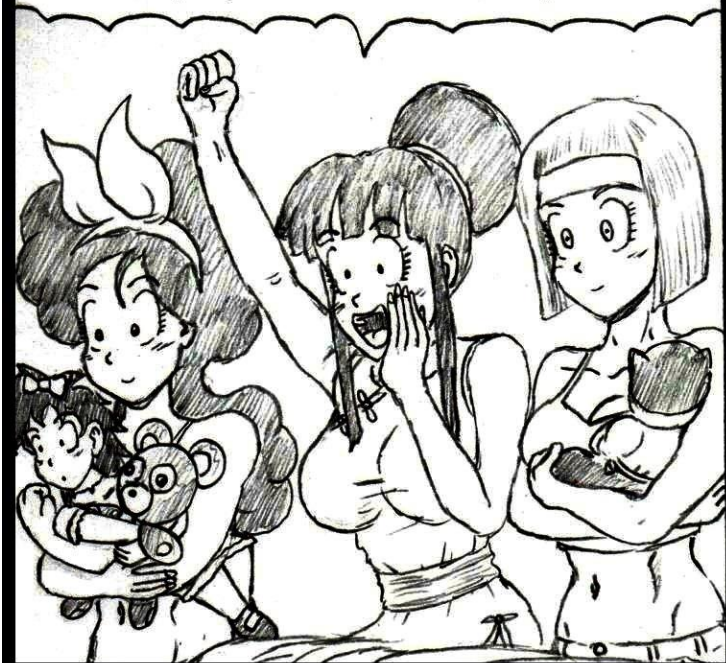

Battle Island 2 Stadium. The final round of the *Intergalactic Martial Arts Tournament* following the defeat of Bojack and the Galaxy Soldiers.

Flashback. The day before...

WOO! Go, Gohan-kun! You can do it, sweetie!

Win, Gohan-kun!

You got this!

This is gonna be awesome!

Hahaha! Yes!

Alright, kid! You did well in overcoming the most powerful warriors from across the galaxy! But now...

...You have one last obstacle left to overcome! ME! THE CHAMP!

IT'S TIME FOR THE TOURNAMENT'S FINAL ROUND! WE WILL NOW WATCH AS OUR WINNER OF THE BATTLE ISLAND CHALLENGES, SON GOHAN, SQUARES OFF AGAINST THE WORLD MARTIAL ARTS CHAMPION AND STRONGEST MAN IN THE WORLD- MR. SATAN!

FIGHTERS! LET THE MATCH BEGIIIIIN!!

Hahaha!  
You've got  
guts, kid! I  
like that!

Come on! Show  
me what you've  
got!

It will be an honour to fight you, sir!

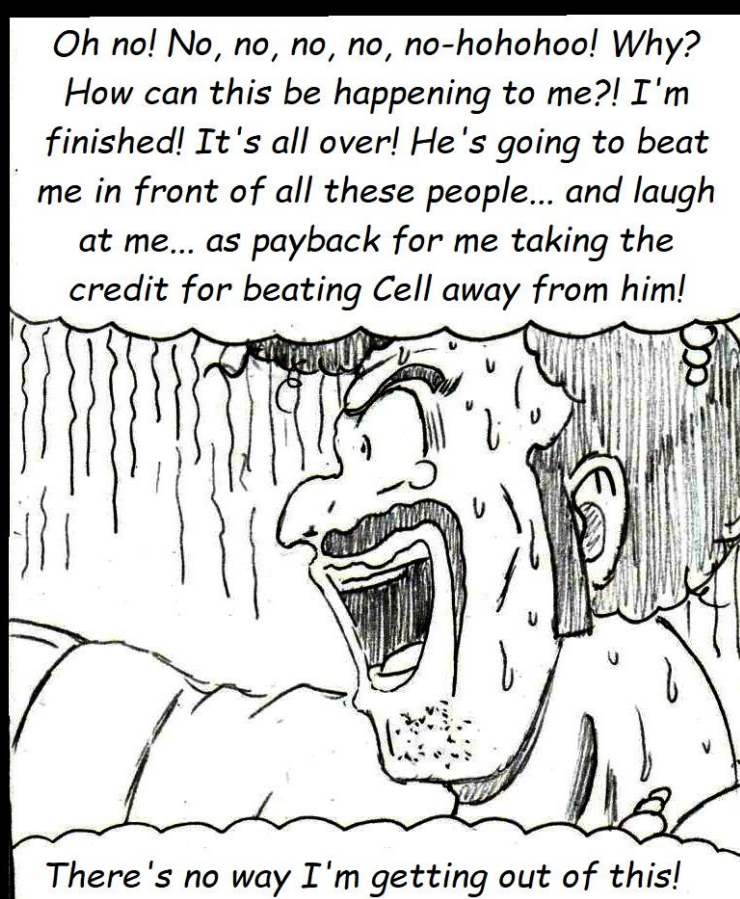

**BOW!**

Let's have a good match!

CROWD CAM 1.

V-Videll!?

Oh no! No, no, no, no, no-hohohoo! Why?  
How can this be happening to me?! I'm  
finished! It's all over! He's going to beat  
me in front of all these people... and laugh  
at me... as payback for me taking the  
credit for beating Cell away from him!

There's no way I'm getting out of this!

My baby girl....

Is watching....

Alright...

**CLAMOR!**

And of course... for my little girl. I may be nothing to this golden haired boy with super human powers... but that doesn't mean I can't go down swinging!

If it's for one last fight, I'm going to give it my all... and prove to my daughter that I am not a coward!

If this really is it... i have to go out strong!

WH

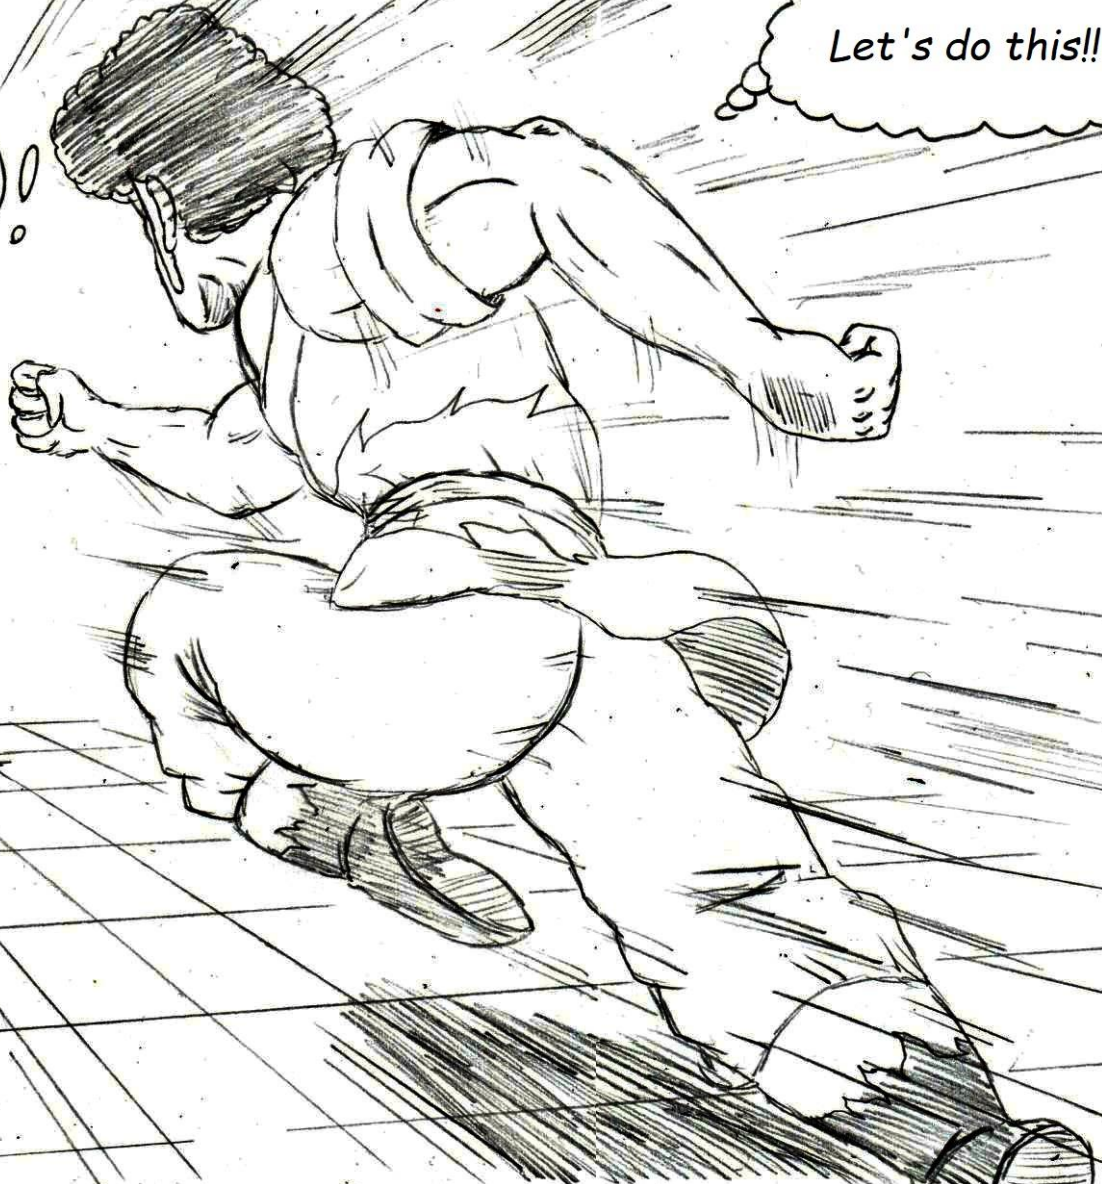

After all... I am the Champ!

I have to play the part... not for me... but for the good people out there watching me...

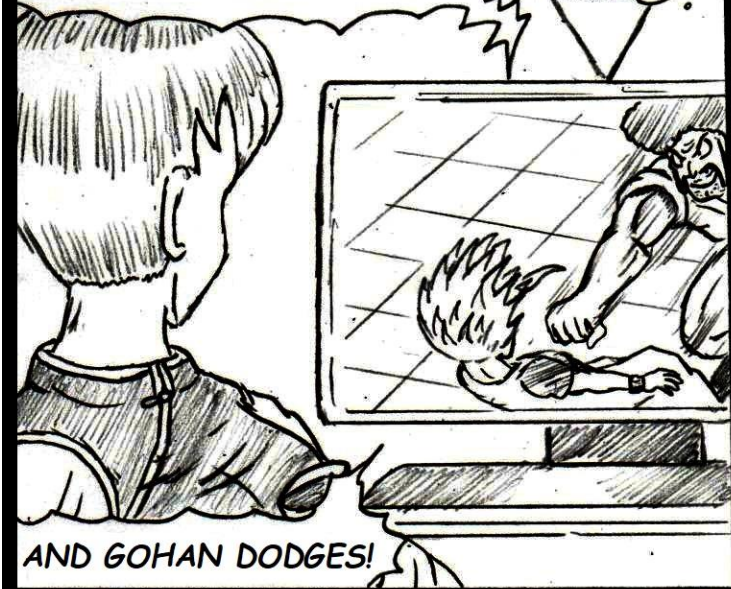

Let's do this!!

WOOO!

WHOA! MR. SATAN GOES IN FOR THE ATTACK!

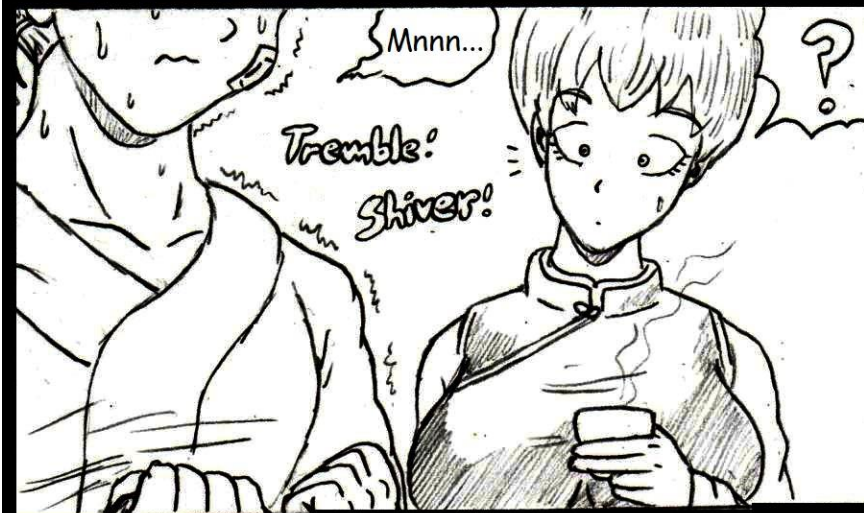

WOO!

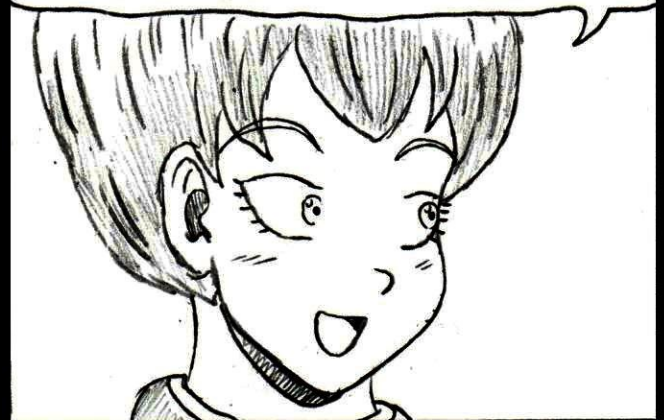

AND GOHAN DODGES!

ORAAAAAAAAAAAAA!!

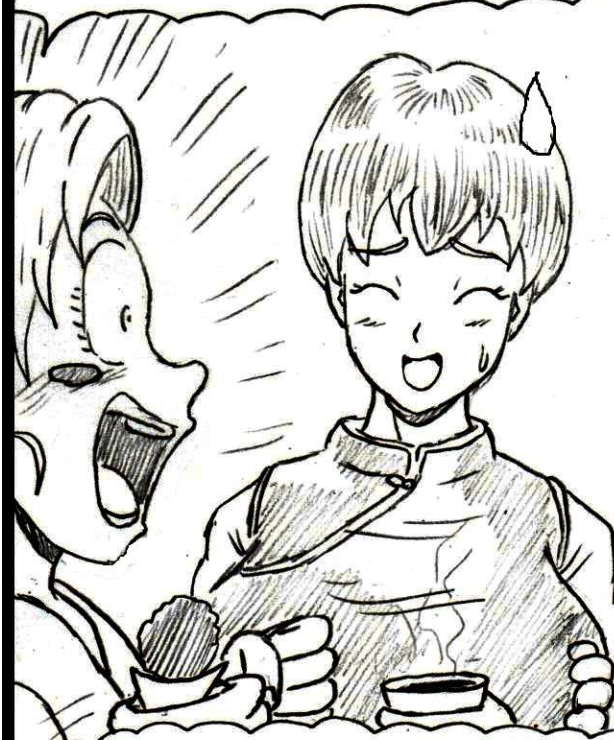

WOO!

My... I wonder what's gonna happen now...

THIS IS SO EXCITING! GO, MR. SATAN!

Haha. Right... I keep forgetting Reina-chan is a massive fan of Mr. Hercule.

AAAH! MR. SATAN IS SOOO COOL, SENSEI! LOOK AT HIM GO! HE HAS SUCH AMAZING TECHNIQUE! WOW! THE STRONGEST MAN ON EARTH...

-VERSUS THE TOURNAMENT WINNER! SO AWESOME!

Hup!

INCREDIBLE! THE CHALLENGER GOHAN IS AVOIDING ALL OF MR SATAN'S ATTACKS! WHAT SKILL! WHAT REFLEXES!

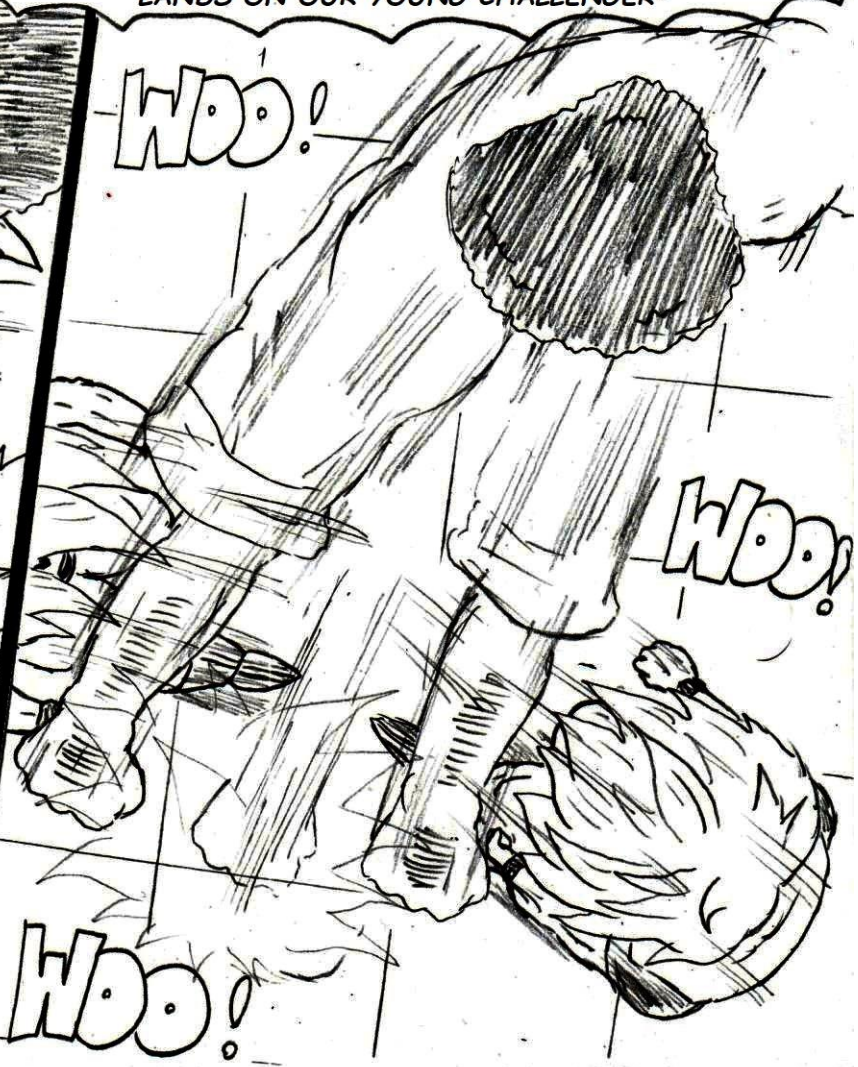

WHO!

WHO!

AND MR SATAN ISN'T STOPPING! WHAT AMAZING SPEED AND TENACITY! WITH THE CHAMP'S POWER ABLE TO SPLIT A MOUNTAIN IN TWO, IF ANY ONE OF HIS PUNCHES LANDS ON OUR YOUNG CHALLENGER-

WHO!

WHO!

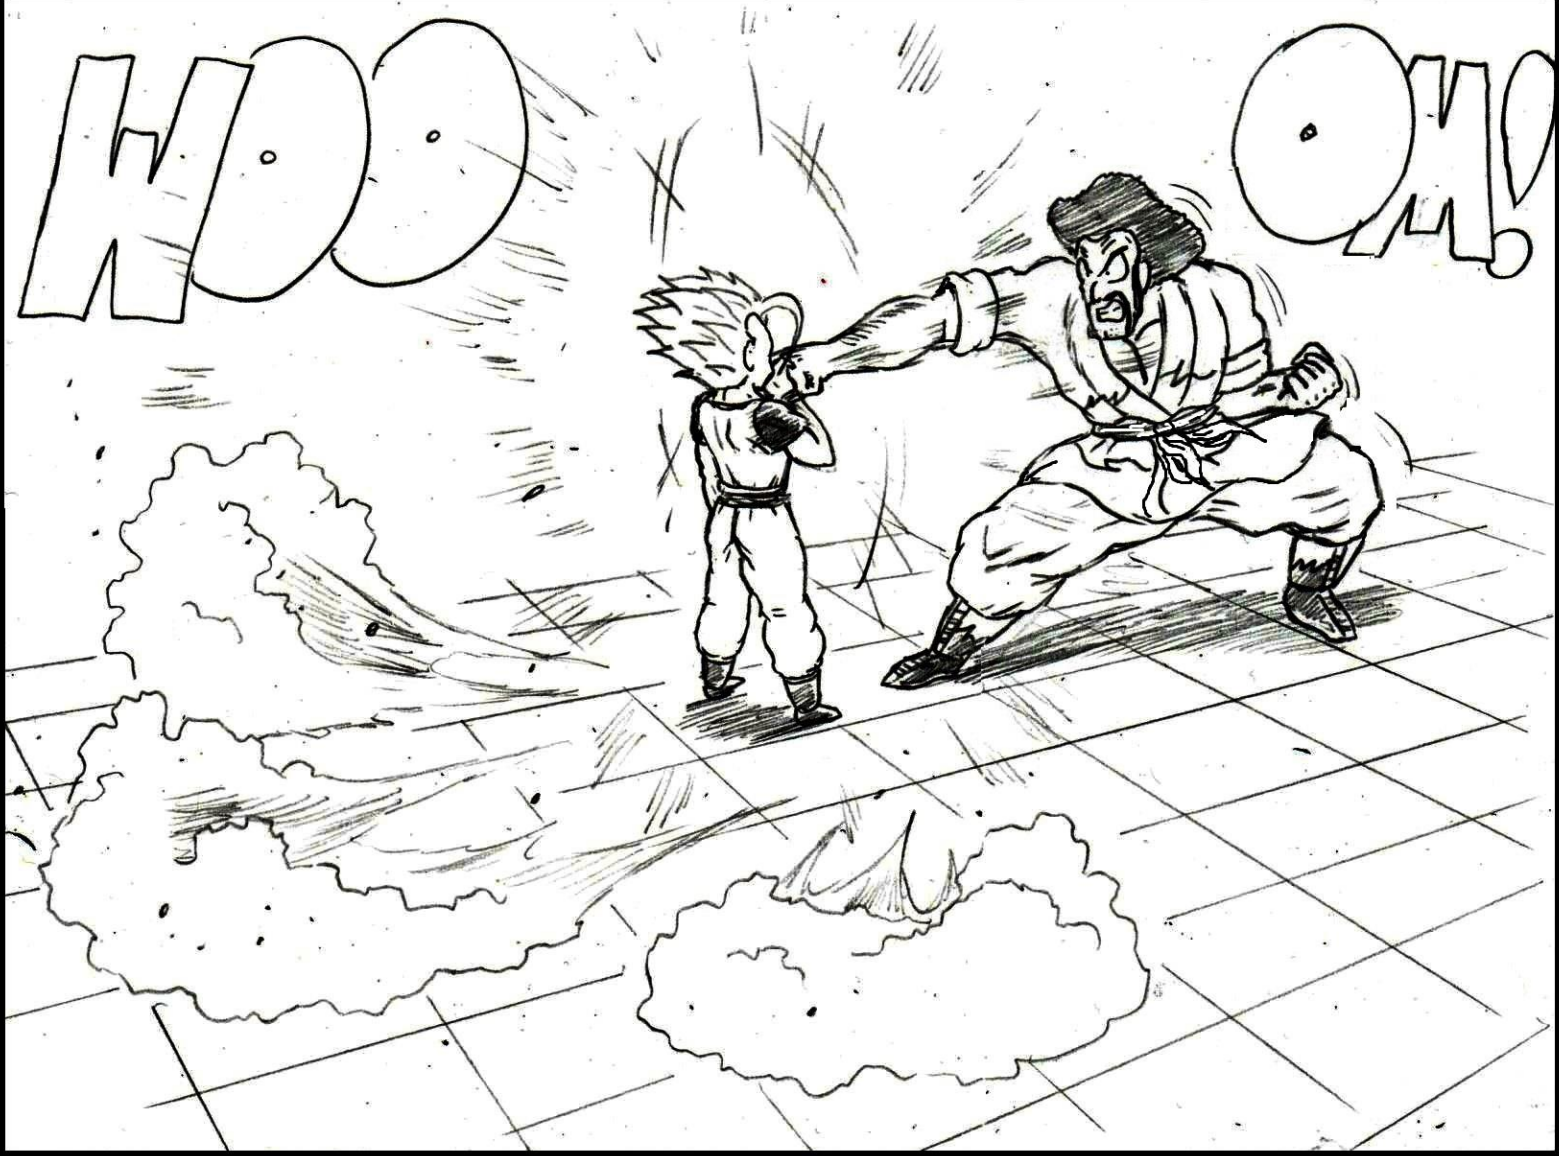

WHO!

WHO!

-HE COULD VERY WELL DESTROY HIS OPPONENT, JUST LIKE HE DID THE MONSTER CELL! HOW WILL OUR CHALLENGER BE ABLE TO STAND UP TO THAT?! WHAT WILL YOUNG GOHAN DO?!

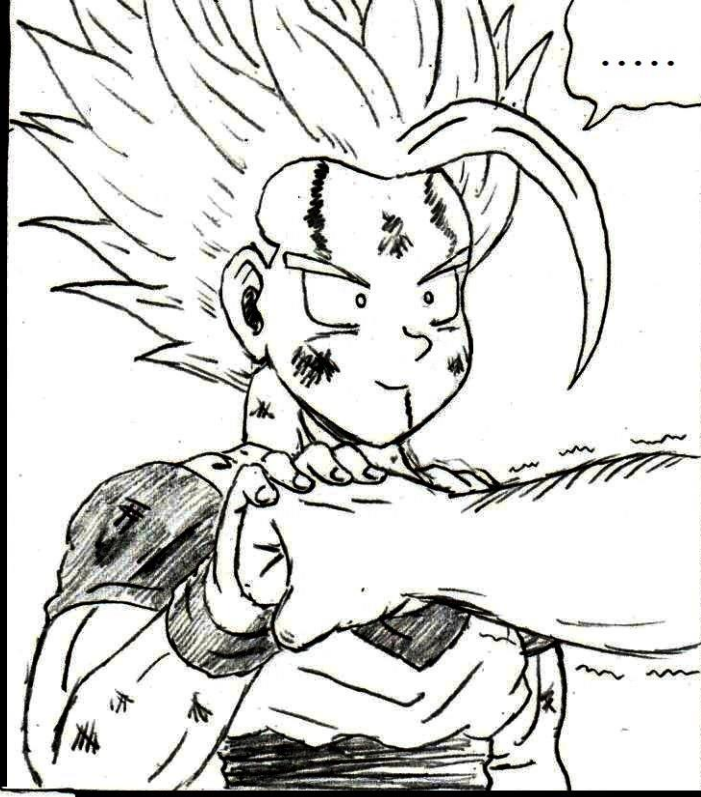

HRAAAAAAAAAAAAAAAAAAGH!!

Oh no! Th-  
This is it!  
He's going to  
kill me!

GIIII!!

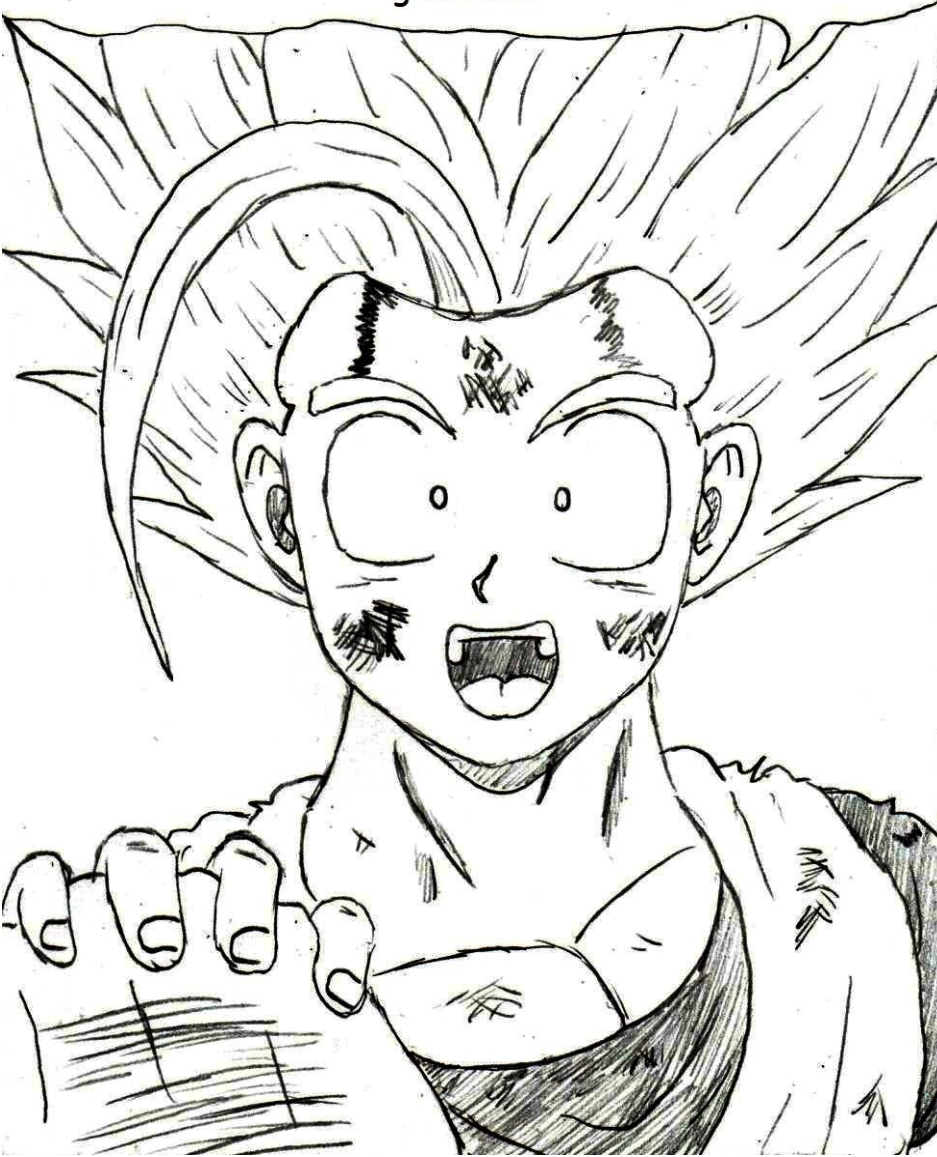

.....

If you hadn't been brave enough to get close to throw Android 16's head towards me when you did, I wouldn't have been able to step up to fight back against that monster... and neither one of us would be standing here right now. You saved us... ALL of us... and... and I'm grateful.

.....

Huh?

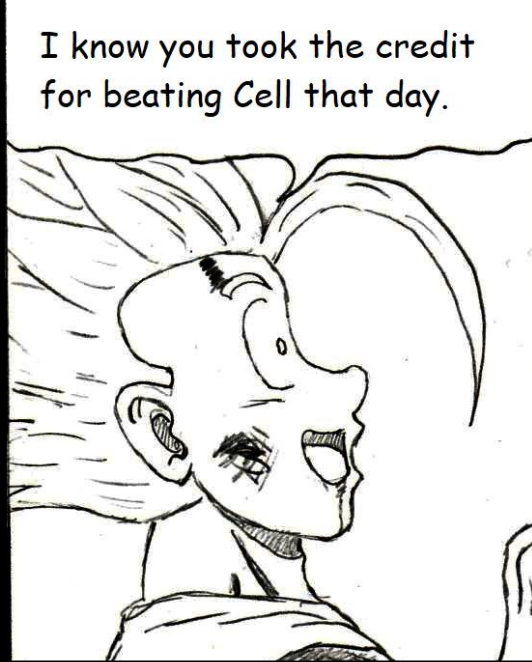

Thank you.

For what you did back during the Cell Games when we were fighting Cell's little clones.

\*Gulp\*

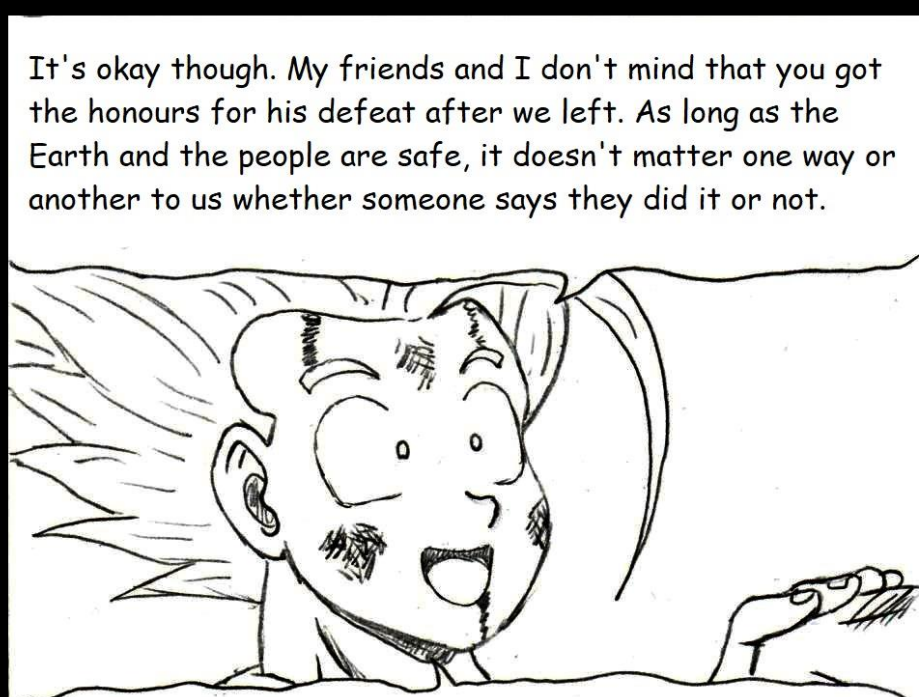

I know you took the credit for beating Cell that day.

Uh... y-you're welcome.

Ah.

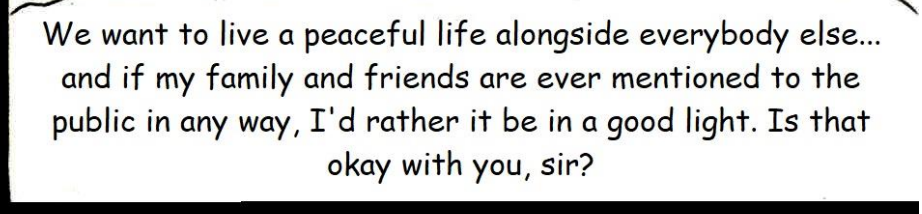

It's okay though. My friends and I don't mind that you got the honours for his defeat after we left. As long as the Earth and the people are safe, it doesn't matter one way or another to us whether someone says they did it or not.

Yes! Of course it is!

Y-Yes!

We want to live a peaceful life alongside everybody else... and if my family and friends are ever mentioned to the public in any way, I'd rather it be in a good light. Is that okay with you, sir?

Th-Thank you. And again... thank you so much for saving all of us from that monster! I know that battle with Cell was hard on all of you... not to mention against those aliens that also showed up today. (referring to Bojack's Galaxy Soldiers)

Yeah. It was tough, but we managed to resolve it in the end.

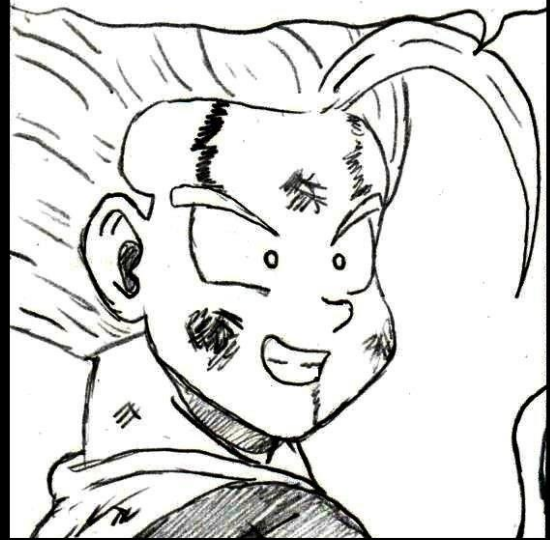

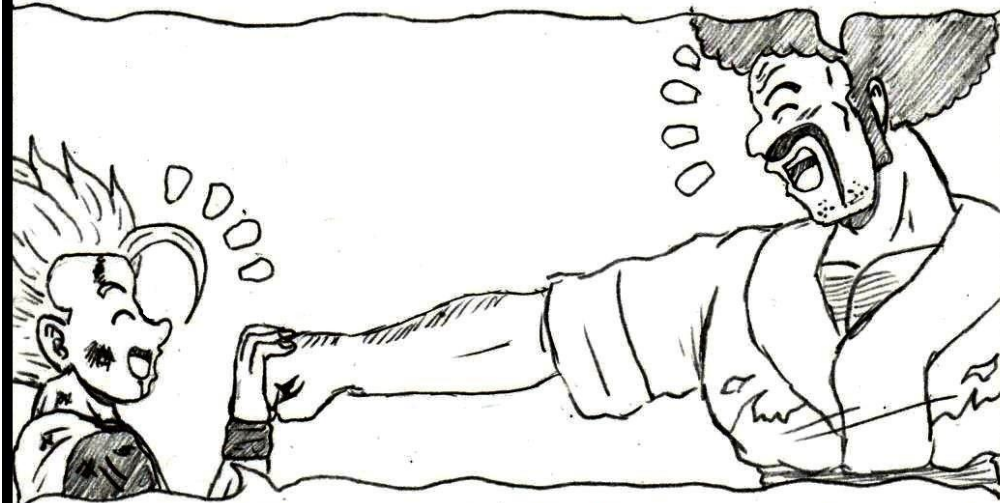

Hm? The mics aren't picking up what they're saying to each other on the cameras. Can you get the drones closer so we can listen to their conversation?

Sadly, no. If I did that, we'd be interfering with the space of the official match.

Well, if the time comes, I'll be more than happy to do it again!

Luckily you didn't have to be there to throw anymore heads for us this time.

Haha! Thanks! That means a lot. But fingers crossed you won't have to.

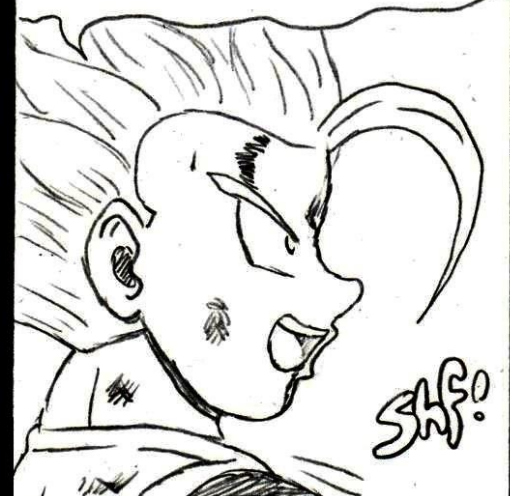

Uhh, s-sure. I think you're right.

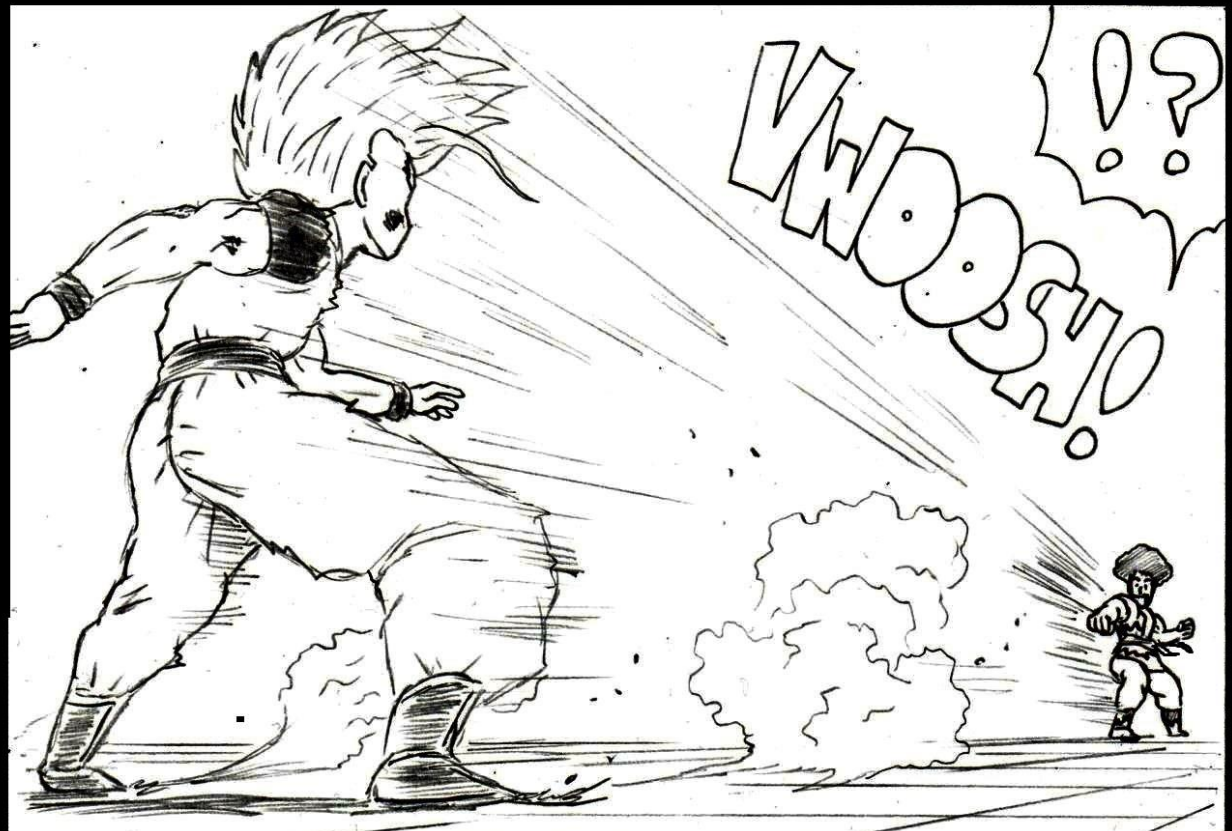

Well... I think it's about time we wrapped this up now, huh?

Don't worry. I'll make it look like a close match between us, so we can both walk away from this as winners. Trust me. Just play along.

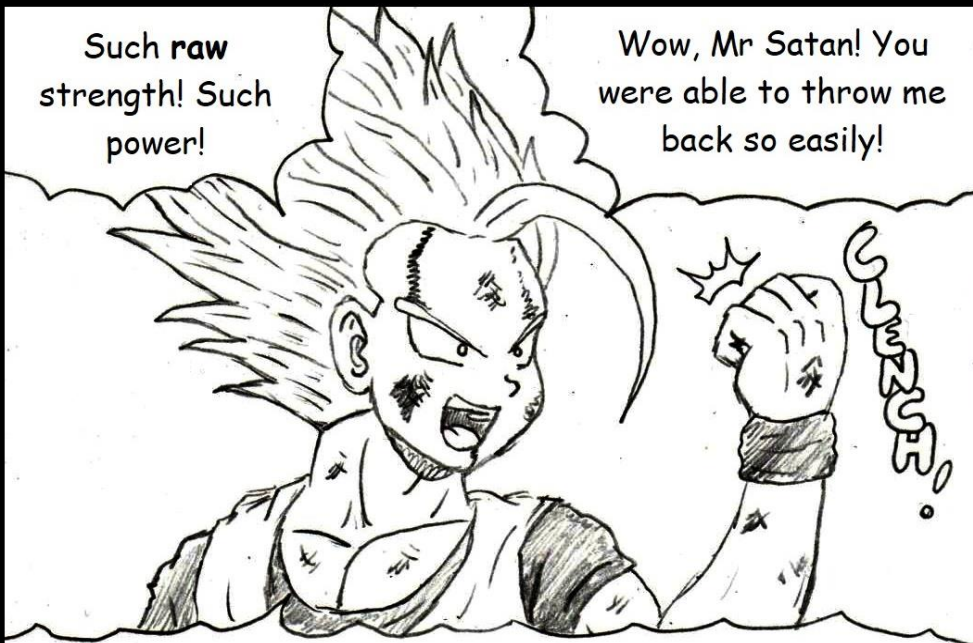

ALRIGHT!

Such raw strength! Such power!

Wow, Mr Satan! You were able to throw me back so easily!

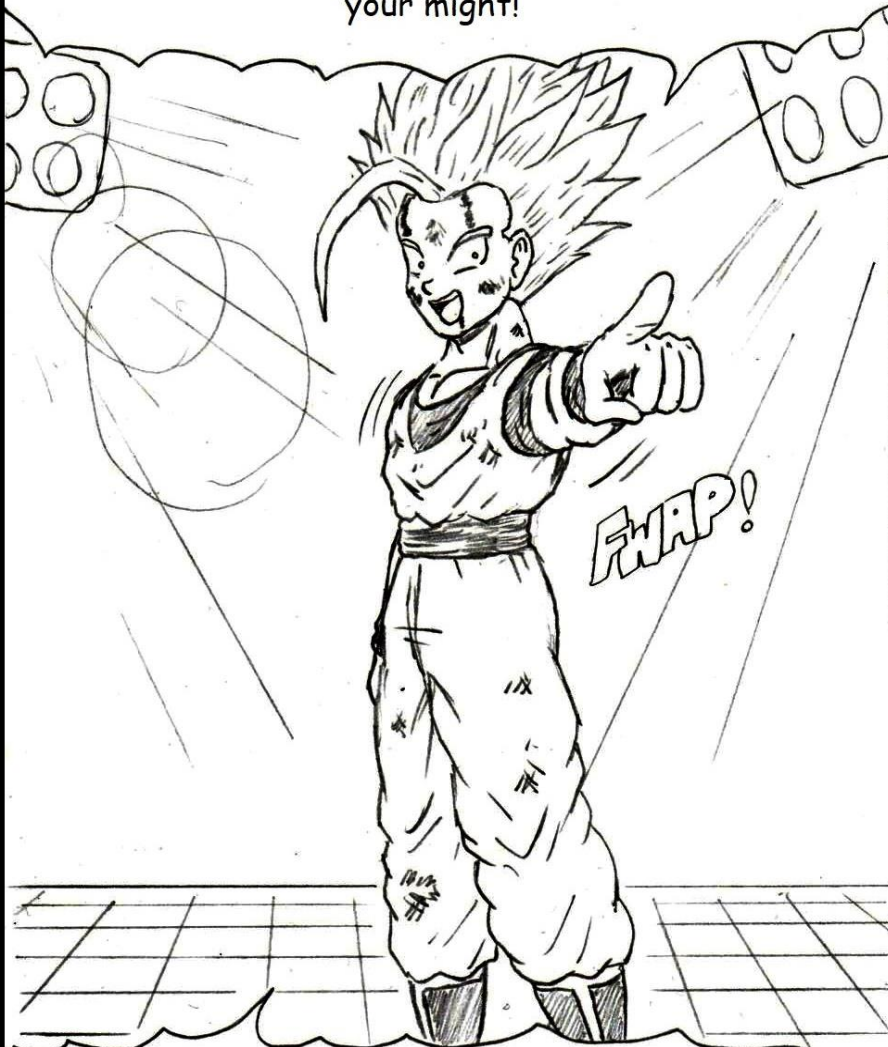

Fffhhh...

No wonder you are the strongest man in the world! Incredible!

Even the strongest warriors in the galaxy can't compare to you! As expected of the World Martial Arts Champion! Since you were the one who defeated Cell and saved the planet, I have to face you with everything I have to even contend with your might!

Eh?

BLINK!

From here on out, I'm going all in! No more holding back!

Oh! I know what he's doing!

Heh

So that's what he meant by play along?

PREPARE YOURSELF, MR. SATAN!

WELL?! ARE YOU READY, KID?!

HAHA! YOU ARE QUITE INCREDIBLE YOURSELF, KID! THERE HASN'T BEEN A PERSON ALIVE CAPABLE OF TAKING ONE OF THE CHAMP'S PUNCHES WHO CAN REMAIN STANDING! YOU HAVE MY RESPECT!

THE SECOND I STEPPED INTO THIS RING, SIR!

IF YOU'RE COMING AT ME WITH EVERYTHING YOU HAVE, THAN SO AM I!

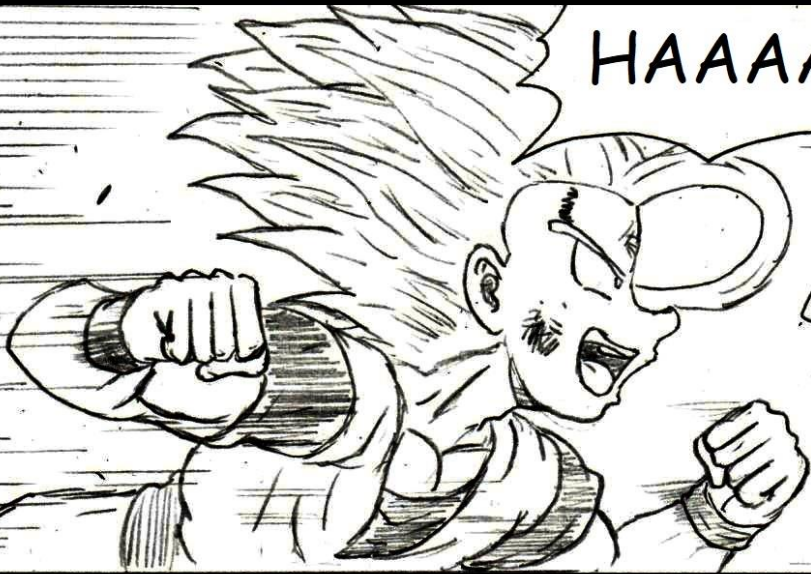

HERCULE PUUUNCH! RAAAAAAAH!

WOOO!

HAAAAAAAAAAAAAH!!

WOOO!

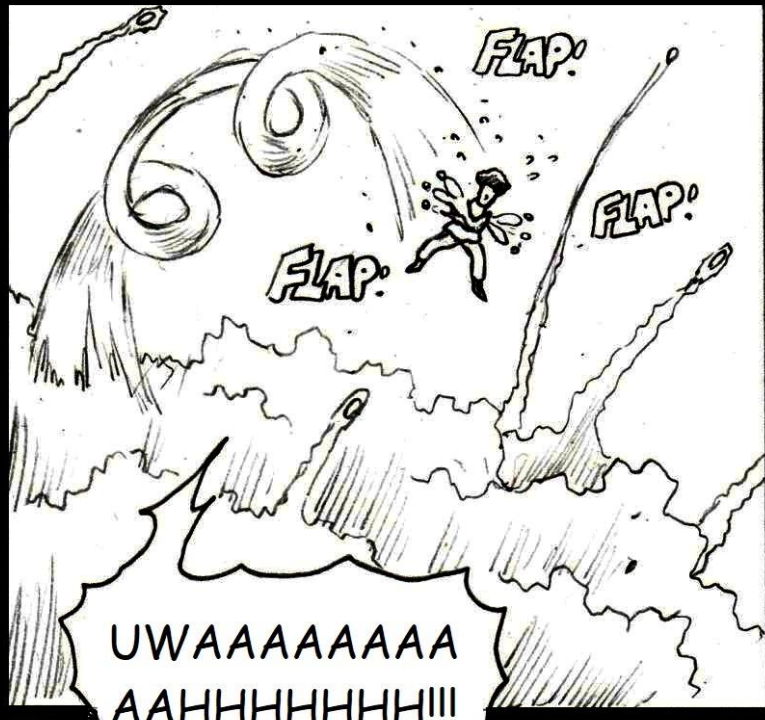

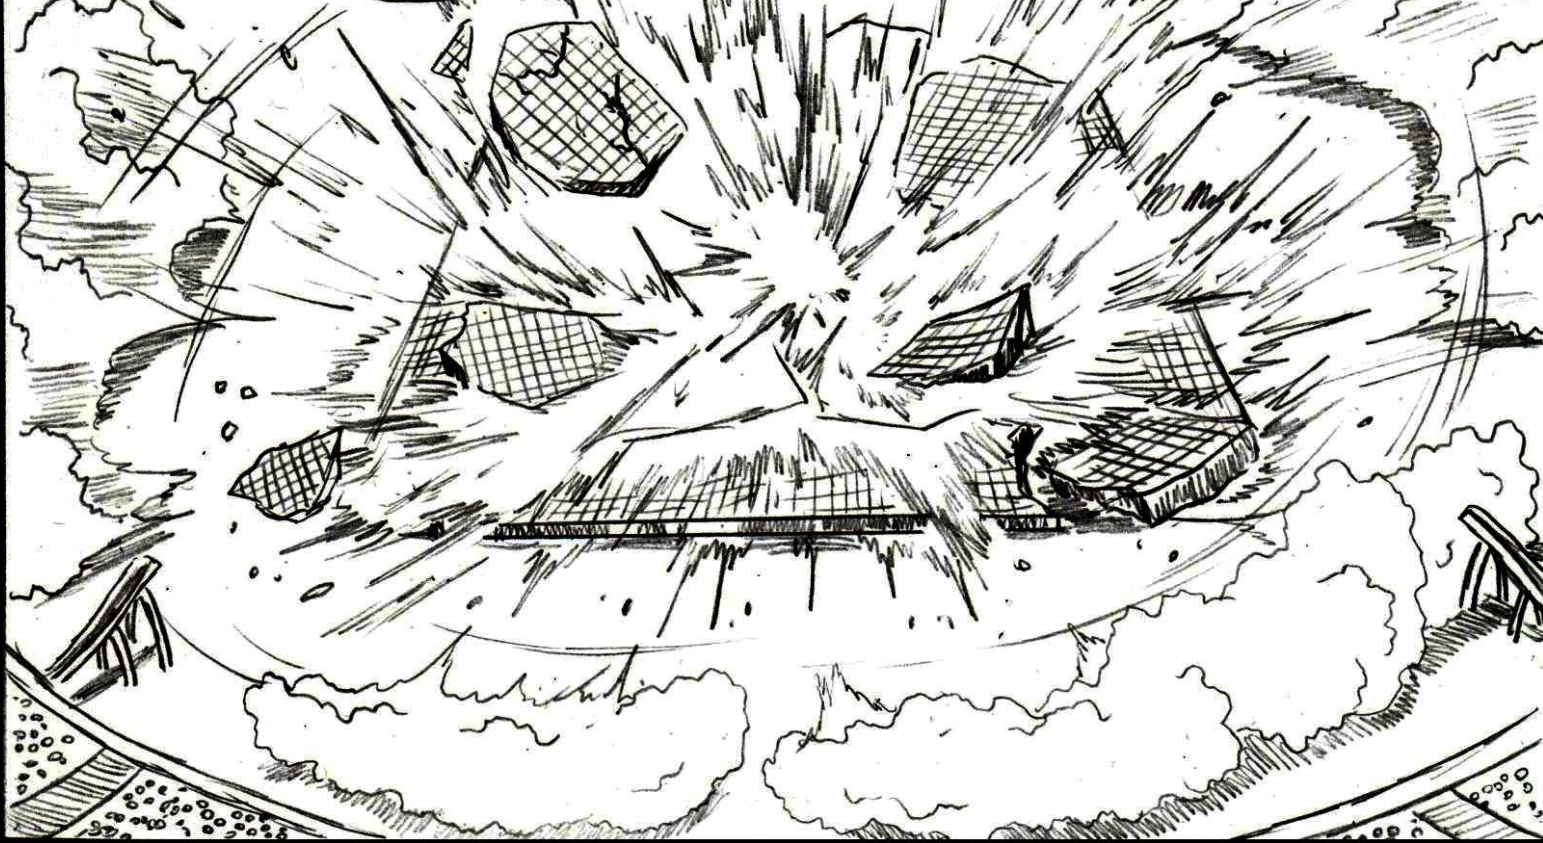

WOOO!

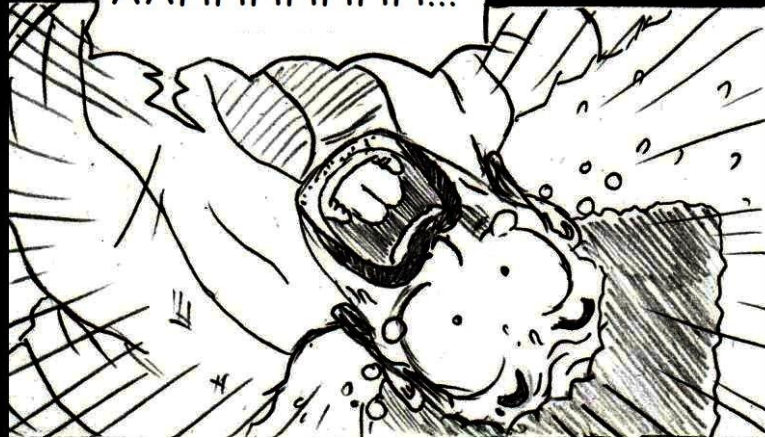

# KABOOOM!

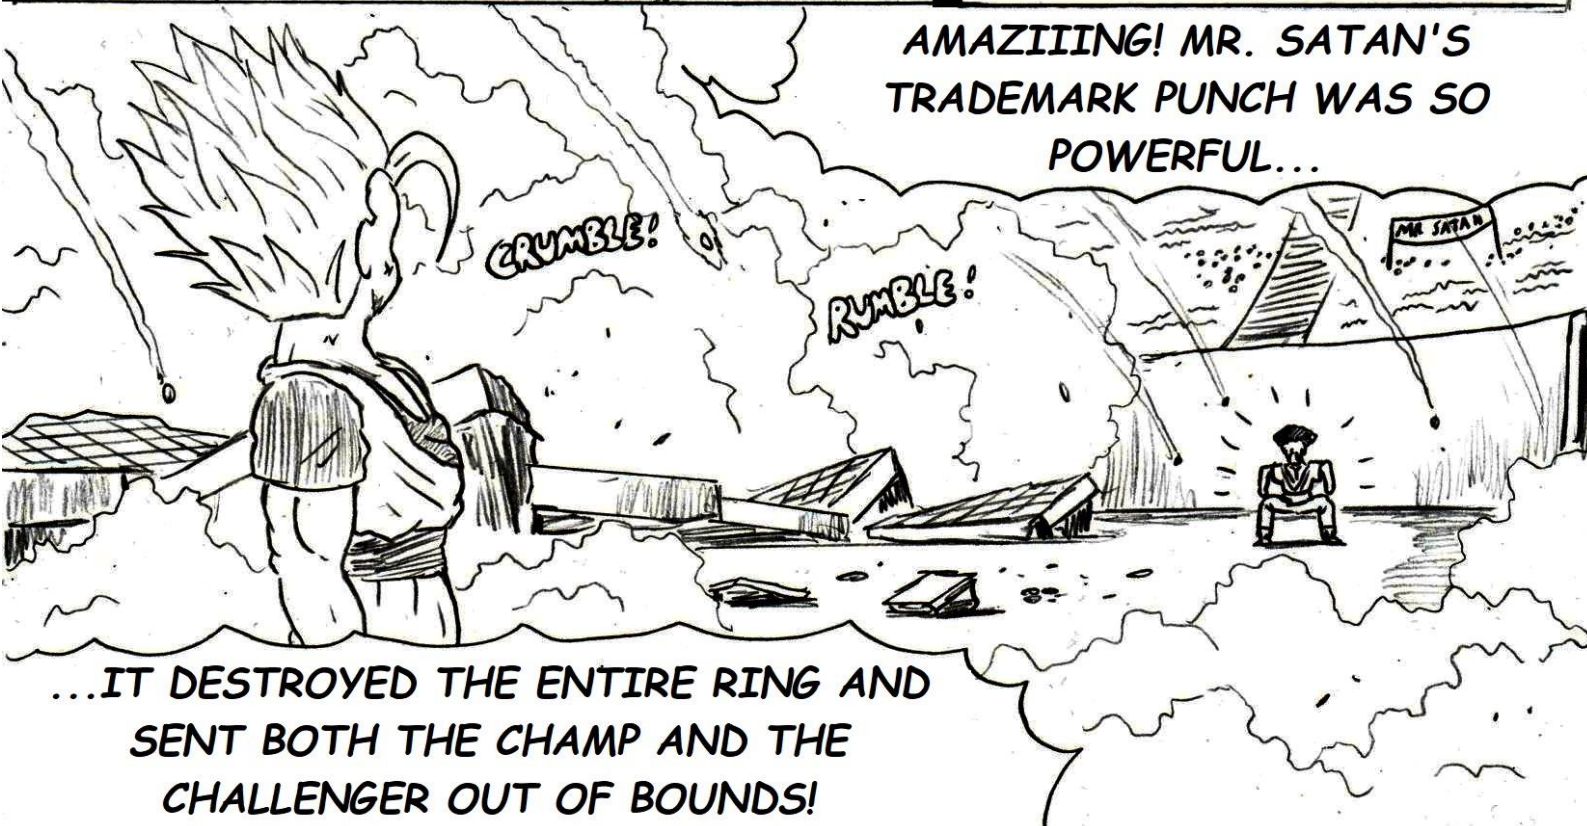

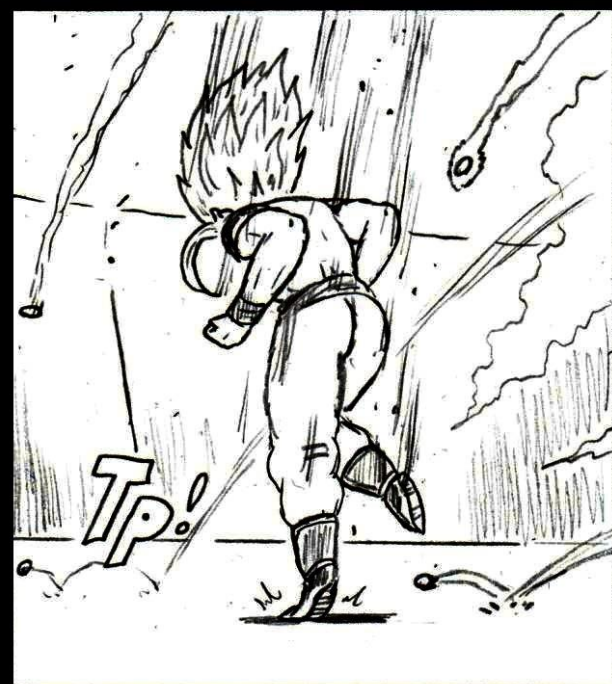

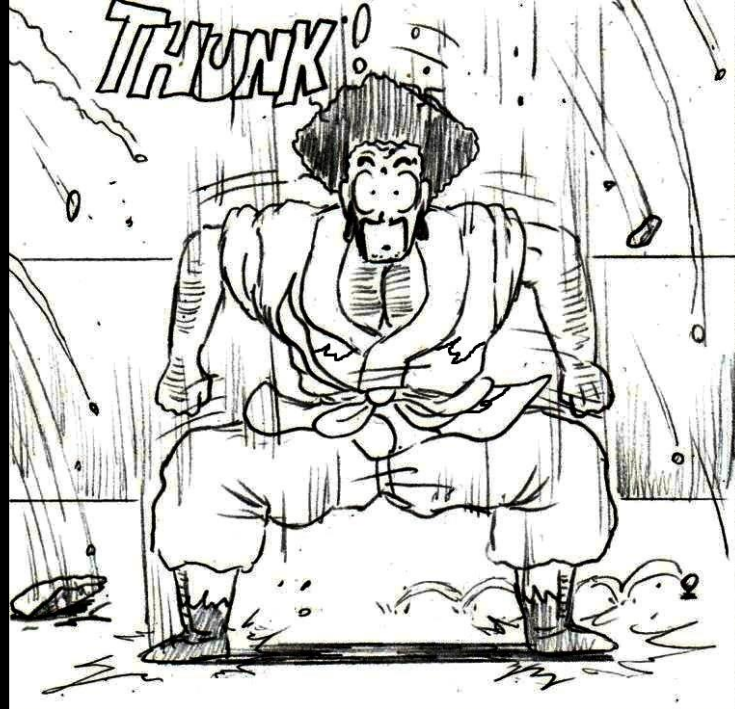

UWAAAAAAAAA  
AAHHHHHHH!!!

I-INCREDIBLE! THE  
RING COMPLETELY  
SHATTERED!

BY THE TRADITIONAL RULES OF THIS TOURNAMENT, THE FIRST ONE TO FALL FROM THE SACRED RING YIELDS THE MATCH!

AND BECAUSE THE CHAMP TOUCHED THE GROUND JUST SECONDS AHEAD OF HIS OPPONENT, THE WINNER- THROUGH SHEER GRIT, SKILL, AND A LITTLE BIT OF LUCK... IS SON GOHAAAAAN! LET'S HEAR IIIIIIT!

NEVER IN THE HISTORY OF THIS SPORT HAS SUCH AN UNBELIEVABLE FEAT OF RAW STRENGTH BEEN WITNESSED! ON THIS DAY, MR. SATAN HAS SHOWN TO THE WORLD WHY HE IS CONSIDERED THE STRONGEST UNDER THE HEAVENS!

BUT WE MUST REMAIN FAIR!

**CLAPPLAUSE!**

WAY TO GO, KID!

MR. SATAN!  
MR. SATAN!  
MR. SATAN!

YEAH!!

WHISTLES!

**WOOOOO!!!**

**CLAP!**

NICE ONE, GOHAN! YOU DID IT!

**CLAP!**

**CLAP!**

YOU AND THE CHAMP WERE AWESOME!

**WOO!**

HERCULE!

YOU WERE THIS COMPETITION'S MVP, KID!

CAN'T WAIT TO SEE YOUR NEXT MATCH, GOHAN!

Huh? R-Really? You want me to say that to them?

Sure! This way you can keep the appearance as the People's Champion, and I can go back to my family with the prize money. Since mum works so hard to take care of me every day, I know she could really use it.

Well played.

That was a smooth move, kid...

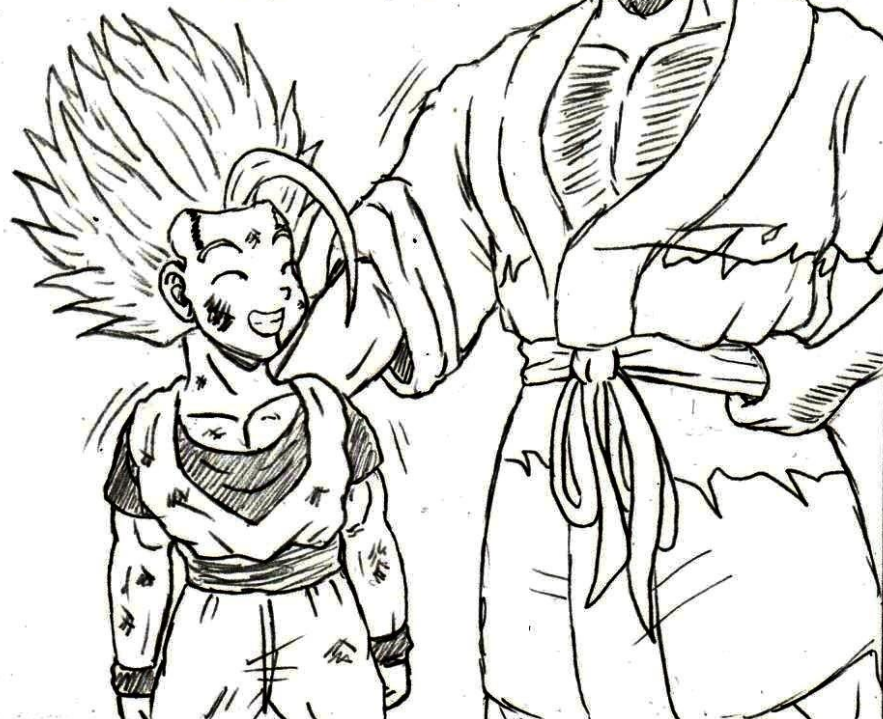

...you can say you held back against me.

Heh. Thanks. Since nobody saw what really happened...

You're a good kid, Gohan! It would be an honour and a privilege to consider you a friend of the family! You AND your group!

HAHAHA!

PAT! PAT!

And hey, it's always good to have a rival in the ring, isn't it?

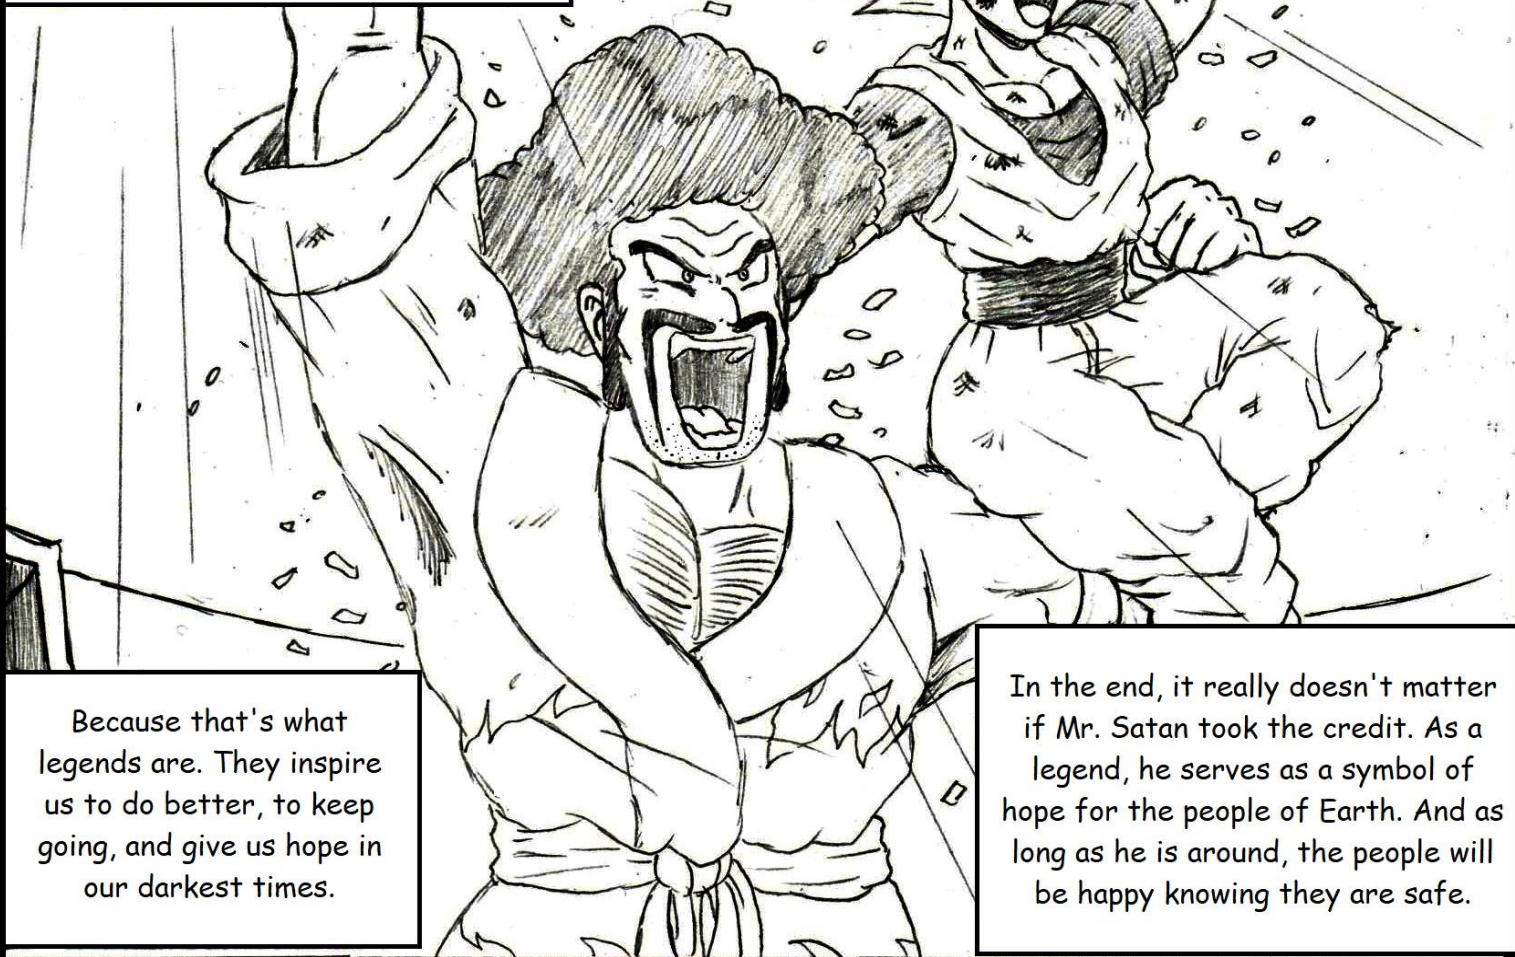

HEH!

Even though he didn't have the same power we had, we never would've beaten Cell if Hercule hadn't been there to help.

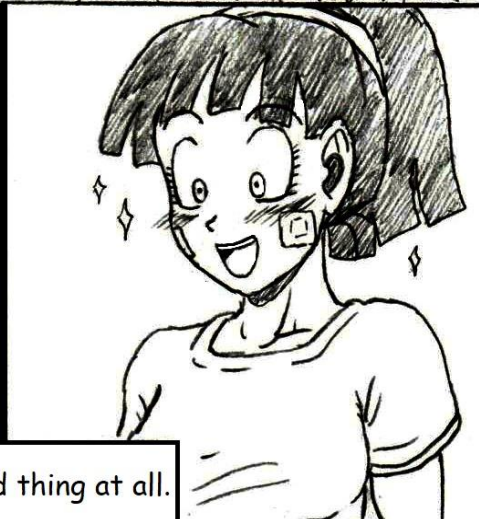

Our victory against Cell wasn't thanks to the efforts of just one person. The truth is... it was thanks to the help of everyone; people from all corners of the world coming together to fight against a single threat.

Even the victory against Bojack and his men today was achieved by many- friends, family and former adversaries working as a team.

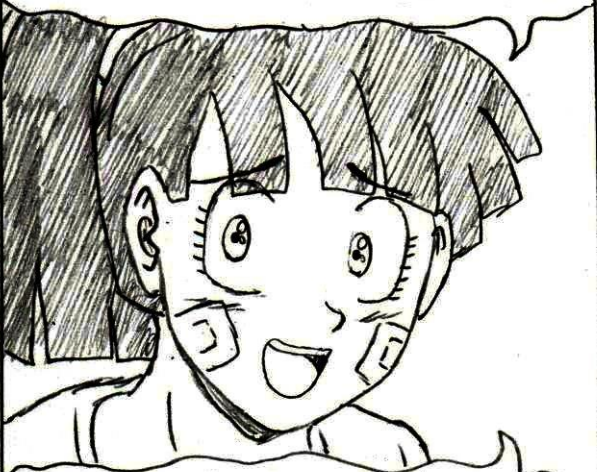

Because that's what legends are. They inspire us to do better, to keep going, and give us hope in our darkest times.

In the end, it really doesn't matter if Mr. Satan took the credit. As a legend, he serves as a symbol of hope for the people of Earth. And as long as he is around, the people will be happy knowing they are safe.

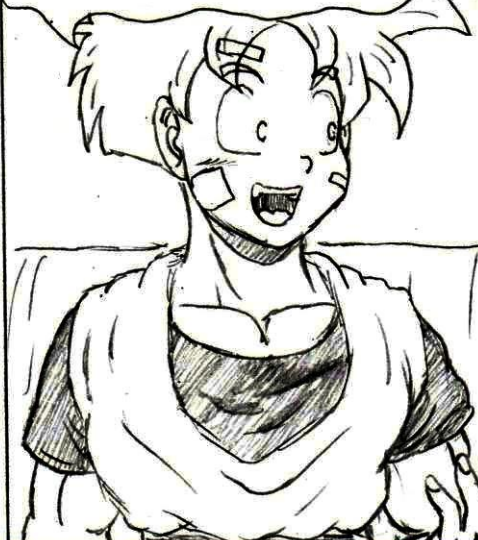

I don't think that's a bad thing at all.

Thanks for telling me, Gohan. I... I feel a lot better now that you have.

I'll be sure to talk to dad afterwards about this... once I get home. I think we need it.

Uh-huh. I just... wanted to let you know that what your dad did... made a big difference.

Wow... so that's why you did that? I... had no idea... my dad really saved you guys.

Oh... and Zangya.

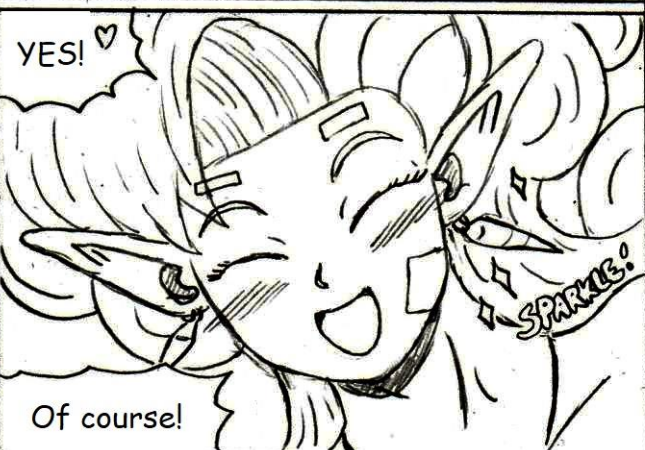

Since you said you would be sticking around for a while... would you like to stay at my place? We have a couple extra rooms... and I'd hate to leave here without at least offering you a roof.

You're new to this world, Zangya. You don't have to pay us anything. You can stay with my family until you find your feet.

Huh? R-Really? You... want me to stay in your house? I... I don't want to impose... plus I also don't have any money. S-So I won't be able to pay you or your family anything...

YES! ♥

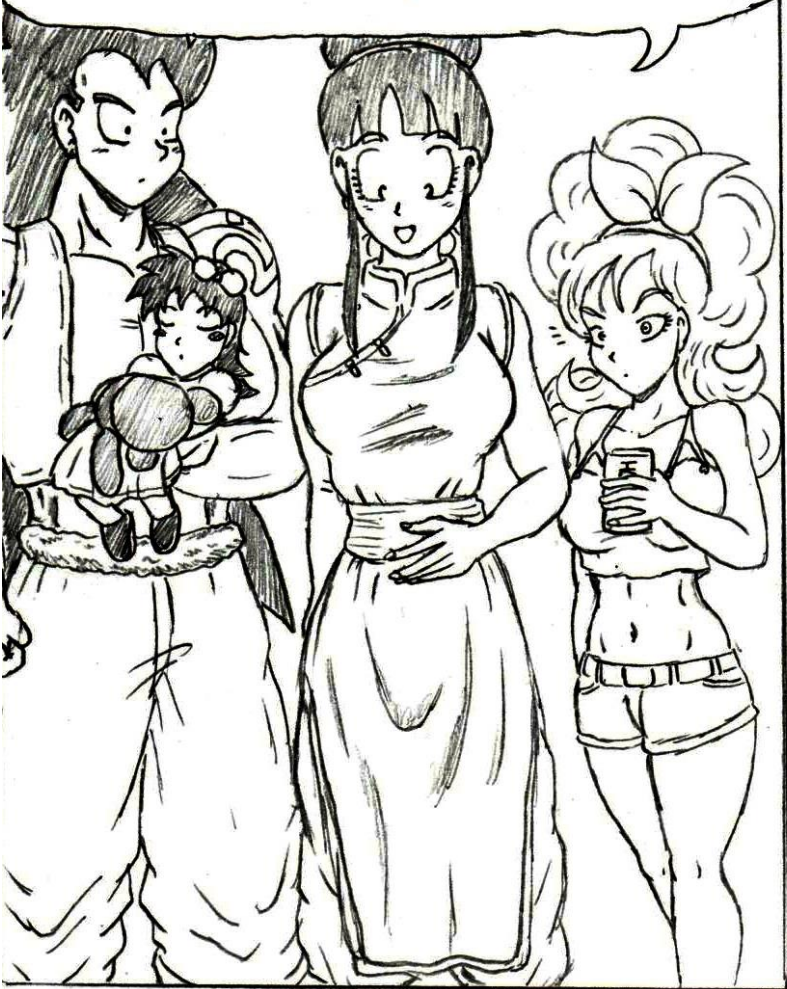

Of course!

So, how about it? It'd be great to have another friend around to spend time with.

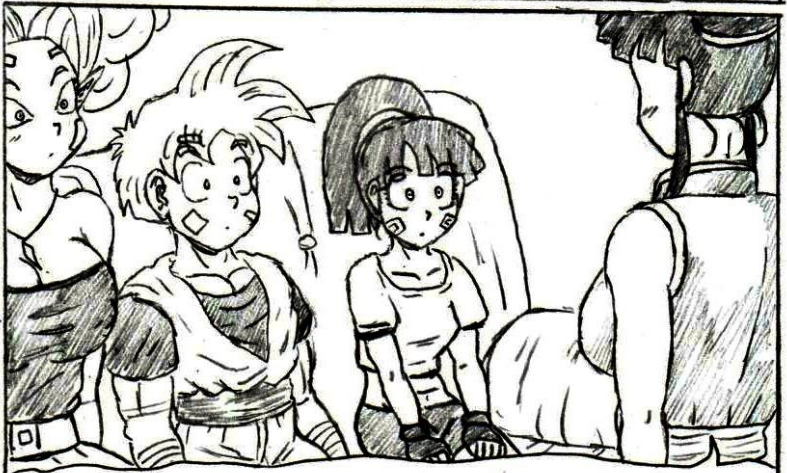

Because even though your dad is no longer around, he did leave one last gift behind for us.

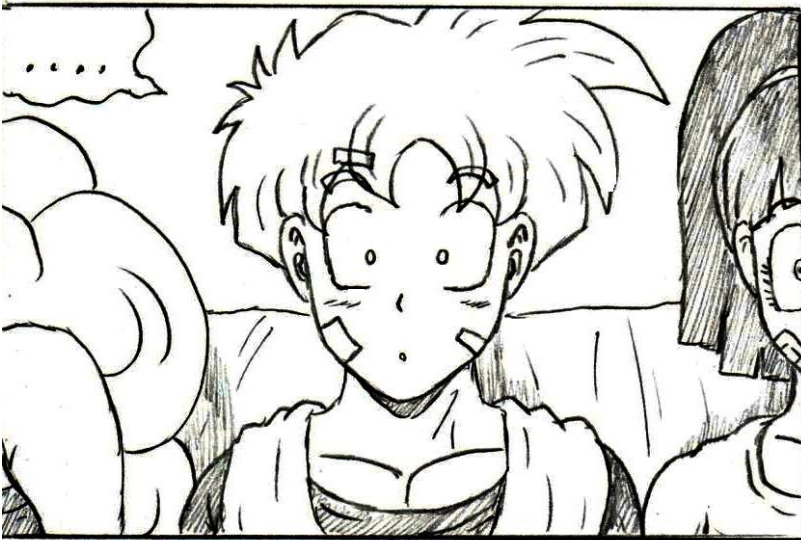

I made a promise that I was going to live my life better...

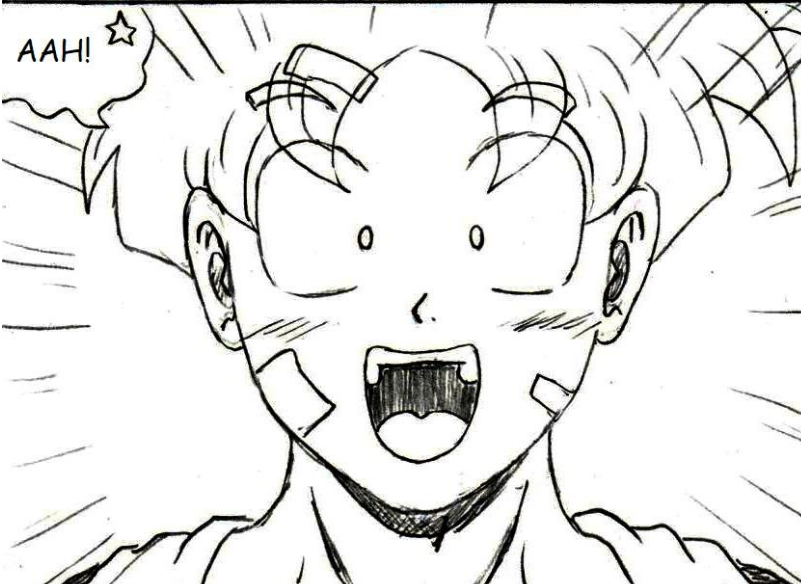

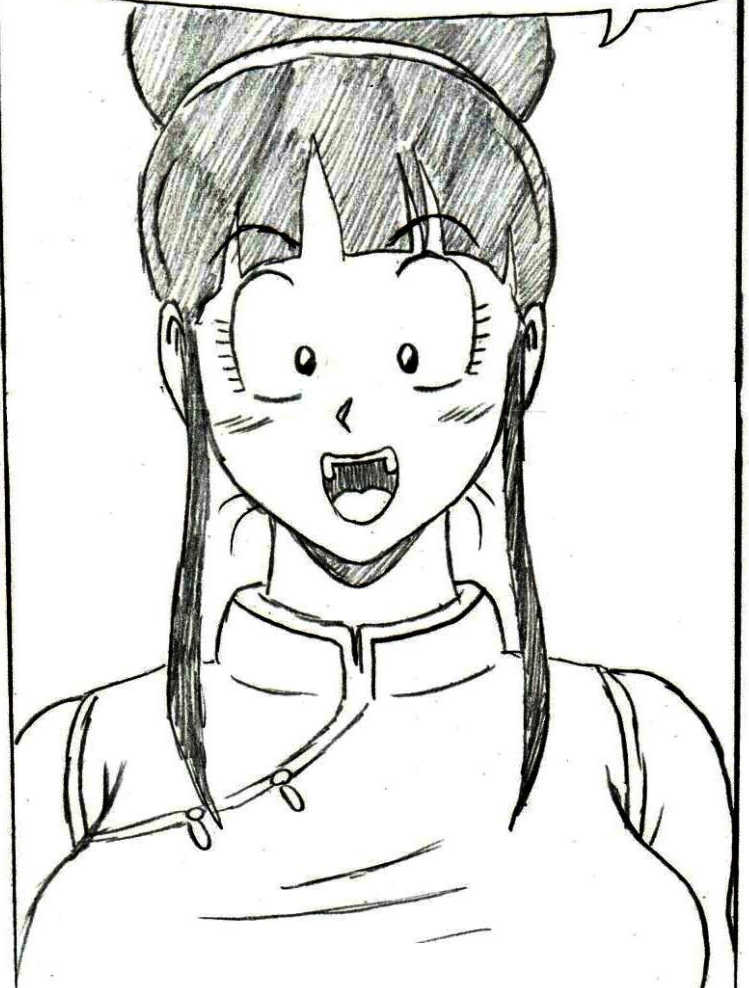

...and I would love it if you guys- my new friends- were a part of it.

Well, I sure hope you have plenty of room in that busy timetable of yours, son.

You're going to be a big brother, Gohan.

AAH! ☆

A new drive.

A new goal.

New friends.

And a growing family.

No future is ever the same, nor is it ever set in stone.

Whatever his destiny may hold, the next chapter of Gohan's story starts here.

Trunks' timeline is proof of this. And now so were the events that'd transpired today.

To be continued....

### Note from author:

"I sincerely hope everyone has been enjoying the story I've written so far. With the conclusion of the **Bojack Unbound Arc**, I will now officially be moving this story into the **Prison Break Arc**- featuring a group of villains, including Moro. As a word of caution, for those who have read the 'Brotherly Love' comic featuring Gohan and Bra from **Dragonball Multiverse**, please do not rely on that comic to predict future events of this story. As of now, I have made significant changes to the future writing of this story, and the story covered in 'Brotherly Love' is now out-of-date and not considered part of this canon any longer. I will be re-writing 'Brotherly Love' in the future with an updated story. Thank you all, and I hope you will enjoy the next coming chapters." -

### Epilogue:

That afternoon, Reina goes out to play with a new friend in the nearby town. Guess who it is...
